NEWBORO.

MONDAY, April 13th.—Mr. H. Laying shipped a car load of syrup from this station for Winnipeg last Saturday.

The ice is fast disappearing from our lakes. It is expected that the canal will be free of ice before the 1st May.

The farmers in our vicinity are begining spring plowing.

Mr. Willis of the Dominion House is making extensive repairs in his hotel this spring. He shows a great deal of taste and energy.

By the way the boys turn out with their spears, the fish will be quite scarce for the American pirates this summer.

While your scribe was making his rounds the other evening, he was fortunate enough to find an open letter belonging to some person who may be anxious for the recovery of the same. On account of no name being signed to it I will have to give the item verbatim so as to enable the owner to identify it. The following is a copy:

Dear Tom—I was verry sorrie that that I was not at home last knight when you cald to see me. Please cal agane and be shure to ware youre tie for I want a peace of it to poot in my crasie quilt. I remain,

FRONT OF YONGE.

Mr. Jacob Warren and A. W. Mallery have some some law business to settle in the court of chancery.

Our highly esteemed friend, Mr. James Herbison is now visiting the farmers and others in this township as enumerator.

Grain has been sown in this locality and we fear it will never come to maturity as there is great danger of rot.

Highcock and Day of Delta, have a large vineyard in which they grow all the small fruits required, in our climate Mr D. D. Tennant and Mr. Samuel Avery of Junetown have purchased a splendid stock of grape vines from the aforesaid firm and they are growing nicely. We looked over Mr. Tennant's vineyard and if nothing happens, in a few years and gentleman will be able to tread his own wine press, not alone but with his family.

Mr. Joseph Hall of Junetown got kicked by a horse in his stable last week and lay senseless for some time. He was injured on the face but is slowly recovering.

Mrs. Lakens had the misfortune last week to lose her pocket book containing some money and a valuable ring.

Rough roads between Athens and Mallorytown. Mr. Hogaboom can vouch for the assertion. He passes over it every day and some days twice.

ADDISON.

MONDAY, April 13.—Again it is our sad duty to chronicle the death of one our oldest and most respected residents in the person of Mrs. Chittenden Monroe, of Mount Pleasant, who passed over to the great majority on the 9th inst., in the 75th year of her age. She had been a great sufferer for a number of years with that dread disease Asthma, but her sudden demise was quite unexpected, as she had rallied from other attacks that seemed to be more serious. She was a kind and affectionate wife, a loving mother, a good christian of whom naught could be said but praise. She leaves a husband, three sons and one daughter to mourn their loss, but their loss is her gain. The family have the heartfelt sympathy of this entire community in this their hour of sorrow.

Mr. William Cross and lady of Irish Creek paid our village a short visit this week and was the guest of Mr. E. Wiltse of King street.

Mr. H. S. Moffatt has shipped over two hundred gallons of syrup this week to Ottawa and other eastern points for which he was paid the highest price.

Again the smiling face of Dr. Brown of Mt. Pleasant is seen on our streets, the Dr. has been confined to his house for some time with mumps and was missed very much.

Peace and quietness is again restored at Reynard Valley and the smiling countenance of the mighty minred of that place is seen in our village again.

Mr. Alf. Church and family of Mount Pleasant is suffering from the mumps.

ELGIN.

Scarlet fever is raging to some extent in Westport on account of which the public school has been closed. Only one case has as yet proved fatal that being the case of Katie, only daughter of Rev. D. Y. Ross. The bereaved family have the heartfelt sympathy of the community.

Mr. Whiteworth of North Augusta opened a general hardware store this week. His stock is well assorted and consists of almost everything in the hardware line from an anvil to a carpet tack.

The telegraph office has been removed to the post office. This is a more public place than its previous situation and the business will no doubt receive as good attention as it formerly did now that John has everything arranged satisfactorily.

Mr. Geo. Jeacle was seriously injured last evening by being thrown from his gig into the river at Maberly.

