## KINGSTON PENITENTIARY.

Observations of One Who Corresponds With the "Mail"—Interesting Visit.

(Toronto Mail.)

A correspondent writes as follows in reference to the penitentiary at Kingston: The buildings themselves are so well known throughout the country that they require no description. In the penitentiary the first visit made was to the tailoring and shoe departments, where a large number of convicts were found busily employed, but none seemed to notice the entrance of strangers. The tailors were at work on one side and the shoemakers on the other, while an overseer passed up and down the centre, keeping a vigilant eye on those employed. The next place visited was the stone masons' department, where a lot of men were employed cutting and finishing blocks of granite for the new building now in the course of erection in the centre of the grounds. This building is to be used chiefly for getting up heating and water power for the main building. The foundry and machine shop are not under the control of the Government, having been let to a contractor. Some fine work is turned out from those shops. In the clothes repairing department were found several men busily engaged in repairing the clothing worn by the convicts. Each prisoner is allowed two winter and two summer suits. When one suit gets torn or dirty it is thoroughly washed and put into good repair. Probably the most useful articles in the institution are the bath tubs, and the convicts are compelled to take a bath at least once a week. The kitchen is a well-arranged apartment, looking clean and tidy. Off the kitchen may be found the dining room, which is very large, with rows of white pine tables, at each of which thirteen sit down at a time to a quarter of a loaf of bread, a large tin of soup, a good-seized piece of beef, and some potatoes. At present there are over six hundred convicts in the penitentiary, old and young, with a few coloured persons among them. Of the six hundred already named, about forty-two are women. Taking the institution all through, everything appears to be clean and in good order, and the affairs are conducted by reliable, trustworthy officers.

### Lecturers' Rights.

Hon. Mr. Justice Rainville rendered judgment in the case of Bray vs. Davins. The action was brought by the plaintiff to recover $3,500 damages by the defendants' publication of a lecture on "Ireland," delivered by the plaintiff. It was further stated that the plaintiff suffered great ridicule on account of the lecture being interspersed with advertisements of patent medicines. The only question there was as to the damages, and he had decided to award $200 and $100 for the ridicule occasioned by the advertisement. The judgment was, therefore, for $300. An appeal is spoken of.—*Montreal Witness.*

NEW AND RECHERCHE.—The most exquisite little toilet gem extant for the teeth and breath is "TRASBERRY." Sample 5 cents.

AS A FAMILY MEDICINE Dr. Carson's Stomach and Constipation Bitters are rapidly taking the place of pills, they are equally effectual, do not gripe, weaken, or produce nausea and are purely vegetable. In large 8oz. bottles at 50 cents. For sale by all druggists.

### Be Prepared.

Many of the worst attacks of cholera morbus, cramps, dasentery and colic come suddenly in the night, and the most speedy and prompt means must be used to combat their dire effects. Dr. Fowler's Extract of Wild Strawberry is the remedy. Keep it at hand for emergencies. It never fails to cure or relieve.

### Free of Cost.

All persons wishing to test the merits of a great remedy—one that will positively cure consumption, coughs, colds, asthma, bronchitis, or any affection of the throat and lungs—are requested to call at J. G. King's drug store and get a trial bottle of Dr King's New Discovery for consumption, free of cost, which will show you what a regular dollar-sized bottle will do.

### A Safe Remedy.

Many medicines check too suddenly attacks of bowel complaints, including dangerous inflammation. Dr. Fowler's Extract of Wild Strawberry cleanses strengthens, and heals the diseased and weakened mucuous surfaces of the stomach and bowels, and safely cures every form of summer complaint.

