NAPANEE ITEMS.

Progress of Glass and Brush Factories—No Prices Fixed.

Business has not been as brisk in Napanee for years as this season.

The new glass factory is rapidly approaching completion and the workmen are now busy putting in the necessary machinery. Probably operations in glass making will be commenced next month. Over a thousand tons of coal, with considerable other raw material has already been laid in, and a number of skilled glass workers are now engaged in the preliminaries. To give some idea of the extent of the buildings already erected we may state that about 300,000 shingles have been used for roofing purposes, and over a quarter of a million feet lumber consumed in the building. There will probably be an outlay of over $50,000 on the premises before they are set in motion.

The new brush factory building is nearly complete and the works will probably be moved in it in a few days. The Brush Company began operations in Napanee about three years ago with a dozen or fifteen hands. Over sixty are now employed and the present premises are found too small for any further extension. In the new building, just being completed for the company by Sir Richard Cartwright, there will be ample room, however, and probably a hundred hands will be at once employed.

The grain elevators are being nearly all improved, and some of them enlarged this year. The prospects are for a very large grain trade, especially in barley, this fall as the crop in the vicinity is unusually large, and most of it is now ready for market. Prices, so far, do not seem to be fixed and consequently very little is coming in. There will be a rush soon, however.

There are extensive building operations in progress. Over twenty good substantial buildings are being erected in Napanee this season, some of which are fine business blocks. More are projected, but it is not possible to secure mechanics or material for other buildings for some time to come.

LENNOX REFORMERS.

Annual Meeting Held Yesterday—All the Old Officers Re-elected.

Napanee, Sept. 7.—The annual meeting of the Lennox Reform Association was held in the Town Hall, Napanee, on Tuesday afternoon. There was a good attendance of Reformers from all parts of the riding. The President, Mr. A. L. Morden, in the chair, opened the meeting for business.

The filling up of Committees for each sub polling division was completed, no one being placed on the Committees but those who were known to be active Reformers.

Mr. T. S. Stephens, an old Reformer, was called on by the Chairman to address the meeting, which he kindly consented to do. He spoke of the necessity of united active efforts in fighting the syndicate at the polls. Reformers would have to fight to overcome the huge monopoly. He for one was prepared to come forward and do his part to fight the foe. To successfully battle with it they had to support a Reform organ.

Mr. W. F. Hall said it was a shame for the Reformers of Lennox to allow a Reform journal to go down. They had now a paper they ought to support. It was in good hands.

The officers for last year was re-elected. They are:

President—Mr. A. L. Morden.
Secretary—Mr. T. W. Casey.
Treasurer—Mr. W. Piller.

Hon. Mr. Wood was expected to have been present but other engagements prevented his attendance.

An invitation will be sent to the Hon. A. S. Hardy to address the electors of Lennox on the questions of the day.

Some valuable suggestions were also made in regard to the establishment of one or more young men's Reform clubs in the county, as a counteractive to the juvenile Tory clubs which are called by other names.

Holloway's Ointment and Pills.

Sudden changes of temperature sorely try all persons prone to rheumatism, sciatica, tic doloreux, and many maladies scarcely less painful, though of shorter duration. On the first attack of stiffness or suffering in any muscle, joint or nerve, recourse should immediately be had to fomenting the seat of disease with hot brine and rubbing in this remarkable Ointment, which will assuage the uneasiness of the part, subdue inflammation, and reduce the swelling. The pills, simultaneously taken, will rectify constitutional disturbances and relieve the strength. No remedy heretofore discovered has proved so effective as the Ointment and Pills for removing gouty, rheumatic, and scrofulous attacks, which afflict all ages, and are commonly called hereditary.

Catarrh, Asthma and Cough

From C. W. Thomas, of Battleboro', Vt.

"For ten or twelve years past I have been troubled much of the time with Catarrh, which has kept up a continual irritation of the throat and lungs, attended with a severe cough. During this time I have tried many of the popular remedies of the day without the least benefit. The past winter I commenced the use of Dr. Wistar's Balsam of Wild Cherry, the beneficial effects of which have been very great, as after having used three bottles I find myself entirely cured of my disease. The Balsam has also been used in a severe case of asthma and cough which came within my observation, which yielded at once to the remedy. I recommended its use to the afflicted generally."

50 cents and $1 a bottle. Sold by all druggists.

Has Stood the Test.

