Teen drawing workshops offered at CVA cottage

Stephanie Schirm, a well known local artist is giving lessons to teens every Monday after school at Cedarvale Cottage. While Schirm usually teaches at art schools and colleges further from home, she has agreed to spend some time giving local students a chance to benefit from her knowledge and experience.

She knows that students, hoping to get into further art studies at a college or university level, need an excellent portfolio of their works to present when applying for admission. Students will be guided through

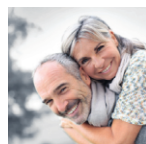

the elements and principals of design, while exploring different drawing techniques, with a number of different dry drawing materials, from pencils, pastels, charcoal to ink.

Because this is an ongoing series of workshops for teens, this program can be started at any time and the student will work on independent pieces and progress at their own level.

THERE'S HELP FOR LOW-INCOME HOUSEHOLDS

NEW Ontario Electricity Support Program.

You may qualify for a reduction on your electricity bill. It could be reduced by \$30 to \$50 each month.

Here's how it works: Low-income households can receive a credit on each electricity bill. The amount will depend on how many people live in your home and your combined household income.
