GEO. G. HUTCHESON & CO.

We want to engage your attention about our Dress Goods Stock. If you have any thought of buying a dress you ought to see it. We are told repeatedly that there is nothing like them in Brockville for style and value. Ladies are good judges, and when they pass judgment it is generally correct. We have all the new makes and styles in Dress Goods, and some lovely new patterns in Challies. We will show the stock with pleasure.

Our stock of Spring Carpets has all arrived. As usual it is the largest selection you will see in this section, probably twice as large as any other stock. It comprises all grades of Brussels, Tapestry, Wool, Union and Hemp Carpets, also Velvet Carpets, Mattings, Carpet Squares with border all around, and Floor Oilcloths. Tapestry Carpets range from 30c. to $1.00 per yard. Brussel Carpets at 85c., 95c., $1.00, $1.10 to $1.25. Borders to match a great many patterns. Also Stair Carpets. Prices guaranteed as low or lower than the same quality of goods con be bought for, either in Brockville or in the cit es. We tell no fables about our goods; we guarantee them as represented or money refunded. We solicit the favor of a call of inspection. Carpet laying and making attended to when desired.

Telephone 149. GEO. G HUTCHESON & CO.

ROBT. WRIGHT & CO.

Have just received another large shipment of their popular

HEADQUARTERS for Stylish Millinery Show Rooms of Rob't Wright & Co. at rear end of store Thoroughly sorted up with new goods this week. Remember Show Rooms always open up to 10 o'clock on Saturday nights.

COLE BROS.' CARRIAGE WORKS.

The above cut is from a photo by our special artist, and is a correct representation of the Carriage Works, of Cole Bros., at Row's Corners, about three miles north of Brockville The carriages turned out by the Cole Bros. have obtained more than a local reputation for their excellence of finish, superior workmanship and style. The firm has been large exhibitors at the fairs, of all classes of carriages, from the heavy lumber wagon to the finely finished phaeton. Last fall at the Unionville fair they took 1st on phaeton, 1 on open carriage, 1 on pleasure sleigh, 1st market wagon, 2nd on covered carriage, 1st on lumber sleighs, 1st lumber wagon, 1 on wheelbarrow. This in competition with some of the best manufactories in Canada, speaks volumes for the superiority of their work. The work of finishing a carriage from the time the rough lumber and iron is brought into the shop until it is ready to hitch to is done in the shops, and under their own personal supervision. The shops are large and conveniently constructed and are capable of turning out a large number of carriages yearly. The number of hands employed usually ranges from 6 to 8 but in the rush of the season they often have nearly as many more. The firm are already at work during their spare time in finishing up a line of carriages for exhibition at the fall fairs and we believe it is their intention to make large exhibits at Unionville, Frankville, Delta, Lyndhurst, and Merrickville fairs this fall. Their ad. will appear in the majority of the prize lists of the above named fairs, where in their own way they will tell the public what they have to offer in the line of carriages for 1892. We can conscientiously recommend the Cole Bros. as first class workmen, reliable and honorable in their dealings, and we speak from a personal acquaintance of nearly twenty years.

GLEN BUELL CHEESE FACTORY

In the spring of 1881 Mr. C. J. Gilroy erected the cheese factory which is illustrated at the head of this article. The cut is from a pencil sketch by our special artist and was engraved especially for the columns of the Reporter. The making room is 28x32, is well arranged, and, under the efficient supervision of Mr. B. S. McConnell, is so well kept and clean that there is scarcely odor enough to indicate the business carried on in the room. The drying room is 20x40 feet. On the day of our visit there were between 75 and 100 cheese on the shelves which had a remarkably fine and uniform appearance. The whey house is a separate building in the top of which are the vats for the storage of whey. A steam injector forces the whey into these tanks, from which the drawers get their supply, under cover. This spring Mr. Gilroy threw out the old boiler and supplied its place with a fine new one of 16 horse power, and in order to make room for it and a large water reservoir, he enlarged the engine room to more than twice the size shown in the cut. The factory is now in its eleventh year and under the skilful management of Mr. Gilroy has steadily increased in business and popularity until this season he is making up the milk of 586 cows. He assured our representative that this large number of cows was obtained without driving a mile or canvassing a single person for their milk. We understand it is Mr. Gilroy's intention is putting in the large boiler to heat the building with steam and thus pave the way for making up to the 1st of January each year.

Mr. Gilroy is and has been the efficient secretary of the Brockville Dairymen's Board of Trade for several years, a position he occupies to the satisfaction of the cheese men and credit to himself. He is also the proprietor of a finely arranged country store, is postmaster of Glen Buell, and runs a large farm in connection with his other business. He is also identified in active church work and the fine new brick church, now nearly completed, owes its inception and present position in a large measure to the untiring energy and zeal of Mr. Gilroy. On the day of our visit a number of the farmers from the vicinity were busily engaged, helping Mr. Gilroy plant some very fine ornamental trees in front of the church lot. It is expected that the church will be ready for dedication in a short time, when we hope to be able to give a short synopsis of the opening as well as a cut of the building.

We may add in conclusion that the neighborhood of Glen Buell is peopled with a class of farmers whose comfortable condition, industrious habits, genial disposition, and courteous intercourse with each other are very commendable. These are the sterling qualities which go to form the basis of Ontario's intellectual, social, and financial greatness.

COUNTY NEWS.

INTERESTING LETTERS FROM OUR STAFF OF CORRESPONDENTS.

A Budget of News and Gossip.—Personal Intelligence.—A Little of Everything well Mixed up.

ELBE MILLS.

MONDAY, May 9.—Miss Jennie Tweedy, who spent the winter in Toronto with her parents, has returned to her former home at Mr. Wm. Osborn's.