N. H. Downs' Vegetable Balsamic Elixir has been in use for half a century in the United States and Canada; and the thousands who have used it have never found it to fail, as a certain and speedy cure for coughs, colds, croups, asthma, diseases of the lungs and consumption. The inventor has been blessed by thousands as a benefactor of humanity, and when half a century more shall have gone by his name will still be a household word, while many of the great names now so honored and revered shall be forgotten. The fame of the Elixir, so long ago established, gains wider renown each year, for all who use it spread abroad the news of its efficacy more effectually than any medium of advertising could do.

Never Give Up.

If you are suffering with low and depressed spirits, loss of appetite, general debility, disordered blood, weak constitution, headache, or any disease of bilious nature, by all means procure a bottle of Electric Bitters. You will be surprised to see the rapid improvement that will follow; you will be inspired with new life; strength and activity will return; pain and misery will cease, and henceforth you will rejoice in the praise of Electric Bitters. Sold at fifty cents a bottle, by all druggists.

The New Story.

Not a tale of failure or disappointment, not the old story of the victim of caustic applications and evils attending their use, but the new story of success of freedom from pain and consequently absence of spots left in the flesh. Putnam's Painless Corn Extractor gives inspiration for happier reports, and sufferers from corns need not hesitate to try it. Sold by all druggists in Kingston and by N. C. Polson & Co., agents for Ontario.

As a Family Medicine Dr. Carson's Stomach and Constipation Bitters are rapidly taking the place of pills, they are equally effectual, do not gripe, weaken, or produce nausea and are purely vegetable. In large 50c. bottles at 50 cents. For sale by all druggists.

HINCHINBROOKE COUNCIL.

The Hinchinbrooke Council met on the 13th as per adjournment. Members all present. The minutes of the former were read and approved of.

A statement was read from the County Clerk demanding for county purposes from this municipality, $1137.85.

On motion of Mr. Godfrey the petition of R. Craig was laid over until the next meeting.

On motion of Mr McKeever the Clerk was authorized to bill the Township of Portland for the amounts paid to the School Sections for 1879 upon land upon which there were no goods nor chattels to distrain for taxes.

On the petition of Mr. Robert Killins et al, praying to have the encumbrance removed from the road allowance between lots 10 and 11, in the second concession west of the Frontenac Road.

On motion of Mr. Goodfellow it was decided that no more encumbrance be allowed on the said road allowance.

A By-law was passed to dissolve Union School Section No 7 of Hinchinbrooke and No. 15 of Portland.

Moved by Mr. Goodfellow that the change of road asked for by John Hill be not made at present.

Moved by Mr. Godfrey that $15 be expended on the road between lots 1 and 2 in the 8th concession.—Carried.

The application of William Anderson, to lease a certain road way for mining purposes, was accepted on condition that the Township of Bedford accepted the same.

On motion of Mr. Goodfellow a special grant of $60 was made towards the repairs of the Parham School.

Moved by Mr. Killins that $200 be granted for the general repairs of roads; $40 to be expended in each of the five divisions under the superintendance of the Councillors and Reeve.

On motion of Mr. Goodfellow 1½c. on the dollar will be levied and collected from all the rateable property for township, county and school purposes, a by-law being passed confirming the same.

Moved by Mr. Godfrey that the Reeve sign an order on the Treasurer to the trustees of Union schools No. 7 and 15 for $16, due from 1879.—Carried.

Moved by Mr. Godfrey that this Council appreciate the conduct of Mr. D. D. Calvin, M.P.P., in his attempt to get a fair and equitable law passed, and hope he will be successful in his undertaking.—Carried.

Moved by Mr. Godfrey, that an order be granted to Wm. Black for $20, balance due him on his salary as Assessor for 1881; also for $1 for clearing the road after a winter storm.—Carried.

The Council adjourned till the 7th October.

Fever and Ague.

Are you troubled with Ague, Chills and Fever, Bilious Fever, Remittent or Intermitting Fever, Night sweats or any disease that comes from Malaria or disordered Liver and Hot Suns? If so, procure a bottle of Green's Ague Conqueror, which is an acetic extract of strong tonic roots, combined with Sulphate of Magnesia, etc., and positively contains no Quinine, Arsenic or other poisons. It purifies the blood, cleanses the liver, spleen and other secretive organs so effectually that the chills will not return. We have never found any case of Fever and Ague it will not cure. Price, 50 cents and $1.00 per bottle. One large bottle has cured as many as five in one family. Sold by all druggists and dealers everywhere.

See to it!

Zopesa (from Brazil) will cure the worst case of dyspepsia. A single dose will relieve in a degree that shows its wonderful curative powers and its peculiar action upon the stomach and digestive organs. It is a positive and absolute cure for costiveness and constipation, acting in a remarkable way upon the system, carrying off impurities. As a liver regulator its actions are most remarkable. It tones and stimulates the liver to action, it corrects the acids and regulates the bowels. A few doses will surprise you. Sample bottles 10 cents, at Wade's, or Heath & Gunn's drug stores.