LYNDHURST.

SATURDAY, April 11.—There has been two millinery openings in the village during the week, superintended by Miss C. Sexton of Delta and Mrs. J. Patterson of Athens.

CORRESPONDENCE.

To the Breeders of this Section:

I have purchased another very fine Stallion, Rysdyk Hambletonian. I purchased him from Mr. Sands S. Smades, he having purchased him as a yearling from Mr. J. P. Wiser, proprietor of the Rysdyk Stock Farm, Prescott Ont., he is son of Rysdik, 653, Sire of Clingstone thirty-one heats 2.14, Dam Fanny Columbus, daughter of that great American horse called Columbus. Rysdik Hambletonian is one of the finest of colored horses in Canada being, a dark Mahogany Bay that never fades, he weighs 1300 lbs and is a very heavy boned horse and is the Sire of some of the best stock that has been raised in Canada, several of his colts was bought and trained in Ogdensburg and went to New York and was sold for very high prices. Mr. Rufus Lane, farmer at Lyn, sold a span of his colts a few weeks ago to a Canadian for $500. Rysdik Hambletonian as a four year old was handled for a few weeks and showed 2.40 gait. Also the services of the Standard Trotting Stallion Star 4347, record 2.30 is extended to the breeders of this section for the season of 1891. Star is without doubt the finest Stallion owned in Canada and is the Sire of some of the finest colts in Canada. Star's colts are large and handsome and shew great speed, Stars oldest colts in this section are two this spring and his oldest colts are three year olds, I have seen some of them they are good ones. Now there has been considerable talk through the country running down Star and his colts, especially at Delta. Now what I have to say concerning this buldozing is that I will show my Stallion Star 4349 against any Stallion in the County, and I will not confine them to these Counties, I will show him against any Stallion in Canada or in Michigan. These colts they are running down so much I will show them against any colts in the world the same age. Now these men that are doing so much blowing, think they can out show Star and his colts I will make it interesting for them. Star is worthy of a place in the household of kings and queens.

A good horse with a good pedigree is what the breeder needs.

Breeding to the scrub is saving one dollar and losing five.

Wherever the Star or Rysdik blood is planted a crop of trotters is sure to spring up.

The Hambletonian and Pilot family has raised the trotting horse of America to the highest point of perfection.

If you want a carriage horse a family horse, a roadster, a trotter, a general purpose horse or a horse to sell for a large amount of money breed to Star or Rysdik.

A glance at Star's and Rysdik's breeding: Stars, Sire Penny Pack, 2445, he by Mambrino Pilot 29, Dam Lady Fashion by Black Hawk 24. Ryedik's Sire, Rysdik 653, he by Ryedik's Hambletonian 10, Maud S., 2.08¾, sired by Harold, he by Ryedik's Hambletonian 10. Dam by Pilot Junior he by Pilot 29. Jay Eye See 2.10 bred the same way, the great Stallion Phallar 2.13¾ the same, Clingstone 31 heats in 2.14 sired by Rysdik 653. Bear in mind Star, our Rysdik Hambletonian, has the same breeding as the fastest horses on earth. You will see particulars concerning route later on in Reporter.

Star was bred at the Rysdik farm, which fact in itself should be a sufficient guarantee of excellence. With reference to this farm, the Ogdensburg Journal, of the 13th inst., publishes the following:—

Mr. J. P. Wiser, of Prescott, has been awarded the $500 carriage given at New York city last month for having had six Standard mares and horses and receiving the largest amount of money of any six horses at the Kellog sale, owned by one person.

JOHN B. HILL.

