CITY AND VICINITY.

PROBS.—Moderate winds, cloudly to fair, slightly cooler weather, with occasional showers.

REMEMBER that J. E. Hutcheson will receive his last lot of fine baskets and plants to-morrow morning.

AUCTION-SALE of Gould & Co.'s Stock, by J. E. Hutcheson, again on Thursday, Friday and Saturday. Must close out at once.

PHILIP PHILLIPS.—Much interest is centred in the coming concert by Philip Phillips and his son. The former is famous as a singer of sacred songs, and the latter is said to have "a fresh strong voice strikingly like that of his father."

THROUGH A GRATING.—A little child name Travers, while playing on the sidewalk, got its little foot through a grating on Johnson street. A crowd collected, but not until the wooden bars were sawn through was the release effected.

PERSONALS.—Rev. Dr. Potts, of Toronto, has arrived in the city to-day on his way to Europe. He sails on Saturday.—Rev. A. A. Smith is visiting friends here, *en route* to Matilda from Napanee.—The Methodist ministers have returned from Conference.

FIRE APPARATUS.—Mr. Neil McNeil has been awarded the contract for supplying a steam pump, laying about 1,400 feet of pipe, and erecting five hydrants, to be used in case of fire, at the Asylum. The expenditure will be between $3,000 and $4,000.

RAILWAY EXTENSION.—Mr. Moak, of the K. & P. RR. extension, is in the city and reports that things in the rear of the county are booming. The work of construction is being pushed forward with rapidity. The black flies, however, have become very annoying.

STRONG CLUE.—Detective Flynn, of the Grand Trunk Railway, has returned to Toronto after investigating the deliberate attempt at train wrecking made near Kingston last week. Mr. Flynn has worked up a strong clue, and it is expected the offender will shortly be arrested.

OPERA HOUSE.—Keene's Company has arrived, and will this evening perform "Rip Van Winkle," which, well played, will never lose its attraction. Mr. Keene, a former Kingstonian, is a rare actor himself, and he has a company which gives him splendid support.

ST. JOHN'S CHURCH EXCURSION.—The "Maud" had about 100 excursionists for Brockville this morning under the auspices of St. John's Church, Pittsburg. A great many were to be taken aboard between Kingston and Gananoque. We hope the trip may be successful. The weather to-day was greatly against it.

ABANDONED IN KINGSTON.—An effort is being made to get Delbert Madden, the blind young man now in the House of Industry, into the Blind Institute at Brantford. He was most heartlessly abandoned by the people of Lyndhurst, Leeds. He was brought to the city by one Copeland at that village, an hotel keeper.

STROKE OF PARALYSIS.—Mr. Geo. Nathaniel Smallridge, carpenter, residing at Williamsville, had a light stroke of paralysis yesterday. He had two previously, the first about 34 years ago, the second three months since. He is expected to recover, but not to be able to resume the active labours in which he has engaged.

DEAD FISH.—There is a great stench at Bell's Island in consequence of the dead fish that have been thrown upon the banks. The fish are larger than those which perished in such large numbers last year, but apparently death has resulted from the same cause. They first turn upwards and then become much puffed out.

DISPLAY OF POMPOSITY.—A dignified official, in a stone building on Clarence street, promises to use all his influence to prevent a certain Tory from getting a Government position, simply because he would not accept a temporary office offered him, which at $800 per year, was more difficult to perform than the said officials at treble the amount.

DIED IN KANSAS.—Advices from Kansas report the death, on Monday last, of Theodore Hinckley, well known in this city. He had been a sufferer for years. His remains will be brought to Cape Vincent for burial. Capt. Hinckley commanded the "Maud" for several years, and was exceedingly popular with all with whom he came in contact.

POLICE COURT.—Patrick Carroll acknowledged his bibulistic offence. He was fined $1 and costs. Three citizens were fined 50cts each for allowing their cows to roam at large upon the public highways. By this time the citizens should know that the pound keeper means business. Grazing in the city is made expensive when he is on the war path.

