The Montreal papers state, that it is in contemplation to embody a portion of the Militia of the County of Montreal, under the designation of the *Canadian Voltigeurs*, to be composed entirely of French Canadians, and commanded by Colonel DeSalaberry. This body, we suppose, will be similar to the old "Voltigeurs," who did good service in the last war.

SUDDEN DEATH.—We regret to announce the sudden death, yesterday forenoon, of our respectable townsman, Mr. Edward Crane, Architect. Mr. E. had been ailing for some time past; but yesterday morning he felt better, and walked out to transact some business, when on returning home he stepped into Mr. Johnston's barber shop, when he took a fit, and in a few minutes expired, in the 58th year of his age. Mr. Crane was a man universally respected.

Mr. Marks and Mr. Birmingham were returned District Councillors for Pittsburgh, and Dr. Beamish for Kingston township—yesterday.

☞ We beg to direct attention to the advertisement of Mr. Armstrong, who has just established himself as an Auctioneer a few doors south of Messrs. Bryce & Co.'s, on King Street. Mr. Armstrong has been a Clerk to Mr. Ware for some time; and having so good a teacher must be well qualified for the business. We think him worthy a share of public patronage.

THE WEATHER.—We have had all kinds of weather since our last impression—heat & cold; rain and snow; sunshine and clouds. We dare say that knowing old gentleman, "the oldest inhabitant," never saw so extraordinary a season in the course of his long life. There has been no good sleighing this winter. New Year's Day passed off without much ado; but the day following we noticed the sleighs slipping around the City at a "wonderful rate." Yesterday afternoon it commenced snowing which lasted two or three hours, and then turned to rain; which continued more or less through the night, accompanied with high wind.

FIRE WOOD.—We went into the market on Saturday to purchase some of this indispensable commodity; for be it known that printers can no more set types without fire-wood, than Vulcan could forge thunderbolts without the glow of a volcano. Well, we went up to a smutty looking fellow, with hat all smashed in, and outer fixins that would have been taken for Joseph's coat of many colors, and whose nags displayed indubitable evidence of having been foddered thus far upon corn-cobs and mullen-stalks; and civilly inquired the price of his load of green wood, about one-third of a Carolina. "Seven shillings and six pence!" "Is that all?" "Positively wouldn't cost a copper less." We then asked the gentleman what he would deliver a cord for? He considered a moment, and very modestly repeated the words—"*Seventeen shillings and six pence!*" We sloped very rapidly.

Now, be it known to all and singular of our neighbors round about Kingston, who have a year of cattle, that wood is worth three dollars per cord in market—that is, if they take pains in unloading and piling again at the head of Princess Street, as we saw a thief of a fellow doing on Saturday. This is one of the shabbiest tricks that we could think of in a month, and we did not imagine that a British subject could eat another meal without cheaking after committing such an infraction of good manners and common decency;—that chap's neighbours have to keep their hens locked up, we'll warrant. Yet there are a number who make a constant practice of it, to deceive and cheat the purchasers; these men are known. After the first of June, the By-law of the Corporation will be put in force, compelling them, at any rate, to cut their wood four feet long.

FIRES.—Early on Sunday morning, the 27th ult. the beautiful Cottage, belonging to widow Graham, situated near Fairfield's old tavern stand, about 9 miles from Kingston, on the Bath road, was entirely consumed by fire, together with the furniture, &c. We understand several families were occupying the building. We have not learned how the fire commenced.

About four weeks since the mill called the "Milk Mill," near Mr. Link's present one, was burnt to the ground.

There is no truth in the rumour, that a man died of small pox at the National Hotel last week. Mr. Mills informs us that there was not even a case of sickness in that establishment since he assumed its management in January last. Such rumours tend to create unnecessary alarm, and ought not to be too readily credited.

One of the passengers drowned by the late accident to the Bytown stage was named Eagan, and is a partner of a firm at Niagara. He had come down to Montreal in the endeavor to meet his wife, but heard that she had gone to Bytown; he remained in town but a few hours and was proceeding to that place when the unfortunate accident took place.

The *Revue Canadienne* says that on Thursday a tailor having in vain demanded the payment for a suit of clothes from a debtor who at the moment had the articles on his back, led him into a tavern and with the aid of some friends stripped him of great coat and waistcoat. He then hailed a cab and sent the unfortunate fashionable home in his shirt and trowsers.

Doings of the City Fathers.

MONDAY EVENING, Jan. 4, 1847.

