Register your dog and buy from Foley a fancy dog collar.

The bodies in the vault here are being removed this week for interment.

Mr. G. S. Gainford moved into Athens from Plum Hollow this week.

We direct the attention of cheesemakers to our adv't in another column.

Mrs. Giles and Miss Blanche Giles returned to Athens this week.

Rev. E. C. Horner is this week conducting spicial services at Kemptville.

Miss Bertha Leake, of Morton, is visiting friends in Athens, the guest of Mrs. T. G. Stevens.

LOST.—An oxydized silver side comb on Main st. Finder will please leave at this office.

Next Sunday (Easter) Rev. L. A. Betts will conduct the morning service in the Methodist church.

W. J. Earl & Son, who have purchased Mr. James' grocery business, take possession to-morrow.

The "Daisy Churn," the best butter-maker yet invented. Inspection invited. At Foley's.

Rev. T. W. Jolliffe, of Brantford, will conduct the Gananoque Oddfellows' anniversary services.

Messrs. H. H. Arnold, B. DeWolf, J. T. Greene, and C. Stowell were grand jurors at the spring assizes.

Mr. Geo. Smith, who has been residing in Prescott, returned with his family to Athens on Saturday last.

A committee has been appointed to arrange for the anniversary services of the local lodge of Oddfellows which will be held this month.

Mr. D. Hanna, D. L. S., who has spent the winter months very pleasantly in Athens and vicinity, returned to the Prairie Province on Monday.

Rev. Mr. Teasdale, president of the Nova Scotia Conference of the Methodist Church, is this week visiting his daughter, the wife of Rev. Mr. Flemming.

Rev. G. G. Huxtable, chairman of the district, conducted missionary services in the Methodist church on Sabbath last. A number of members of the sister churches were present at the morning service.

The 4th of April will be Good Friday, a public holiday. We do not know how our business men intend observing it, but would suggest that they fall in line with employers in other towns and give their employees a holiday.

A large number of young people from Athens enjoyed the hospitality and sugar dispensed by Mr. Fred King on Friday evening last, and on Monday the Alguire family made their annual trip to Mr. King's sugar bush.

Mr. H. W. Marshall, optician of Brockville, will be at the Armstrong House, Athens, on Friday, April 4th, from 9 a.m. to 6 p.m. Consultation respecting Eye-sight free. Mr. Marshall will have with him a first-class line of optical goods.

The removal of Mr. Johnston leaves vacant the important position of Fishery Inspector. We have not yet learned the name of his successor, but trust that the Anglers' Association will see that a first-class man is appointed.

Mr. Bullis is reported to be engaged in buying horses in the vicinity of Westport for the American market. Should the new tariff regulations at present proposed on the other side come into force, this market will be practically closed to Canadians.

Ethan Pratt, Toledo, who went to New York to be operated upon for the removal of what was supposed to be a tumor, died yesterday during the progress of the operation. It was found that his disease was a cancer. Deceased was a Workman and will be interred by that Order.

Miss Lou Moxley, in conducting her school in Lansdowne, found it necessary to "trim" a refractory pupil. He was accordingly "trimmed," but the father of the boy objected to ornamentation of this kind, and brought Miss Moxley before a magistrate. Case dismissed with costs.

Gananoque school board has purchased a set of flags to be hoisted over the schools on certain days. We are not deeply interested in the flag-on-the-school idea, but we believe it is generally conceded that a new weather vane on the high school would add to its architectural beauty.

By petition the pupils of the high school secured a holiday yesterday and to-day (Tuesday). The Institute will occupy the school on Wednesday and Thursday, and these days with Good Friday and Easter Monday will give the students a welcome vacation. Their motto will doubtless be—"To the sugar woods, away!"

In requesting us to change the name of his paper from Toronto to Oakville, Rev. W. E. Graham says:—I enjoy the weekly visits of the REPORTER, knowing so many people in the county of Leeds where a large portion of my life was spent. My best wishes for your success in providing a good readable paper."

Mr. S. A. Jackson has renovated and remodelled the store formerly occupied by A. C. Barnett (Town Hall Block), and has placed therein a fine line of wall paper and fancy goods. The store presents a neat appearance and under Mr. Jackson's capable management will no doubt receive a fair share of patronage.

The heaviest snow-storm of the winter commenced on Friday morning last and continued until Saturday morning, when there was a depth of 6 inches of snow. The storm was not altogether unexpected as Old Probabilities had sent a warning and on Saturday a local prophet dropped into our office and informed us that he had told John Freeman all about it a week before.

Sausage kept constantly at Wilson's.

A Teachers' Institute meeting will be held in the high school on Wednesday and Thursday next. The first session will open at 10 a.m. on Wednesday, and in the evening of this day a public meeting will be held. All teachers in East and West Leeds are expected to be present, and there will no doubt be a large attendance on both days, as the roll will be called at the opening of each session.

A firm doing business in Newboro were summoned before a magistrate under the transient traders by-law of that village and were fined $10 and $3.70 costs. The fine is said to have been paid. A transient trader in Athens must contribute $50 to the funds of the village before commencing business. This sum will be allowed him on his taxes should he remain long enough for his business to be liable to that amount.

On Sabbath evening Rev. Mr. Teasdale, president of the Nova Scotia Conference of the Methodist Church, preached in the Presbyterian church here, taking for his text Heb. III.; 2. "Who was faithful to him that appointed him as also Moses was faithful in all his house." Mr. Teasdale possesses a fine voice, an excellent delivery, and very favorably impressed the large congregation assembled with his earnestness and eloquence.

