This state of affairs has caused many grievous lamentations from the more reasonable section of the party. "We have fallen upon evil times," says the *Commercial Advertiser*, and he proceeds to show how the property and credit of individuals in the several States, and the General Government itself, have been sacrificed and prostrated within the last few years. And as the climax of all, "not only have the issues at home become discredited, but the drafts of our foreign agents from all parts of the world, which have been issued within the last month or two, have been dishonored, not because ministers had no right to draw, but because the government had no means to pay." A most disgraceful predicament for the government of seventeen millions of men to be in. Surely American pride, let alone patriotism, should have stepped in to the rescue before such a blot was fixed on their national escutcheon.

And besides these financial difficulties, the little State of Rhode Island is about on the verge of civil war. It is still governed by the Charter granted by Charles II., which confers the right of suffrage on freeholders and their sons of full age only. The present movement is to obtain universal suffrage; and for this conventions have been called, state officers chosen, and in fact another government formed. But it has been declared illegal. The universal suffrage men have resolved to try again, and declare that they will support their offices by force. The established government of the State has appealed to the government of the United States, and received assurances of support, if required. What the result will be will soon be determined.

At the late Assizes for the Home District held at Toronto, an action for libel was tried, *The MacNab* vs. the Editor of the *Examiner*, and the Judge, under the charge of the Judge, gave a verdict for the plaintiff, damages £5! Such a victory is worse than a defeat. Not having seen the evidence, we cannot say whether a verdict for the plaintiff was proper or not, but the amount of damages given shows that his character in the jury's estimation, was but little injured by the alleged libel. Of course the Editor of the *Examiner* is mulcted in the costs, which are very heavy. (It is said £200,) as the witnesses had to be brought from MacNab, on the Ottawa, to Toronto; but we hear that it is intended to raise a subscription to pay the costs of this suit.

An Extra of the Official *Gazette* contains a proclamation suspending the late Tariff of Tolls on the Ottawa and Rideau Canals until Her Majesty's pleasure be known.

Authentic information has been received that the Currency Bill has received Her Majesty's sanction. Of course it will not come into operation until proclaimed by the Governor General. As it fixes the value of the British shilling at PENCE TWO FIFTHS, merchants and others should make up their minds at what rate they take the British shilling, for it will cause endless confusion if that fraction be adhered to in monetary business transactions. The Board of Trade will doubtless take up the matter.

The new Act will lower the rate of exchange, which has been enormously high for some time past, ranging from 15 to 15 per cent, instead of 5 to 10, as it ought to be.

It is stated in the Boston papers, that the Governors of Maine and Massachusetts have been invited by Mr. Webster, requesting them to call extraordinary sessions of the Legislatures in order to take into consideration the BOUNDARY QUESTION, with a view to the General Government entering into an arrangement with Lord Ashburton.

The navigation is open between Montreal and Quebec, and the river below Quebec is open to Malbaie, a schooner from the latter place having reached Quebec on the 18th, although detained five days on the route by the ice. The mail steamers commenced their regular trips between Montreal and Quebec yesterday, leaving the former place at 6 P. M., and the latter at 5 P. M. The steamer St. David, belonging to the Messrs. Ogden of Brockville, arrived at Lachine on the 9th with the new steamer Pilot in tow, to receive her engines at Montreal, to which she shunted the Lachine rapids.

At the late corporation elections for the city of New York, there was some severe rioting in the Fourth Ward between the American and the Irish papers. Great numbers were dreadfully beaten, and the house of Bishop Hughes was attacked, another bishop being there sick in bed at the time. The rioters were at length dispersed after they had sacked two or three houses, and sent many persons to the hospitals.

C. I. Forbes, Esq. has been returned to the Provincial Parliament for the County of the Lake of Two Mountains, in place of the late Colin Robertson, Esq. Mr. Forbes is said to be liberal in his politics.

The Welland Canal was opened on the 14th, when between 20 and 30 schooners passed through the following day on their way to the upper lakes.

A terrible steam boat explosion took place at Baltimore a short time since, by which 23 persons were either killed instantly or soon after of their wounds, and about 36 others were so severely scalded and wounded that many of them were not expected to live. It was a new boat on her first trip, and the boiler exploded when the engine had made only the second revolution to back her from the wharf. Being her trial trip many of her owners and their friends were on board in a party of pleasure, so soon changed into a scene of desolation and death.

The navigation of the Rideau Canal has commenced, the steamer OTTER having left Bytown last Thursday.

The weather for the past week has been very mild and warm, the thermometer standing on Friday at 80 in the shade. The ground is dried, and farmers have got well on with their spring work. We hear from all quarters good accounts of the winter wheat. It never looked better, and the prospect so far is very favorable for the farming interest.

TO CORRESPONDENTS.—We received last week a communication describing the opening of TEMPERANCE HOUSE AT BATH, and the improper conduct of certain persons who fired a train of gunpowder in a Temperance Meeting afterwards, producing great alarm and confusion; but we cannot publish the account, because it names certain persons by name as the authors of the outrage, although it appears they were not suspected of being so. It would be unfair to fix on suspicion alone.

TO OWNERS AND MASTERS OF SCHOONERS.

COMMISSARIAT OFFICE, Toronto, 8th April, 1842.

SEALED TENDERS will be received at this office until TUESDAY the 3d of May next, at Noon, [after which no tender will be admitted,] from all persons willing to CHARTER to the Commissariat Department, a SCHOONER for the undermentioned services, viz.

The Vessel, which is to be staunch, in good condition, well found, and of not less than 140 tons measurement, is to be in readiness at the Port of Toronto by the 1st of July, to receive on board such *Indian Present Goods*, or other Stores as may be required by the Commissariat Department to be embarked in her. She is to proceed as soon as loaded, to Amherstburg, where after discharging the portion of her Cargo intended for that Station, she will embark such Stores or Passengers as may be sent on board by the Commissariat Department, and proceed without delay to Penetanguishene, where she must arrive, wind and weather permitting, by the 18th of July. She will receive on board at Penetanguishene such further quantities of Stores, Cattle, and passengers, as she may be required by the Commissariat Department at that place to embark for Manitoulin, to which port she must immediately proceed, so as to arrive about the 28th day of July. From that day until the 10th of August following, the vessel will remain at Manitoulin, subject to orders, if required to do so.

The Surplus Stores and Passengers are to be re-embarked at Manitoulin, and after being landed at Penetanguishene, the contract will terminate.

Should the vessel be detained by weather so as not to arrive at Manitoulin till after the time specified, she must still wait 10 days, if required to do so, without charge for Demurrage.

During the period the Vessel shall be in the employment of Government—the Cabin, Cooking utensils, and other conveniences of the vessel are to be at the disposal of the Officers and Party proceeding in her, and no Passengers nor Stores are to be embarked without the permission of the Senior Officer of the Commissariat or Indian Department.

Tenders to specify the sum required for the Voyage, and Payment will be made upon the production of a certificate from the Senior Commissariat Officer at Penetanguishene that the Contract has been properly performed.

Two Sureties will be required for the fulfilment of the Contract.