### Honored and Blest.

When a board of eminent physicians and chemists announced the discovery that by combining some well known valuable remedies, the most wonderful medicine was produced, which would cure such a wide range of diseases that most all other remedies could be dispensed with, many were skeptical; but proof of its merits by actual trial has dispelled all doubt, and to day the discoverers of that great medicine, Hop Bitters, are honored and blessed by all as benefactors.—*Democrat.*

### Farmers and Mechanics.

If you wish to avoid great danger and trouble, besides a no small bill of expense at this season of the year, you should take prompt steps to keep disease from your household. The system should be cleansed; blood purified, stomach and bowels regulated, and prevent and cure diseases arising from Spring malaria. We know of nothing that will so perfectly and surely do this as Electric Bitters, and at the trifling cost of fifty cents a bottle—*Ex.* Sold by J. G. King.

### See to It!

Zopissa (from Brazil) will cure the worst case of dyspepsia. A single dose will relieve in a degree that shows its wonderful curative powers and its peculiar action upon the stomach and digestive organs. It is a positive and absolute cure for costiveness and constipation, acting in a remarkable way upon the system, carrying off impurities. As a liver regulator its actions are most remarkable. It tones and stimulates the liver to action, it corrects the acids and regulates the bowels. A few doses will surprise you. Sample bottles 10 cents, at Wade's, or Rath & Gunn's drug stores.

### Out of Doors!

Pure air and proper out-door exercise tend greatly to the prolonging of life. Live out of doors of much as possible, it will hurt no one where proper precautions are observed. A distinguished writer on health was in the habit of saying: "However bad the air may be out of doors, it is always worse in the house." People shorten their lives by too close confinement in-doors. To those whose daily employment necessitate being most of the day in-doors, we would say be sure and keep N. H. Down's Vegetable Balsamic Elixir at hand. You are extremely liable to be troubled with coughs, colds and lung disease, and no safer or more reliable remedy can be taken.....It costs but little to try it.

### August Flower.

The most miserable beings in the world are those suffering from dyspepsia and liver complaint. More than seventy-five per cent of the people in the United States are afflicted with these two diseases, such as sour stomach, sick headache, habitual costiveness, palpitation of the heart, heartburn, waterbrash, gnawing and burning pains at the pit of the stomach, yellow skin, coated tongue and disagreeable taste in the mouth, coming up of food after eating, low spirits, &c. Go to the druggist and get a 75 cent bottle of August Flower or a sample bottle for 10 cents. Try it. Two doses will relieve you.

## A SAMPLE MEETING.

A Lively Convention on the Day Following the President's Funeral.

On Tuesday the convention of the First Assembly District of the county of Oswego, N.Y., was held. The convention was called to order by John T. Mott, Chairman of the District Committee, who nominated as temporary Chairman A. C. Mattoon, of Oswego. H. C. Howe, of Volney, moved that D. N. Gardner, of Fulton, be made temporary Chairman. The Chairman (Mott) immediately declared that his nomination was not subject to amendment or substitution.

Howe then put the motion of substitution, which was carried by a clear majority. Mott then put his motion and declared it carried, though evidently voted upon by a minority. He did not put the negative.

Mr. Gardner, one of the newly elected chairmen, ascended the platform at one end and commenced the business of the convention, and in a moment after, Mr. Mattoon ascended at the other end, and as chairman, commenced to put motions to the other part of the convention. Each side selected Secretaries, and amid a perfect babel of confusion, rolls were called, delegates elected and resolutions adopted.

The half breeds, who elected Gardner, seemed to have their affairs in hand better than the Stalwarts, and proceeded to the election of delegates promptly, while the Stalwarts endeavored by shouting "no" to every motion, and Mattoon by drumming and pounding with his gavel, to drown out the action of the half-breeds. A mob from the city and surrounding towns participated in the general yelling and hooting. Even the resolutions of sympathy for the dead President's family were hooted at, and hisses, jeers and groans nearly drowned the stentorian tones of Mr. F. B. White, who read them.

Prominent among the half breeds were such representative men as Hon. George B. Sloan, Mayor A. H. Failing, ex-Mayors E. J. Hamilton and B. Doolittle.

## SATURDAY'S GLEANINGS.

The Garfield fund now amounts to $528,457.86.

It is now intimated that J. Burr Plumb wrote "The Beautiful Snow."