Summer Complaint.

This wasting and troublesome complaint, which, when neglected, becomes dangerous, is removed gradually and without the slightest pain, by Herrick's Sugar-Coated Vegetable Pills, which overcome all internal ailments, and purge the system of all impurities. They never fail and are sold everywhere.

Dr. Carson never claimed for his Stomach and Constipation Bitters any Miraculous Power of Healing, but with the quiet consciousness of their medicinal virtues he prescribes them to all those who suffer from any derangement of the Stomach, Bowels, Liver and Kidneys. In large 8 oz. bottles at 50c. For sale by all druggists.

Horace Seymour writes:—Perry Davis' Pain Killer as a family cure all has been in constant use in my household for a long term of years, and I would never desire a better one. It never fails me. I call it the "Old Reliable."

KANT AND HIS ENGLISH CRITICS

A Comparison of Critical and Empirical Philosophy.

By

JOHN WATSON, M.A., LL.D.

Professor of Moral Philosophy in Queen's University, Kingston.

The chapter on "The Metaphysics of Nature" consisting of an admirable analysis of Kant's "Metaphysische Anfangsgründe der Naturwissenschaft" is a distinct boon conferred upon the English reader.

The book is in all respects to be welcomed. It is the work of a fully equipped philosophical writer, and contains much vigorous writing and sound reasoning on ultimate metaphysical problems. His book represents much power both of thought and of statement, and all students of Kant will recognize his thorough mastery of the system he expounds.—*Scotsman, Edinburgh.*

It is a clear disentangling of some of the labyrinthive perplexities of the great German philosopher. The writer adds a precision of thought and a lucidity of language which admirably fit him for the task. We find here a completion, as well, as a correction of Kant's thought, so that one may feel dispensed from reading Kant at all.—*Chicago Times.*

We know no more vigorous bit of philosophical writing than Dr. Watson's statement of the contrast between criticism and dogmatism of the transcendental method, and of the object and method of Kant's critique. We lay special stress upon this chapter, as it deals with the main issue between great schools of thought.

As regards the theory of knowledge of Mr. Lewes, Dr. Watson's criticism is most incisive and conclusive. The system of Herbert Spencer has come to bulk so largely in the public mind and has been accepted so generally by physicists, that a really effective examination and criticism of it would be a great public service. This, from his own point of view, Dr. Watson does most effectively. We hope that this part of his work will be studied by those who have done so much for the extension of that crude system which does duty for philosophy in so many quarters at the present time. The book is certainly able to the last degree.—*Aberdeen Free Press.*

We have had two able contributions to the study of Kant from Professor Caird and Professor Adamson, and when we say that this book by Dr. Watson may fairly take its place beside these as guides and instructions to a field of philosophy, now to many English students, we have said the very best we can say of Dr. Watson's work, and what will commend it to those who have learned from Caird and Adamson.

There is in this work a true philosophic spirit, a calmness in the handling of the topics that befits the theme and which all faithful students of Kant must carry away as one of their first lessons. There is very considerable light thrown upon certain Kantian profundities.—*Edinburgh Daily Review.*

Whilst defending Kant against misunderstanding and misrepresentation he takes his own independent course and, like a true philosopher, refuses to accept any man's *ipse dixit*, however eminent his position or great his services.—*Leeds Mercury.*

Ayer's Cherry Pectoral,

FOR DISEASES OF THE THROAT AND LUNGS, SUCH AS COUGHS, COLDS, WHOOPING COUGH, BRONCHITIS, ASTHMA AND CONSUMPTION.

The few compositions which have won the confidence of mankind and become household words among not only one but many nations, must have extraordinary virtues. Perhaps no one ever secured so wide a reputation, or maintained it so long as Ayer's Cherry Pectoral. It has been known to the public about forty years, by a long continued series of marvelous cures, that have won for it confidence in its virtues, never equalled by any other medicine. It still makes the most effectual cures of Coughs, Colds, Consumption, that can be made by medical skill. Indeed, the Cherry Pectoral has really robbed these dangerous diseases of their terrors to a great extent, and given a feeling of immunity from their painful effects, that is well founded, if the remedy be taken in season. Every family should have it in their chest for the ready and prompt relief of its members. Sickness, suffering, and even life is saved by this timely protection. The prudent should not neglect it, and the wise will not. Keep it by you for the protection it affords by its early use in sudden attacks.