PRESENT—Messrs. Anglin, Allen, Benson, Ferguson, Breden, Baker, Channonhouse, Flanagan, Harvey, Meagher, (Ald.) Meagher, (Coun.) Patrick, Smyth, Thibodo, Wiley.

In the absence of the Mayor, Mr. Alderman Benson took the Chair.

Minutes of last Council read.

A Bill was presented from Mr. Glassford, being an account of expenses incurred in making repairs in Oddfellows' Hall, in City Buildings—referred to the Finance Committee.

Petition of Mrs. McCoul, for privilege of leaving a boat in the slip at foot of Queen Street, in consequence of an accident. Petition out of order, but there is no doubt the boat will be allowed to remain unmolested.

Persons having lumber, &c., deposited in places adjoining to the slips, may expect to be immediately visited by the High Bailiff; and unless removed forthwith, will be subjected to penalties.

The petition of Sergeant Barker, for loan of Commissioners, for a Bail, was granted.

The Chairman of Special Committee to wait on the District authorities, and arrange for the payment of the £300, reported verbally, that a conference had been held with the Warden of the District Council, who stated that he could give no definite answer upon the subject; but his opinion was that a rate-bill would be made out at the next Session of the Council; and in case the £300 were not paid over previous to the Fall, the tax would then be collected from the town.

The Superintendent of Education was voted thanks for his services.

A letter was handed to the Clerk after the adjourning of Council, which Council would not allow to be read.

The letter from Mr. Gunn, Assistant Engineer, tendering his resignation at the expiration of his present term, unless his salary be raised, was taken up. After a long discussion, in the course of which Mr. Gunn's activity, energy, and industry in keeping the Engines, &c., in good order, were acknowledged by all parties, it was intimated that Mr. G. wished to withdraw his letter. Council would not permit it; and finally, in consequence of not being able to grant an addition to his salary, without rescinding a By-law, Mr. Gunn's resignation was accepted. During the debate, a letter from Mr. W. I. Martin, Captain of Fire Company No. 1, was read, complaining of Assistant Engineer neglecting his duty to the Engine to which he and his company were attached.

A detailed statement of the revenues of the City Buildings, &c., furnished by the Treasurer, was ordered to be published in the papers.

The Council then adjourned.

To the Editor of the Kingston Herald.

HARBOUR MASTER'S ACT.

DEAR SIR,—As a matter of public interest, especially to the citizens of Kingston, I beg to request that you will please publish the undermentioned statements, which show the number of vessels which have arrived at the Port of Kingston, from the 13th of October, 1846, (the day the Harbour Master commenced his duties) up to the 21st of December, 1846.

Steamboats (not commuted for,)		50

In addition to the above, the Proprietors or Agents, viz.: Messrs. McPherson & Crane, Messrs. Hooker & Henderson, Messrs. Jones & Walker, Messrs. H. & S. Jones, the Hon. John Hamilton, John H. Greer, Esq., Donald McIntosh, Esq., Messrs. J. F. McCuaig & Co., and Messrs. John and George Ives, have commuted with the City Council, for the following vessels, for the harbor dues of the Season, beginning the 13th of October last, and therefore, their arrivals are not included in the above list, viz:

Steamers, 1st class, (number of vessels)		12
Do. 2d class,	do.	5
Do. 3d class,	do.	31
Propellers,		13

Besides a great number of barges which were commuted for by the Proprietors of the last named Steamers and Propellers, and the wood carried by such barges being also included in the commutation during the above named period.

The Harbour Master paid into the City Treasurer, for the gross receipts under the Harbour Act, the sum of £93 18s. 11½d.

In making this statement of the first proceedings which have been taken under the Harbour Act of the City Council, the undersigned begs to avail himself of the opportunity to thank the Forwarding Merchants, Masters of vessels and others, for the liberality and civility shown to him in the discharge of the duties of his new office.

I am, Sir, your humble servant,
WALTER McCUNIFFE,
Harbour Master.

RAILROAD BILLS—THE ROYAL ASSENT.