Miss Mary Moore, formerly teacher here, spent Saturday and Sunday at Mrs. Jas. W. Brown's.

Mr. Mallory sent away his first cheese boxes for this season last week.

An almost nightly deputation from Addison passes through here on their way to Temperance Lake for suckers.

The old mare with the extension stomach is making it lively for the young man at Burr Hill, running away two or three times this spring.

Some of our young men take exception to my remark last week about the horse and buggy from Athens, but Frank drives a good rig and don't take dust from any of them.

FRANKVILLE.

MONDAY, May 9.—The farmers are nearly through seeding.

The game of quoits, we notice, is becoming quite popular with our young men.

Our poet still remains incog.

Arbor Day was celebrated by our school.

Mr. F. Hewitt, of Kilborn's Corners, has obtained a situation as clerk with Mr. Beach of Athens.

We congratulate the correspondent of Frankville to the Recorder on his or her owl-like wisdom and facility in acquiring information of all things which transpire in this vicinity (and some things that do not), but would recommend a study of the rules of syntax before making any further attempts at compositions.

We have lately an application of the old adage "rain is good for young ducks." Our east end small boy, whose feelings rose above all difficulties, walked some distance to the house of his lady-love in the midst of a rainstorm. We admire his pluck.

FORFAR.

TUESDAY, May 10.—We are pleased to learn that C. F. Myers is slowly recovering from his recent illness and is now out of danger.

Mr. Hugh Henry of Kingston Mills has been engaged as assistant cheese maker by Mr. Hollingsworth.

Mr. Jas. Ackland spent Sunday in Athens.

Most of the farmers have finished seeding.

R. E. Young left for Grand Forks Dakota this morning (Tuesday). He carries with him the best wishes of all. Especially of the fairer sex.

Philipsville cheese factory manufactured seventy five cheese in April.

LYN.

MONDAY, May 9.—La Grippe is doing up the village again. Several very severe cases.

The Eyre Mfg. Co. are busy getting out wheelbarrows, cheese boxes, &c. They have the custom sawing about cleared up.

The Ag. Works have turned out quite a number of Paragon rollers and are now busy on corn planters, horse-hoes, and cultivators, for which there is a prospect of a brisk demand.

The Horner revival is still going on and appears to be quite successful. A great many who are impressed by the sermons and exhortations are completely knocked out when the uproar of the after-meeting commences. The subject this p. m. is to be "Ornamentation in dress."

Farmers are about through seeding—ready for warm weather and rain.

The Vacant Jailership.

It is not very often that we dabble in politics in the columns of the Reporter, although we make bold to say that both political parties know just where we stand when an election comes on. Our only reason for writing this article is to press the claims of the rural portion of the county to a reasonable share of the offices in the gift of the Ontario government. As our readers are aware, a vacancy has been created by the resignation of John White as jailer at Brockville. It is rumored that there are a score or more of applicants for the position, and, as usual, the town of Brockville is pressing the claims of some of her citizens to the appointment. At present the following offices in the gift of the Ontario government, are held by citizens of Brockville, viz.: High Sheriff, Deputy Sheriff, Registrar, Clerk of County Court, Clerk of Surrogate Court, County Attorney, Clerk of the Peace, and member for the riding. The only offices held by citizens of the riding, outside of Brockville, are the two license commissioners (non-paying offices) and the license inspector. Even the chairmanship of the license commissioners had to be given to a man from Brockville, who already held a good fat office from the government. A few years ago when the High Sheriff was appointed, a man from this village was put forward for the position, but although he had done far more for the party, and occupied no second place as to ability his claim was quietly ignored. The office of gaoler is in every respect a county one. The counties pay the salary while the town of Brockville contributes but a very small portion towards that or other expenses connected therewith, and we believe that the Rear Yonge and Escott and Athens should in all justice be given the appointment. To the credit of the Dominion government be it said, that since John F. Wood, M. P. has been the member for the Brockville riding he has made an innovation on the old order of things by appointing Messrs. Simpson, Montgomery and Shepherd from the country to official positions. A howl is said to have been raised by a few of the faithful from the town of Brockville. But what of that? It was right, and the party at large sustained Mr. Wood in making the appointments. In this case, we presume, if the appointment is given to a man from the country there will be another howl from the town of Brockville. But what of that? If the electors of the rural portion of the riding are simply to be treated as hewers of wood and drawers of water, it is high time that they knew it. We understand that there are applicants from Rear Yonge and Escott and Athens who are in every way capable of filling the position. Men who have worked early and late for the party, men who on more than one occasion have stepped aside to make way for some one of the appointees to offices named above, and we claim the office of gaoler should go to some one of them. We do not ask it as a favor, we claim it as a right, and we firmly believe that a very large portion of the Brockville Riding will say that our claim is a just one and should be granted.

A report has been circulated in Athens that Nelson Earl, of the Phillipsville brick yard, had no brick on hand. He wishes to inform all those in want of first class brick that he has a full stock of as good brick as made in the county, now on hand for sale at very reasonable prices, either at the kiln or delivered at Elgin station.

BOYS' CLOTHING.
We're in the Boys' Clothing business and hope to get a share of your custom. Many people think that all boys are alike, that all the clothing is alike—but they don't buy diamonds that way, nor even eye-glasses or celery. We expect as much fairness for our Boys' Clothing. It's the good particulars that make good Clothing. The merchant who fails to provide the proper clothing and proper assortment will most likely cross the "scratch" last man.
Those who know our clothing know we've got what's right—right in style, right in price.
The clothing is for sale. We want your money—you want clothing—a mutually profitable agreement.
PROBS—Cloudy; showery; stationery, or higher temperature.
