

MUNICIPAL ELECTION

2006 DECISION

Ward 2

Jason Hilts

Age: 21

Occupation: Student and entrepreneur

Political experience: None.

I was born in Georgetown, spending much of my life enjoying what our rural areas have to offer. Over the years I developed great respect for Halton Hills, and its individuals.

The Hilts family has been part of this community for generations, and will continue for many to come. I have kept a watchful eye on the issues that arise in this area, and want to take an active role in giving it a positive, respectable future.

I am ready, and eager to give the citizens of Ward 2 true representation they deserve, to serve them for countless years ahead. Send a strong, new voice to council that will always remain. I ask that you allow me to work for you.

For more visit www.JHILTS.com.

Bryan Lewis

Age:

Occupation: Officiating consultant to the ECHL; officiating supervisor in the Ontario Hockey Association; retired from the National Hockey League (Director of officiating).

Political experience: Six years (2000-2006) Ward 2 councillor.

Message to voters: I have lived in the rural environment for more than 30 years. This allows me to be "hands on" to the rural issues presented. This may be as a result of development pressures to expand the urban boundary (an issue I oppose) or administration of the government Greenbelt or Places to Grow documents.

Rural Halton Hills is made up of hamlets, villages, residents, entrepreneurs and farmers. All bring a unique concern to the governance of rural road maintenance, transportation, truck traffic and police coverage.

The Hornby/401/407 prestige industrial gateway must be governed in an appropriate manner.

My experience on a variety of town/rural committees has, and will, enable me to be the best candidate for Ward 2.

Joan Robson

Age: "Smooth vintage".

Occupation: Interior decorator

Political experience: Six years (2000-2006) as Ward 2 councillor.

Message to voters: The time has come to change the way we expand our neighbourhoods and carve out our community's expansion.

People look for rural communities with a flavour. Having found it, they don't want expansion. The Province tells us we must absorb "x" number of new people so some growth is inevitable. Your municipality decides how to make that growth sustainable.

Our Official Plans must comply with the Province's Planning Act, but exactly how we do that, is our responsibility and that of the Region.

More jobs along the 401 Corridor, responsible sharing of transit and we absolutely must stand up for the community we live in and love. That means responsible choices by your councillors and strong communication from you to us so we can carry your voice forward.

Ward 3

David W. Adair

Age: 61

Occupation: Banker.

Political experience: None.

Message to voters:

As a longtime Georgetown resident I believe in preserving our small town quality of life. The next council has a great responsibility and a great opportunity to use the provincial Places To Grow legislation to our advantage. Halton Hills is required to develop a local plan, within three years, to conform to provincial employment and population increase requirements.

We can reduce upward pressure on our residential taxes, increase employment and increase the tax base by aggressively promoting prestige industrial development in the 401 Corridor. These new tax dollars will pay for the new facilities and services we need.

I believe that with co-operation with other Halton municipalities, modern planning techniques, community involvement and careful council consideration we can achieve Ontario population requirements without significant stress on our urban boundaries or well-based water system.

Mike Davis

Age: 47

Occupation: Business owner, professional engineer.

Political experience:

Three years (2003-2006) Ward 3 councillor and three years (1997-2000) Commissioner Halton Hills Hydro-Electric Commission Ward 3.

Message to voters: I'm seeking re-election as Ward 3 councillor because the next four years, when the Durable Halton Plan will be written, will define the future of Georgetown for years. I aim to work for balanced growth that preserves what people love best about our small town, but welcomes forward-thinking development that makes great use of appropriate land, especially in brownfield and greyfield areas.

I want to ensure that Georgetown gets its fair share of the Town budget. Most of our residential taxpayers— 60 per cent— live in Georgetown, yet our taxes help pay for the whole Town's costs. I take the long-term view when investing in infrastructure. We should pay for improvements now instead of paying more later.

I will be a fearless voice for Georgetown.

Moya Johnson

Age: 57

Occupation: Senior planner, Child Health Network for the Greater Toronto Area.

Political experience: 12 years (1994-2006) Ward 3 Councillor.

Message to voters: For 12 years I have had the privilege of serving as the Ward 3 Councillor in Halton Hills. I have a strong record of commitment to the Town and its citizens in the areas of public safety, accessibility for all, a balanced approach to change and growth, and fiscal responsibility.

If re-elected, I will continue to provide reasoned and accountable representation for the citizens of Ward 3 and Halton Hills. I will support growth of our industrial area in the 401/407 corridor, improved accessibility of Town facilities, improved fire protection and prevention services, maintenance and repair of our road system and careful attention to the town's finances.

On November 13, please choose experience and good judgment. Choose Moya Johnson as your Ward 3 Councillor.

David Kentner

Age: 61

Occupation: Retired caterer

Political experience: None.

Message to the voters:

These are my three campaign promises:

- I will work hard on your behalf
- I will be honest with you
- Your voice will be heard

Ward 3 faces a challenging future. We can't stop all growth, but "we can shape it"!

I support responsible budgets focusing upon "needs not wants".

I support developing an "environmental strategy" leading to a greener community.

I support improving senior services by seeking ways our community could reach out.

I support efforts to attract and retain physicians.

I support improved road maintenance and traffic safety.

I support improving recreation facilities such as: A spray pad and improved ball diamond grooming at Fairground Park, a water fountain for Dominion Gardens, completion of Trafalgar Sports Park and heat turned on in our arenas.

Municipal election fast facts

- There are 11 members (10 councillors and the mayor) on Halton Hills council
- Those elected on Nov. 13 will serve a four years instead of three
