A LETTER FROM QUEBEC.

(Translated from the French.)

GENTLEMEN: I have deferred writing, the better to testify to the benefits derived from the use of your SIMSON'S LINIMENT. It has done wonders among all the people who have used it about here.

I can testify that in every case where I have used it upon myself I have been very well satisfied.

Mr. N. Mooney, of St. Sylvester, had a bad leg which was said to be incurable. I told him to use Simson's Liniment and it has effected a complete cure in a very short time. His neighbour, Mr. John Devlin, having received a serious cut on his leg, Mr. Mooney took him the Liniment, and having used it, found himself completely cured.

I have been assured of the cures of these people, and the remedy having become known, it has created quite a demand, people coming as far as 35 miles to procure it for themselves.

Mr. Wm. Bennett, of St. Ferdinand, has had it some time for himself, and he has since bought it for his friends, who suffer from Rheumatism, and they have all been well satisfied.

I have never known any medicine to have had such good results about here as Simson's Liniment.

Hoping that it will prove as satisfactory elsewhere,

I am, yours truly,

DAMASE PAGCOT,
St. Sylvester, Quebec, 27th Dec., 1887. Merchant.

THE NEWS OF THE WORLD.

THE NEW HEBRIDES TO BE EVACUATED BY THE FRENCH.

The National League—Another Irish M.P. Goes to Jail—Proposed Russian Commission—The Antipodean Centenary—The Pope and the Czar.

LONDON, Jan. 27.—The Russian War Office organ, The Invalide Russe, says that the Government will propose the formation of a special commission with the elder Grand Duke Nicholas as President, to examine into the Military Commission and disciplinary systems.

The Spanish Senate to-day voted in favor of the principle of trial by jury.

It is officially announced that Admiral Holham succeeds Lord Charles Beresford as a Junior Lord of the Admiralty.

The doctor of the prison in which Mr. Wilfrid Blunt is confined has advised that Mr Blunt be put in the hospital.

Lord Ripon and Mr. Morley have sent letters declining the invitations of the Mayors of Limerick and Waterford to visit those cities.

At the centenary celebration of the Australian colony a state banquet was given in Sydney, N.S.W., last night, at which Earl Carnarvon presided. The governors and prime ministers of all the Australian colonies were present.

Patrick O'Brien, M.P., Thomas Byrne and John Hayden were tried at Coolder, County Monaghan, to-day, for offences under the Crimes Act. Messrs. O'Brien and Byrne were each sentenced to four months' imprisonment and Mr. Hayden to three months. A notice of appeal was given in each case.

In the Lower House of the Hungarian Diet to-day Herr Von Tisga, the Hungarian Prime Minister, announced that at the close of to-morrow's sitting he would reply to the questions recently submitted concerning the Government's foreign policy.

In reply to the address forwarded by the Czar to the Pope on the occasion of the Jubilee, the latter has sent an autograph letter to the Czar, thanking him for his expressions of good will. To the congratulatory telegram of the Czar saying that he desired to assure the interests of his Catholic subjects, and hoped that His Holiness would assist him in harmonizing the needs of the Roman Church in Russia with the fundamental principles of his empire, the Pope replied that the Holy See will do anything in its power to meet the desires of the Russian Government.

It is said that France and England have agreed on the appointment of a mixed naval commission to settle the New Hebrides question, and that the French troops will shortly be withdrawn from the New Hebrides.

The Mayor of Cork has been summoned under the Crimes Act for assaulting Policeman Cox.

In a speech at Bridgenorth this evening British Postmaster-General Raikes said the Government should crown its campaign in Ireland with a final blow at the National League.

The North of Scotland Canadian Cattle Company met at Aberdeen to-day and agreed to revive the company and continue to import Canadian stock. All expressed themselves satisfied with the stock now, feeling that it is well graded and thriving fast, and will pay well. This decision shows that the company and the Aberdeen farmers are uninfluenced by the attempts of the British press to turn them from the purchase of Canadian stock.

The fusion of the Northern and Northwestern railways with the Grand Trunk made Trunk stocks in good request at advanced prices.

In view of criticisms from Toronto in regard to the recent civic loan and the expected further issue, inquiries made in unbiassed quarters prove that the opinion is held that the margin between the agent's price and the issue price is only reasonable, taking into consideration the expense and trouble of issue. General doubt is expressed whether a higher price than 99½ is obtainable on the market The former issue is quoted at 100½.

The first party of emigrants in connection with the Manchester Young Men's Christian Association scheme left Liverpool yesterday for situations on farms in Canada. It is learned from Scotland that the Government are being urged to extend the benefits of the proposed emigration scheme to crofters and fishermen of the Northwest coast, as well as to the crofters of the Western Isles. Lord Lothian has been approached on the subject and promised to give the suggestion his best attention. Various Scotch schemes of emigration are being laid before the Scotch and Colonial Secretaries of State. During the past week reports have been received from many districts showing an increased desire on the part of the crofters to emigrate with the help of the Government.

MR. NORQUAY RENOUNCED.

By Brandon Conservatives—Rumored Offer of Compromise By Sir John.