WIND WAFTS.

From Various Sources and on a Variety of Topics The Week.

—The "Maud," with the Baptists and their friends, will make a trip to Round Island and Alexandria Bay on the 20th of June.

—Aquatics have become popular. Sail boats are to be seen skipping along the harbour in the afternoons.

—Hon. J. C. Pope, Minister of Marine and Fisheries, is in a very critical condition. It is believed that he cannot recover.

—The amount of space occupied by building contractors upon the streets is being reduced in consequence of public complaints.

—The health officers are preparing to summons up those citizens who do not obey the orders to cleanse their premises.

—The marriage of Sara Bernhardt with M. Angelo, who accompanied her during her American tour, is announced to take place on Saturday.

—A copy of the storm signal code, as employed at Lake Ontario stations, has been sent us. Mariners should provide themselves with copies of it.

—The nuisance ground is reported to be in a neglected state. The person in charge has been duly notified by the City Solicitor of his neglect.

—The camp location is now said to rest between Picton and Kingston. It is now Mr. Jas. McCuaig's influence against the superior advantages of Kingston.

—The sitting of the Division Court will be held next Tuesday. Judge Price has selected the City Council Chamber in preference to the Police Court room.

—The nomination of candidates for the representation of Colchester and Picton, in the House of Commons, has been fixed for the 11th inst., and the polling for the 18th.

—Mr. A. Larmer, of Montreal, is making extensive shipments of phosphate from the Ottawa section, his works being under the superintendence of Mr. G. S. Peters, of Kingston.

A Very Wise Proceeding.

To be sure such things are only matters of opinion, but that it is the opinion of a good many that the Primitive Methodist Conference has done a wise thing in extending the possible duration of their pastorate on any given charge to six years. The trite remark that there are two sides to every question, certainly holds good of the itinerate as compared with the permanent system among the clergy. While the former doubtless has its advantages, even to the ministers themselves, the impression seems to be growing that the three year limit is too short to permit a clergyman to reach his full measure of usefulness and to exert the influence in a community which a longer residence and a better acquaintance with the people would ensure to him. There may be instances in which an earlier dissolution of the tie would be equally welcome and grateful to all concerned, but the extension of the maximum time limit would not interfere in such cases, while it would render possible continued usefulness where experience proved that pastor and people were adapted to each other, and where separation would clearly be an untimely and injurious rupture of mutually pleasant and profitable relations.

Striking Shovellers.

About 2 o'clock this afternoon the shovellers of the St. Lawrence & Chicago Forwarding Company, Portsmouth, struck for higher wages. The grain belongs to the company, and the shovellers are only allowed $1 per thousand bushels for transferring it from one barge to another, but this grain being heated and very hard to handle they struck for $2.50 per thousand. The manager would not accede to their demands, and the shovellers marched ashore in a body. Afterwards six of the strikers went back at a raise of 25 cents on the thousand. The grain is that which was brought down by the schooners "North Star" and "Eureka," taken from the schr. "Oliver Mowat." Being greatly heated it was run through the fan in the elevator for cooling, and was again to go through it in order to increase the standard. It is reported that the grain was so warm that the men, barefooted, could not stand in it.

Increase of Trains.

To-day another move indicating progress and prosperity was inaugurated on the K. & P. RR. On account of the increase of traffic on the line it has become necessary to add to the number of trains by two, one running each way daily. Under the new management the freight, which has hitherto been delayed somewhat in transit, will be promptly moved forward. The mail and express train, which arrives here at 10:10 o'clock each morning and leaves at 4 p.m. will carry no way freight and will make the run over the line in one half hour less than has been accomplished in the past. The train not leaving here until 4 o'clock will give the residents from the rear of the county sufficient time to transact all their business in the city and return home the same evening. Mr. John Judge, baggageman, has been promoted to the position of conductor, and will run one of the new trains.

Masonic Reception.