Phylloxera has attacked the German vineyards, and that favorite vintage, the Radesheimer, is threatened.

The engineers of the Toronto and Ottawa Railway have struck a valuable bed of phosphate in Lanark county.

While drunk the foreman of the Auburn mills, Peterboro, fell overboard from the str. "Norseman," and was drowned.

The *Christian Guardian* believes that it is a sin for a telegraph operator to despatch a message he knows to be false.

Ex-Ald. Clancy, of Ottawa, hopes to have the model of his flying machine completed by the end of the present week.

It is estimated that nearly one half the buildings destroyed by the fire of the 8th of June last at Quebec, have been re built.

Henry Ward Beecher has been using his slate and pencil, and as he figures it out three fourths of the inhabitants of heaven are women.

The little Scotch cutter "Madge" has won both races sailed with American yachts at New York. She is proving herself mistress of her class.

A young man named Hughes is under arrest at Ottawa for having maliciously damaged $700 worth of type in the *Herald* office.

A telegram from New York to England says that O'Donovan Rossa has offered to cease agitation against British steamship companies if he is paid a salary of $25 a week.

A cigar-maker in New York, the other day, tried to shoot a dummy in a dress maker's window. He was drunk and thought it was his mother-in-law.

A Dallas paper says a society has been established in that city for the prevention of cruelty to animals with upwards of 9000 in the bank. What kind of an animal is that which is so respectable.

It seems that the Government cannot aid the sufferers by the bush fires in Renfrew and Simcoe because there is no appropriation. The County Councils and private benevolence will have to extend aid.

The elopement of Martha Neally, the richest heiress of Clermont county, Ohio, with Dr. John McDonald, an already married man, was noteworthy from the fact that the girl's mother accompanied the couple in their flight.

A large new locomotive, with drive wheels six feet in diameter, was turned out of the Grand Trunk workshops, at Montreal last week. This engine is the largest on the line and has already made splendid time.

Sir Richard Cartwright is to visit Western Ontario very shortly, and intends meeting his constituents of Centre Huron at several central points. The first meeting will be held at Lucknow on Oct. 13th, and at Smith's Hill and Brucefield subsequently.

BUCKLEN'S ARNICA SALVE.—The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns, and all kinds of skin eruptions, and positively cures Piles. This salve is guaranteed to give perfect satisfaction in every case or money refunded. Price 25 cents per box. For sale by J. G. King.

DR. CARSON never claimed for his Stomach and Constipation Bitters any Miraculous Power of Healing, but with the quiet consciousness of their medicinal virtues he prescribes them to all those who suffer from any derangement of the Stomach, Bowels, Liver and Kidneys. In large 8 oz. bottles at 50c For sale by all druggists.

### A Hint.

Ask your druggist, grocer or shopkeeper for a bottle of PAIN-KILLER. If he passes it down without ceremony ask him while extracting the quarter dollar from your wallet, if this is the genuine made by PERRY DAVIS & SON.

### Ask your Neighbors about Them!

And if they have used HARWELL'S CONDITION POWDERS mixed with the feed of their poultry, hogs or cattle, they will at once say they have resulted in more eggs, more meat, more milk and more butter than previously realized. Sold everywhere.

### Would Not be Without It.

One who has fairly tested Dr. Fowler's Extract of Wild Strawberry, though prejudiced against proprietary medicines in general, writes: "I would not rest over night without this reliable remedy for sudden attacks of cholic, cramps and cholera morbus so prevalent in the summer season. I keep a bottle ready at hand.

### He Did.

Job went pretty heavily into the boil business, and the venture was a complete success. This reminds us that PERSIAN'S PAIN-LESS CORN EXTRACTOR is another success, and that it gives more comfort to the world than Job's boils did. Remember the name then, for the little playful corn cometh, and the remedy therefor will gladden the heart. Positively sold by all druggists in Canada, and by N. C. Polson & Co., agents for Ontario.