WINNIPEG, Jan. 27.—Norquay's leadership of the Conservative Opposition promises to be short. There is a movement, which had its origin in Ottawa and has been carefully engineered by some of the "Old Guard" of uncompromising Sir John men, to oust Norquay from the leadership of the party. The crime for which he is to suffer political deccapitation is not that he has mismanaged Manitoban affairs (that not being considered an offence in these quarters), but that he of late has not been as obedient as he should have been to the great Mogul in Ottawa. Several caucuses were held yesterday to discuss the situation, Messrs. Scarth and Daly, M.P.'s, being the ringleaders. H. M. Howell, Q.C., is mentioned as the man whom the most factions of the party could unite on. Dr. Harrison was never spoken of.

At a mass meeting of the Conservatives of Bandon to-day it was decided, in view of early dissolution, not to oppose Smart, but his platform was repudiated and Greenway denounced. Norquay was renounced as leader of the Conservatives.

It is rumored that a compromise has been offered the province by Sir John for the abandonment of the Red River Valley Railway. The exact terms are not stated, but it is understood they include improvement of rivers and extension of branch lines, the monopoly to be retained till 1891. Opinion as to its acceptance are very diverse.

THE DREAD MESSENGER.

Death at London of Mr. Russell Hardy—His Life and Character.

LONDON, Jan. 27.—Mr. Russell Hardy, father of Hon. A. S. Hardy, died last night at his residence in this city, having been ill for about a week.

[Russell Hardy was born in Ancaster, Brant County, in 1812, where his parents had settled after leaving the Niagara District in 1776. He was for many years a merchant in Brantford, where, in 1833, he was married, Mrs. Hardy still surviving. Deceased leaves four sons and six daughters, the latter with one exception being married. The sons are Eugene B. and Edgar R. Hardy, who reside in Southern Illinois, Hon. A. S. Hardy, and A. D. Hardy, barrister of this city. Mr. Hardy was of a quiet, retiring disposition, a pronounced Liberal and a firm adherent of the Christian faith. The funeral takes place to-morrow afternoon.]

Hamilton's Pills.

Cure liver complaint, biliousness, etc. These troubles arise from torpidity or inaction of the liver, and should be promptly treated. An active dose should at first be taken, say three of Hamilton's pills, followed the next night by one or two pills as the occasion may depend, after which take one pill once or twice a week, which will gradually restore the action of the great blood filter and thereby allow it to perform those functions so essential to the health and comfort of the body. Sold by dealers in medicines.

Catarrh in New England.

The best remedy for its purpose I have old.—John Hooker, druggist, Springfield, Mass.

An article of real merit.—C. P. Alden, druggist, Springfield, Mass.

Those who use it speak highly of it.—George A. Hill, druggist, Springfield, Mass.

I believe Ely's Cream Balm is the best article for catarrh ever offered the public. It has given satisfaction in every case.—Bush & Co., druggists, Worcester, Mass

Advice to Mothers.

Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to the taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels, and is the best known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.

A Boon and a Blessing.

A boon and a blessing to mankind is Hagyard's Yellow Oil, the great pain destroyer and healing remedy for external and internal use. Yellow Oil cures all aches and pains, rheumatism, lame back, sore throat, croup, deafness, cramps, contracted cords and lameness. Procure it of your druggist.

Look Out For It.

If you are troubled with a cold or cough, however light the attack, look out for it, do not allow it to settle on the lungs; break up the cough by loosening the tough phlegm with Hagyard's Pectoral Balsam.

Cold Feet

Can be cured by Norman's Electric insoles. They are beneficial in all kinds of diseases because they tone, strengthen, and build up the nervous system. W. J. Wilson, agent, "The Pharmacy."

Remarkable Restoration.

Matthew Sullivan, of Westover, Ont., was ill with dyspepsia for four years. Finding doctors did little good he tried Burdock Blood Bitters; six bottles cured him, and he gained in weight 178 pounds. B. B. B. cures the worst known cases of chronic dyspepsia after all else fails.

Do You Believe in Signs?

We do; for instance the signs for torpid liver are yellow eyes, sallow complexion, pain under right shoulder, irregular bowels, headache, low spirits weariness. All these signs may be removed by Burdock Blood Bitters, which is a sure cure for all irregularities of the liver.

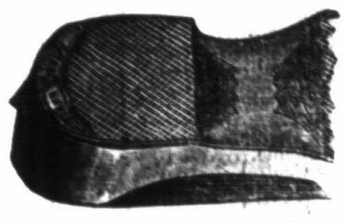
To be free from sick headache, biliousness, constipation, etc., use Carter's Little Liver Pills. Strictly vegetable. They gently stimulate the liver and free the stomach from bile.

What is it?

Not a snuff, powder or liquid, but a preparation peculiar in itself. Easy to use, pleasant in effect. Nasal Balm will positively cure cold in the head, catarrh and kindred diseases.

The fragrance of Hendry & Thompson's is now unsurpassed. Try it and you will use no other.

HAVE THE KHEEL PLATE PUT ON YOUR



RUBBERS AND THEY WILL WEAR TWICE AS LONG.