M. W. Bro. Jas. A. Henderson, of Kingston, Grand Master of the Grand Masonic Lodge of Canada, went west this morning to Toronto. To-morrow the Grand Lodge will go Parkdale, where the ceremony of dedicating and consecrating Alpha Lodge will be proceeded with. To-morrow night the brethren of Toronto district will hold a reception in the Horticultural Gardens pavilion in honour of the Grand Master and officers of the Grand Lodge. District Deputy Grand Master Saunders presents an address. A social reunion will then follow. A grand chorus will be rendered by the Masons, and a promenade concert will follow. The reception, says the *Mail*, will eclipse all others ever held in Toronto.

Her rudder was found to be too small, and she has been laid up for a trip in order to have a new one put in. PRIMITIVE METHODISM.

Summary of the Conference Statistics—A Critical Comparison—Final Draft of the Stations.

Conference resumed at 2 p.m. yesterday. Six young men applied for admission into the ministry, viz., G. Stilwell, A. Kaufman, R. C. Burton, W. Edmonds, G. Boundy and P. Jones. They were all received on certain conditions, usual in admissions to the ministry of this Conference.

Mr. R. J. Rason, from the Minto circuit, was not received as a candidate for the ministry.

A letter was sent to the several stations, from which decreases in membership were reported, stating that the Conference was not satisfied with the reasons assigned therefor.

The whole afternoon was taken up with routine Connexional work.

SUMMARY OF REPORTS.

Through the kindness of Rev. W. Bee, General Secretary, we are permitted to present to our readers a full statement of the financial and numerical standing of the Church. The membership has increased by four; it now numbers 8,218. During the year there were 876 removals, many going to Dakota and Manitoba, and consequently being lost to the Church. The deaths only numbered 76, and the balance were dropped or left of their own accord. Had there been no conversions and additions to the Church during the year there would have been a great decrease; but the figures show that no less than 1,274 had been taken into Church fellowship. It will be seen that the 97 ministers of the church have not laboured in vain. The churches number 236, an increase of 6; the parsonages 46, an increase of 2; within the conference bounds there are 165 Sabbath Schools, (an increase of 3 during the year,) with an attendance of 9,280 an increase of 148.

The mission fund amounted to $6,467, an increase of $413. The ordinary income of the ministers is $80,665.59. The value of church property is $881,761, upon part of which there is an indebtedness of probably $30,000.

The book room under the control of Conference shows improvement in the business of the year, and the *Christian Journal*, published under the direction of the Conference, is in a better financial position than it has been for many years past.

DIFFERENCE IN SIXTEEN YEARS.

The correspondent of the *Globe* compares the standing of the church now with what it was when the Conference met here sixteen years ago. The number of self sustaining churches have increased two-fold; the Sunday School work has been equally progressive, and church and parsonage building has kept pace in the advance movement. The various funds of the church have increased annually, until at the present time more than twice the amount is contributed yearly for the objects named by Conference. Perhaps the most marked financial improvement is in the reported amount for the support of the ministry in the churches. Nearly three times the amount is now contributed for ministers' stipends each year as compared with sixteen years ago. The funds of the church are in a healthy condition and on a sound basis.

PERSONAL REFERENCES.

Rev. A. W. Tonge made application for three months' leave of absence.—Granted.

The state of the Rev. J. Garner's health necessitated his supernuation. The Conference placed on record its appreciation of the zealous, successful and self-denying services rendered to the Church by Mr. Garner during the 32 years he has laboured in the ministry. The Conference expressed its hope that the evening of his life might be spent in great enjoyment and comfort, and that he might be long spared to give counsel to the Church, of which he had been such an active minister.

REPLY TO BIBLE CONFERENCE.

The reply to the Bible Christian Conference was read by Rev. P. Code, expressing fraternal greeting. Rev. W. Herridge and W. Treblecock will present the address.

JOURNAL EDITORSHIP.

Rev. J. C. Antliff was allowed $100 for his services as editor of the *Christian Journal* for the past year.

