

HOW TO SELL YOUR HOME FAST

Experts Say: "Start planning for it 60-90 days before you sell"

Halton Hills (ON) --A recent interview with Yvan Desjardins of ReMax Real Estate Centre revealed several helpful tips for anyone who is thinking of selling their Halton Hills home.

"Most owners think that their homes will sell quickly. Everyone thinks that their home is special and will bring top dollar fast. In fact a lot of new listings that go on the market eventually expire with the home still unsold."

If you are going to be selling your house in the next 6 months, there are

some things you can be doing now that will help you get top dollar for your home when you do sell it. There is a free book available that shows you the things that buyers most look for in a home, and how to make your house irresistible to buyers. You'll learn: Why buyers love model homes and how to make your house show like one. How to sell your house in as little as 24 hours -- without even putting it "on the market". How a 25 cent upgrade could earn you an extra \$500 - \$1000 when you sell. How to find out what houses in your neighbourhood are really selling for and how long it takes them to sell. Why most

real estate advertising will never sell your house -- and what to do about it.

Yvan has compiled a free book that he calls "How To Sell Your House For Top Dollar - Fast!"

This book details several specific ways to prepare your house for sale and how to make your house irresistible to buyers. Yvan says the information in this report is the secret to his success selling homes so quickly and the reason he can sell any house in less than 90 days.
