The European Conference.

Paris, Jan 2.

It is now more than likely that both the Turkish and Grecian Governments will participate in the proceedings of the proposed conference. It is given out to-day that Alexandre Rigo Rangabe, the noted Grecian poet, will represent Greece, and Fued Pacha, Turkish Minister of Foreign Affairs, will represent the Sublime Porte.

London, Dec. 2.

Late telegrams from Hong Kong confirm the re-establishment of the Mikado at Jeddo.

Paris, Jan. 2.

At the New Year's reception the Emperor told Senor Olozaga, the Spanish envoy, to convey to his government the warmest wishes both of himself personally and of France, for the happiness and prosperity of Spain.

Rome, Jan. 1.

This morning high mass was celebrated in the Church of St. Peter, in the midst of an immense concourse of people. At the end of the ceremony his Holiness the Pope gave the universal blessing, Urbi et orbi.

London, Jan. 3.

The Conference on the Eastern difficulty will meet at Paris on the 9th of January. It is said, should its deliberations prove abortive, Russia will demand strict non-intervention on the part of the European Powers in the quarrel between Greece and Turkey.

Madrid, Jan. 3.

The city is perfectly quiet.

Constantinople, Jan. 1.

Confidence in the restoration of amicable relations with Greece prevail among all classes. To-day the English, French, and Russian Ambassadors paid a visit to Fuad Pasha, who said that all differences with Greece were nearly adjusted.

Alexandria, Jan. 1.

The Viceroy of Egypt has recalled under the flag all the navy and army officers who were absent on furlough. He has, at the same time, completed his contingents, so as to be ready to take the field should the Eastern question endanger the peace of Europe, and the integrity of his possession.

London, Jan. 2.

The following articles were agreed to between Lord Clarendon and Mr. Burlingame:

That it was necessary to observe existing treaty stipulations.

That all negotiations should be conducted with the central government and not with local authorities.

That before the inauguration of war, disputes should be referred to the home government.

Lord Clarendon has issued instructions to British agents in China to act in accordance with the spirit and with the objects above explained, and moreover to caution British subjects to pay due respect not only to the laws of China, but also to respect the usages and feelings of the Chinese people.

RUSSIAN SEVERITIES IN POLAND.—Russia is vigorously and relentlessly crushing out everything in Poland that marks its nationality. Many young Polish couples who would not submit to a Russian marriage service have been secretly married at Sofipol, by a saith who, until recently, did a very good business. The Russian authorities found him out, and sent him to Siberia. The marriages made by him were declared illegal, and the unlucky young husbands have been enrolled in the army. Even baptisms must be done a la Russe. The peasants think there is no saving efficacy in this, and the Christian ceremony is often performed at the very point of the bayonet. The Catholic inhabitants are in some districts, escorted to church by soldiers and police officers, so resolutely do they resist the introduction of the Russian language and semi-Greek services into their Church service.

The Prussian Government seems to be growing as tyrannical as that of Russia in its mode of treating its Polish subjects. An ordinance has been issued, in virtue of which the names of the streets in Pomerania and other provinces, acquired at the time of the dismemberment of Poland, are to be Germanized.

Notes and Queries.

A telegram from Yankton, Decota, (U.S.,) says:—The Hon. Enos Stutsman's bill, conferring upon women the elective franchise and eligibility to office, passed the House to-day by a large majority.

The New York Herald recently got up a story that G. W. Brega, of Washington, had been appointed agent by the Dominion Government for the purpose of carrying Reciprocity. The Dominion Government does a great many foolish things, but surely it has not done that. Any action of our Government in Washington except open, above-board negotiation would be a blunder of the worst kind.

Among noted and eminent persons death was unusually busy in 1868. Thus in Canada we mourn Thos. D'Arcy McGee, Bishop Fulford (Metropolitan), Sir Henry Smith and Dr. Parker. In Britain, we have to chronicle the removal of such men as Lord Brougham, Sir Edmund Head, Dr. Lushington and Samuel Lover, and of the Duchess of Sutherland, the Marquis of Hastings, Benjamin Guinness. In the United States, Thaddeus Stevens and James Buchanan. In the high walks of continental life there were lost Berryer, Walewski, Rothschild and Rossini. In Africa, Theodorus.

CAPT. PRINCE AND THE LEADER.—Capt. Prince has no great reason to be dissatisfied with the result of his libel suit against the Toronto Leader. The jury disagreed upon the point of malice; but was unanimous in holding the alleged libel to be false. The opinion of the jury on that, coupled with the admission of the defendant, sufficiently advertises the falseness of the slander which gave occasion for the libel suit; and is about all that Capt. Prince could expect. Even if he had obtained a verdict; he would have had no more—for we cannot suppose that he would attach any importance to the trifling damages which would in any case have been awarded against a defendant who admitted so completely the falsehood of his libel, and protested so vehemently an absence of malice. If Mr. Beaty had instructed his subordinates in the Leader to retract the libel as fully as his lawyer retracted it in court, he would probably never have been troubled with a libel suit.—Globe.

