The hermaphrodite schooner 'Brock,' lost two men during a little squall on Lake Huron, a few days ago, which, it appears, were not sent out on such an emergency, doubtless, owing to the supposition by the salt water gentleman in charge of the vessel, that fresh water is not subject to such severe agitations as the "briny deep." He is now, however, convinced of the contrary, and has made for some port on Lake Ontario, where he will refit.—[Sandwich Herald.]

Good wills in Toronto at from 6s. to 7s. per bushel; Barley from 3s. to 3s. 9d.; Oats 1s. 3d. to 1s. 6d.; Flour per barrel, from 30s. to 35s. [Colonist, Oct. 25.]

PRICES OF THE MONTREAL MARKETS FOR THE WEEK ENDING 26th October, 1838.

Ashes.—A considerable decline has been experienced in the prices of Ashes since last week, owing to a scarcity of freight, and money not circulating so freely as it has done, combined with the arrival of abundant supplies for the last week. Pearls may now be quoted at 33s. a 33s. 6d. and Pots at 27s a 27s 6d.

Flour.—A very fair demand has existed for Flour, and considerable sales have been made of Pots at 45s, and a little under; of Fine at 37s 6d of Middlings at 40s, in some instances. It is believed that the recent account of the high prices of Bread Stuffs in Great Britain will materially affect this market, as the prices will be much advanced, and Freight too difficult to be had, to permit of any quantity being shipped to England, even were it certain that the demand in England would be sustained for a considerable period, which is very doubtful.

Provisions.—The demand continues steady for Pork. Some new has found its way to market.—Prices remain without much variation; $20 a $21 for Prime Mess; and $29 a $30 for Prime. New Beef also begins to arrive. We hear of a sale of 100 barrels of New Prime at $12. Lard is still scarce. A considerable business is doing in Butter at 8½ d.

Ashes, Pots, per 100 lbs. 27s 6d a 27s 6d. Pearls, 33s a 33s 6d. Flour, Fine, per bbl. 37s 6d a 40s. Middlings, 40s a 45s. Pork, Prime Mess, per bbl. $20 a $21. Prime, $18 a $19. Beef, Prime Mess, $12 a $12 6d. Lard, 7d a 8d. Butter, 8½d.

Asheries.—The demand continues steady for Pots and Pearls, which is very doubtful.

Exchange.—The demand continues steady for Bills on London, and the rates remain without much variation; $20 a $21 for Prime Mess; and $29 a $30 for Prime. New Beef also begins to arrive. We hear of a sale of 100 barrels of New Prime at $12. Lard is still scarce. A considerable business is doing in Butter at 8½ d.