The atmosphere at Reynard Valley has been somewhat murkey of late by a little unpleasantness, which is said to exist between the members of the principal family of this now somewhat noted and romantic spot. It appears from reports that the head of the family had been in the habit of coming home in a condition not sanctioned by his other half. The consequence was that angry and naughty words were hustled from one to the other which finally culminated in a general melee, the result of which was that part No. two of the household was unceremoniously bounced (with her three children) into the road, and ordered to find other quarters. They made their way to the classic village of Athens, where the wise counsels of Justice dispenser Cawley were invoked. It is reported also that it took the law dispenser several days to make up his mind that there were sufficient grounds for his interfering in the matter, but finally he yielded to the gentle persuasion of his fair client and decided that her complaint was good enough to warrant him in sending for part number one. In the meantime part number one had decided to seek other quarters and offered the jersey heifer and the clutch of leghorns for sale. With the money thus obtained he started on a journey around the world but decided before going across water that he would have one more look at the "wee bairns" that he so rudely turned from the parential roof. On his reaching the place where they had found temporary shelter his heart yearned for the companionship of one at least of the trio and he took the little lad up in his arms and despite the remonstrances of part number two and the neighbors he started on foot towards his lonely and deserted dwelling. Three days elapsed before he was interviewed by the majesty of the law in the person of Constable Brown, who solicited his attendance at the bench of justice in Athens. Here the level headed dispenser of justice tried hard to reconcile the parties and while he allowed the pair to recount their grievances up to a certain point for the edification of the unwashed who thronged the Court of Justice, he kept them well in hand and finally after imposing a nominal fine of $1 and costs on the head of the family, had as he thought a just claim to the peacemaker's blessing. The terms upon which a truce was effected, was that part number one was to procure a covered carriage and drive part number two home in state. The carriage was procured but when driven in front of the stopping place of part number two, she objected to riding in such a peblican looking rig and declined to go. Part number two put the livery rig back in the owner's stables and trudged on foot to his deserted domicile, where he settled down to his every day work in the usual manner. A sympathetic neighbor hearing of the difficulty, in the way of an amicable settlement of it, hitched his chariot and drove up and interviewed part number two and the offshoots, who were soon on their way to the classic valley, where on arrival they were received with outstretched arms and the every day life of the family moves on as before, and just as if nothing had happened.

A PRESENT TO OUR SUBSCRIBERS.

It is with pleasure that we announce to our many patrons that we have again made arrangements with that wide-awake, illustrated farm magazine, the AMERICAN FARMER, published at Cleveland, Ohio, U.S. and read by nearly 200,000 farmers by which that great publication will be mailed direct, PRIPAID, to the address of any of our subscribers who will come in and pay up all arrearages on subscription and one year in advance from date, and to any new subscriber who will pay one year in advance. Those who availed themselves of our offer in 1890 are highly pleased with the paper and nearly all are renewing for 1891. This is a grand opportunity to obtain a first-class farm journal free. The AMERICAN FARMER is a large 16-page journal, of national circulation, which ranks among the leading agricultural papers. It treats the question of economy in agriculture and the rights and privileges of that vast body of citizens—American Farmers—whose industry is the basis of all material and national prosperity. Its highest purpose is the elevation and ennobling of Agriculture through the higher and broader education of men and women engaged in its pursuits. The regular subscription price of the AMERICAN FARMER is $1.00 per year. IT COSTS YOU NOTHING. From any one number ideas can be obtained that will be worth thrice the subscription price to you or members of your household, YET YOU GET IT FREE. Call and see sample copy.

AMERICAN FARMER CO., HAMILTON, Feb. 14, CLEVELAND, OHIO.

GENTLEMEN:—We desire to say that as a Premium Paper we have found the American Farmer to be a first class journal in every respect. It has enabled us within the past four months to add several hundred new subscribers to our list, besides clearing up our ledger of several thousand dollars for arrearages, and renewals in advance, as a success with us we cordially recommend it to others as one of the best Premium papers published to-day.

TIMES PRINTING COMPANY.

The *Times* Printing Company has sent the *Farmer* nearly 2000 subscriptions during the past few months. This means that at least that many persons have paid in advance for the *Times*, and surely we ought to reap rich returns also.