On Friday evening, April 11th, addresses on the "Agricultural Resources and Advantages of the Canadian North-West" will be delivered by the Hon. Senator Perley, of East Assiniboia; Thos. Earl, M.P., of Victoria; and Geo. Taylor, M.P. His Honor Judge McDonald will preside. Chair taken at 8 o'clock. Ladies specially invited. The lecture will, of course, be free. We need scarcely urge the farmers of this vicinity and others interested to attend. Many conflicting reports respecting the North-West have been circulated here, creating doubt and distrust in the minds of many who, dissatisfied with their lot here, looked upon the unshorn fields of the prairie province as a refuge from the ills that beset them. It is important that the true character of this land of promise should be better understood by the Ontario farmers, and surely no better means of obtaining this knowledge could be desired than that of listening to these public men who possess a practical knowledge of the capabilities of the country, and whose positions place them above the suspicion of desiring to boom that province. There should, and no doubt will be a large attendance on the 11th.

Mr. and Mrs. W. H. Johnston and family, accompanied by Mr. Lyons Davison, left Athens this morning bound for Tacoma, W. T. That town was boomed a few years ago and the boom has not yet ceased, so that we may reasonably hope that Mr. Johnston will share in the profits arising therefrom to the extent that his industry and ability will surely entitle him. We have not learned Mr. Davison's intentions. On Monday evening about thirty of the friends of Mr. Johnston and Mr. Davison, among whom were many of the first business men of the village, tendered them a banquet at the Armstrong House. After the company had demonstrated their appreciation of the excellent bill-of-fare, the Reeve, Mr. W. G. Parish, was chosen to preside and under his courteous administration a thoroughly sociable and enjoyable evening was spent. Nearly all present responded to the chairman's invitation and delivered short addresses, expressing their deep regret at losing from our village such worthy citizens. The exodus of our young men to the States was deplored, and a consideration of this lead to a broadening of the field for discussion, and while expressing regret that the conditions in Ontario were not such as to retain her sons within her borders, many of the speeches were full of patriotism and declared confidence in the future of the Dominion. The friends dispersed after the singing of Auld Lang Syne.

A Hustler.

On Saturday last Mr. Arza Sherman returned to Athens from Colborne where he had been engaged in erecting a cheese factory for Mr. Wallace Knapp. The main building is 20x50 ft., 1½ storeys high; engine room, 12x12; weigh shed, 12x16. With a gang of only six men (who, by-the-way, were from this village), Mr. Sherman completed these buildings from the ground up in seven days. Mr. Sherman is recognized in this vicinity as being an expert in the construction of anything relating to the cheese industry, and we are pleased to note that the fame of his skill has extended so far beyond the bounds of the county. He has the contract for furnishing this factory throughout, from the "corner stone to the dustpan," and no doubt his manner of doing it will secure for him other contracts in that neighborhood, where the farmers are just beginning to recognize the importance of dairying. In many important particulars Mr. Sherman found that the factories west were far behind Leeds County in respect to appliances for manufacturing. This was to be expected, as Leeds County leads Eastern Ontario, and the East leads the West along the path to prosperity marked out by the dairy cow.

OBITUARY.

Henry L. Hagerman departed this life on Friday last at the residence of his son, Athens. Mr. Hagerman was born in Elizabethtown on Dec. 1st, 1806, being at his death aged 83 years, 3 months and 28 days. His children are John, who resides in Chicago; Henry, at whose home he died; Norman, of Denver, Col.; Mrs. F. L. Moore, of Addison; Mrs. Barrington, of Elbe Mills; and Maria unmarried. In early life deceased had received a good education and for a number of years he taught school, after which he purchased and successfully conducted the mills at Temperance Lake for a period of twenty years. During this time the mills were greatly damaged by a freshet and were finally destroyed by fire. In this way Mr. Hagerman sustained heavy losses from which in subsequent years he was unable to recover. The closing years of his life he spent in Athens, and our citizens will recall with pleasure the fact that his mind was not impaired by the weight of years. His views of life were softened and refined by time, and under the *nom de plume* of "Eno" he contributed to this paper many meritorious poems. He was, during his whole life, a strong advocate of temperance and a staunch Liberal.

A severe frost has destroyed the first fruit crop in Florida.

The village of West Winchester drops the West after to-day, April 1st. This change is made on petition of the inhabitants of the village, to the Provincial Legislature, which passed a special act making the required change.

There is a curious prescription in England for the cure of drunkenness, by which thousands are said to have been assisted in recovering themselves. The recipe came into notoriety through the efforts of Capt. Vine Hall, commander of the Great Eastern steamship. He had fallen into such habitual drunkenness that his utmost efforts to regain himself proved unavailing. At length he sought the advice of an eminent physician, who gave him a prescription which he followed faithfully for several months, and at the end of that time he had lost all desire for liquors, although he had for many years been led captive by a most debasing appetite. The recipe, which he afterwards published, and by which so many have been assisted to reform, is as follows: "Sulphate of iron, 5 grains; magnesia, 10 grains; peppermint water, 11 grains; spirit of nutmeg, 1 drachm; to be taken twice a day." This preparation acts as a tonic and stimulant, and so partly supplies the place of the accustomed liquor, and prevents that absolute physical and moral prostration that follows a sudden breaking off from the use of stimulating drinks.