THE DAILY WHIG

TUESDAY MORNING, JANUARY 5, 1869.

ST. PAUL'S CHURCH.—On Sunday evening St. Paul's Church was filled with a very large congregation. The Rev. Mr Bower, of St. Mark's Church, Barrisfield, read the evening service, Mr. Mulock assisting, and His Lordship the Bishop of Ontario preached a sermon peculiarly adapted to the season of the Nativity, which now engrosses the attention of the Church and her ministers. His Lordship will find few churches in his diocese so flourishing as St. Paul's is at the present time.

PRINTERS' RE-UNION.—The anniversary of the birth of that remarkable printer—Benjamin Franklin—occurs on Wednesday, January 13th, and on that evening the Printers of Kingston purpose holding a Conversazione, or Promenade Concert, in commemoration, being the first re-union among this class that has for years been attempted. It is the intention to have the musical portion of the entertainment as varied and complete as the assistance of quite a number of our leading amateurs can make it, and in addition there is promised the attraction of having the Band of the R. C. Rifle Regiment present, as well as a Quadrille Band for Dancing. The Festival will receive the encouragement and support of the Press, and by request Dr. Barker, as the Father of the Press, will preside. The Printers have no institution of their own to support, therefore they do not desire to have a surplus fund, and have fixed the tickets at a low figure, so that they may have all their friends present. At the same time they will make liberal and judicious arrangements for their enjoyment. There are numberless professed friends of the Press, and their countenance of this Festival will give the best acknowledgment of their indebtedness to the Printers for past favors, and encourage his labors for the future.

THAW.—The January thaw has been prompt to time this year. It begun on Saturday. We have had no rain, but the snow is fast wasting away under the influence of a very mild temperature.

PERUVIAN SYRUP.

A PROTECTED SOLUTION OF THE PROTOXIDE OF IRON supplies the blood with its LIFE ELEMENT, IRON giving strength, vigor and new life to the whole system.

If the thousands who are suffering from Dyspepsia, Debility, Female Weaknesses, &c., would but test the virtues of the Peruvian Syrup, the effect would not only astonish themselves but would please all their friends for instead of feeling cross, 'all gone' and miserable, they would be cheerful, vigorous and active.

A DISTINGUISHED JURIST WRITES TO A FRIEND AS FOLLOWS:

'I have tried the Peruvian Syrup, and the result fully sustains your prediction. It has made a new man of me, infused into my system new vigor and energy; I am no longer tremulous and debilitated, as when you last saw me, but stronger, heartier, and with larger capacity for labor, mental and physical, than at any time during the last five years.'

Thousands have been changed by the use of this remedy from weak, sickly, suffering creatures, to strong, healthy and happy men and women; and invalids cannot reasonably hesitate to give it a trial.

The genuine has 'Peruvian Syrup' blown in the glass.

MIND AND MATTER.—The intimate connection between the Brain and the Muscles through the Nervous system may be shown by closing the hand, or by any voluntary movement of the body. The involuntary muscles are those who control the Stomach, Liver, Lungs, Heart, etc.; they are also influenced directly by the mind, so that close study, anxiety, grief, irritation, and a host of other excitants acting directly on the brain, disturb the nervous system, and prevent due muscular in those actions necessary to sustain life. Here lies the great cause of Dyspepsia, headache, Jaundice, Neuralgia, Impoverished Blood, Langour, Debility, Bronchitis, Consumption, &c, &c.

FELLOWS' COMPOUND SYRUP will not only supply the waste going on in the brain, but will enable the mind to endure a greater tax than ever before, without involving other organs of the body, it will impart vigor and promote clear conceptions to the intellect, it will strengthen the nerves and give power to all the involuntary as well as the voluntary muscles of the body.

Sold by Apothecaries. Price $1.50 per bottle, or 6 for $7.50.

Thou canst not then be false to any man.
Hamlet, Act 1. Scene 3.

Puffs are the known device of quacks and cheats,
Rapacious, striving by unscrup'lous feats
Of turgid boasting, deftly to deceive
Victims unwary who their tales believe.
I scorn their arts, and vaunt no spurious ware—
Soundness in quality's my constant care.

Of MORRISON to keep the upright name.

We are the only manufacturers who can furnish the genuine "Leffel Wheel" in Canada, as will be seen by the following certificate:—

Springfield, Ohio, Dec 25th, 1868.

We take pleasure in informing the public of Canada, that we have sold and furnished Mr. F. W. We have also obligated ourselves to furnish the same facilities for manufacturing to no other parties in Canada. Without the information we have given Mr. Glen, no one can successfully build our Wheels, and we advise parties in Canada to purchase our Wheels of no other manufacturer. Mr. Glen's facilities are unsurpassed, and we feel sure that he will build a Wheel that will give perfect satisfaction. We therefore commend him to the public of Canada with entire confidence feeling sure he will manufacture a Wheel in all respects equal to our own.