We are happy to find, by the Official *Gazette*, that the Railway Bills reserved by His Excellency the Governor General for the signification of Her Majesty's pleasure, have received the Royal Assent. The following is the confirming clause of the Proclamation just issued:

Now Know Ye, that the aforesaid Bills, respectively intituled, "An Act to incorporate a Company to extend the Great Western Railroad from Hamilton to Toronto," "An Act to amend an Act passed in the eighth year of Her Majesty's Reign, intituled, An Act to amend an Act passed in the sixth year of the Reign of His late Majesty King William the Fourth, intituled, An Act to incorporate the City of Toronto and Lake Huron RailroadCompany," "An Act for erecting a suspension Bridge over the Niagara River at or near the Falls of Niagara," "An Act to restore the rights of certain persons attained for High Treason," "An Act to incorporate the Wolfe Island, Kingston and Toronto Railroad Company," "An Act to incorporate the Peterboro' and Port Hope Railway Company," "An Act to incorporate the Montreal and Kingston Railroad Company," having been laid before Us in Council, on the Thirtieth day of October, now last past, We have been pleased to assent to each and every of the same; and We do by these presents and according to the provisions of the said Act of the Parliament of the United Kingdom of Great Britain and Ireland, passed in the third and fourth years of Our Reign, assent to each and every of the aforesaid respective Bills; Of all which Our loving subjects, and all others whom these presents may concern are hereby required to take notice, and to govern themselves accordingly.

STILL ANOTHER TRIUMPH OVER DISEASE IN MAINE.

Warren, Lincoln Co., July 15, 1845.

Dear Sir:

I take pleasure in complying with your request to bear testimony in favor of your valuable medicine, having had a daughter, 15 years old, very dangerously sick the last year, restored with it. My daughter took a violent cold in Sept. 1843, which settled on her lungs. She was troubled with a bad cough all winter. I tried various kinds of medicines, but none of them had the desired effect. The cough continued until March, when we became alarmed at her condition, and applied to a physician, who attended her some, but did her no good. We then consulted another, but all to no purpose. Having exhausted the whole catalogue of medicines now in the land—two distinguished physicians having done their best to restore her—we then obtained a bottle of

DR. WISTAR'S BALSAM OF WILD CHERRY, which relieved her immediately. After taking four bottles she was completely restored, and now enjoys good health.

JOHN LEEDS.

None genuine, unless signed I. BUTTS on the wrapper.

CONNEL'S MAGICAL PAIN EXTRACTOR.

Physicians use this wonderful Connel's Magical Pain Extractor, letting go all former prejudices, and acknowledging the same to be the most remarkable article the world ever saw for burns, scalds, and sores of all kinds, which it heals without leaving even a scar to mar the surface of beauty. This blessing has been bestowed on numerous Clergymen, who are living witnesses of its good effects, and to the poor it is given at Comstock & Co.'s 21 Courtlandt street New York.

TO MOTHERS!—ARE YOUR CHILDREN DISEASED.

It is admitted by Physicians that more children die from Worms than any other cause; & we have been frequently astonished, when we have seen an interesting child with a ghastly, pale and sickly countenance, denoting the presence of worms, that the mother should not have prudence enough to procure immediately a remedy which will forthwith expel them! This remedy is Kolmstock's Tonic Vermifuge, and it is effectual in all cases.

The proprietors have made it a point to ascertain the effects of this medicine, and no case has come to their knowledge where this Vermifuge has been given that it has failed to bring away worms, provided they existed, either in children or adults. It is a harmless vegetable preparation, and we trust that no mother who looks to the interests of her offspring, can fail to procure this remedy, provided her child has worms.

The above sold by NOBLE PALMER, and J. W. BRENT, Kingston.

Died.

At his residence this morning, George W. Yarker, Esq., universally regretted.

He has left two sons one daughter, and a number of grand children to grieve for his loss.

EIGHT HUNDRED THOUSAND ACRES OF LAND

IN THE

HURON TRACT.

NOTICE TO OLD SETTLERS, EMIGRANTS AND OTHERS.

THE CANADA COMPANY

Have again thrown open all their Lands in the HURON TRACT for disposal, by way of LEASE for TEN YEARS—NO MONEY BEING REQUIRED DOWN. The Rent payable on the 1st February in each year, is not much more than the Interest upon the upset price of the Land—the right to purchase the Freehold at any time within the ten years, at a fixed price named in Lease, is secured to the Settler, who would thus save all further payments of Rents.

The Huron District is known to be one of the most healthy and fertile Tracts of Land in Canada—it has more than doubled its population within four years. The Huron Tract in the year 1842, contained 7101 souls—in June last year, the Huron District numbered 14,983 souls, according to the Official Returns.

The above lands are in Blocks, therefore, affording facility for the undivided settlement of Families, of Old Settlers and their Friends.

Maps, Printed particulars, and every requisite information upon the Huron and the Canada Company's other Lands in the Province, will be furnished FREE OF CHARGE, by application (if by letter post-paid) to the Canada Company's Office, at Toronto, and Goderich and Stratford, in the Huron District.