RESIGNATION TENDERED.

Rev. R. L. Ockley tendered his resignation, claiming that he was a "marked man" by the Stationing Committee.—Laid over until this afternoon.

Conference adjourned.

NEWS OF INTEREST.

Jay Gould's income is six millions a year, and he is anxious for more.

—Two hundred and ninety-five spirit licenses have been granted in Montreal since the 1st of July last.

—M. de Girardin has left an odd bequest—$2,000 to each of the three constituencies he represented in the Chamber.

—Prince Bismarck is Knight Grand Cross of sixty-four orders, more than half the existing number of such distinctions.

—Mr. Allnutt, the father of Mrs. Tom Brassey, has left £140,000 to be distributed in charity, at the discretion of his widow and daughter.

—The Minister of Justice has entered an action for $2,000 against the Montreal Cotton Company for some water lots at Valleyfield.

—Dr. Pettigrew, of Belleville, became jealous of a man named Bonnycastle, and practiced revolver shooting on his body. He was arrested.

—The Amalgamation Iron Workers Union of Cincinatti has ordered a strike which will throw 2,000 men out of employment.

—The Hackett Monument Committee want $500 from the Toronto Orangemen, and then the monument of the murdered Hackett will be removed to Toronto.

—A new company is being organized for the purpose of manufacturing grape sugar and glucose in Toronto. The proposed capital is $100,000, in shares of $100 each.

—Mr. W. Stroud, merchant, of Montreal, has sued Dun, Wiman and Co's commercial agency for $5,000 damages for alleged misrepresentations which injured his business.

—At Philadelphia the Michael Davitt branch of the Irish Land League strewed flowers upon the grave of the grandfather of Parnell and on the grave of the mother of Michael Davitt.

—The marriage of the Dean of Durham (Dr. Lake) and Miss Gladstone will take place in London immediately after Whitsuntide, and it is probable that the Bishop of Durham will officiate.

—Mr. Spurgeon recently remarked with grim humor that although he had received many invitations to dinner at the Mansion House he had never gone but once, and three days after he was seized with small-pox.

—Mr. James Gordon Bennet is again reported engaged to be married. The young lady mentioned this time—by the London *World*—is Mlle. Bonsparte, daughter of Pierre Bonsparte, who has resided nearly all his life in the South of France.

—The Rev. Mr. Syvert, the missionary worker at Hull, about whom so much trouble was created of late in the attempt to abduct a convert from his place, has severed his connection with the Methodist Church of Canada.

A Costly Barn.

A costly barn that took two teams all winter to draw the frame. The timber in it is all a foot square, fine, and is built with a swing beam 12x16 through, with double sills. The building is 40x48 purlinge, 10 square, 48 ft. long, 16 ft. post, 21,000 ft. of lumber besides the frame. The barn was built in 1872, on the farm of Wm. David, which is to be sold on 16th June at J. H. Metcalfe's auction room, Market Square, at 12 o'clock noon. The farm is five miles from the city, and there are 2 dwellings and this costly barn and other out buildings, four acres of an orchard in blooming order. Go and see the place and attend the sale on 16th June at Metcalfe's auction rooms.

A healthy man never thinks of his stomach. The dyspeptic thinks of nothing else. Indigestion is a constant reminder. The wise man who finds himself suffering will spend a few cents for a bottle of ZOPESA, from Brazil, the new and remarkable compound for cleansing and toning the system, for assisting the digestive apparatus and the liver to properly perform their duties in assimilating the food. Get a 10 cent sample of ZOPESA, the new remedy, of Heath & Gunn, or Henry Wade. A few doses will surprise you.

Z. PREVOST, at the New York Clothing Store, has reduced prices for his ordered suits. $18 suits have been reduced to $16.50. His $16.50 suits reduced to $15. All other light summer tweeds are reduced in proportion, as his intention is not to carry spring or summer tweeds from one season to another. Remember he guarantees a good fit and trimmings the same as regular prices.
