Youthful enthusiasm marks GLT's latest offering

TED BROWN
Staff Writer

Everyone loves a good murder mystery. And it appears the stage of John Elliott Theatre was the scene of the crime as Georgetown Little Theatre opened *Rehearsal for Murder* Thursday night.

The plot is a play within a play, and centres around playwright Alex Dennison bringing together a group of actors who were present a year previously, when his fiancé, Monica Welles, fell to her death from her apartment window in an apparent suicide after lukewarm reviews of the play she was the lead in, on opening night.

Alex refuses to accept the suicide verdict, and is determined to find her killer. To do so, he reassembles the group under the guise of work-

ing on a brand new play entitled "Killing Jessica", and using scenarios that mirrored events that happened a year before, leading up to Monica's death, he exposes numerous motives to isolate her killer from the others in the group.

John Wallace plays Alex Dennison and delivers a solid performance as the determined playwright. At times, Wallace outshines the rest of the cast, with his acting talent.

Playing Monica Welles was Christina Noguera. Noguera portrayed her character with lots of enthusiasm, and was believable as the ill-fated actress.

Tyler Buist plays the old theatre custodian Ernie (as well as Mr. Santoro) and Alexis Eastman handles the part of Dennison's sunny disposition assistant Sally Bean.

Patti Caruso played the part of pompous

flamboyant producer Bella Lamb, and Lisa Rasanen took on two parts, as a police officer and as Loretta.

Jessica Lee portrayed shallow actress Karen, and Brandon Laxton played the part of the somewhat stiff actor Lloyd.

Marcel Jordan played lady's man actor David, and Gary McIlravey handled the part of Leo, a somewhat easily influenced actor who was involved with Karen. Dwayne Mailman took on the part of Frank Heller, and Adam Norton was police officer Lt. McElroy.

Rehearsal for Murder is certainly not one of GLT's better efforts. The play itself is not good material, filled with numerous problems in continuity, credibility and a couple red herrings thrown in for good measure.

NEW BREAK THROUGH FOR LOWER DENTURES

Does your lower denture move from side to side? Do you have difficulty in speaking? Or, in eating even the softest foods? Does your denture fly out of your mouth when you cough or sneeze? Do you have a flat lower ridge? If you answered YES to any of these questions, we could have the answer for you. Now, we can make those dentures fit firmly for virtually every lower denture wearer!

With the new MYOLOC SYSTEM. The product of over five years of extensive research, the Myloc System consists of varying sizes of specially designed "Wings". Once attached to your denture, these Wings give you the stability you've been hoping for and, it's completely invisible in the mouth.

It can be installed on your existing denture in the same length of time as a simple repair. With Myoloc, you won't experience any disruption of normal business or social activities.

Patients across the country are already wearing dentures with Myoloc Wings attached. They report greatly increased comfort when compared with dentures without the Myoloc System.

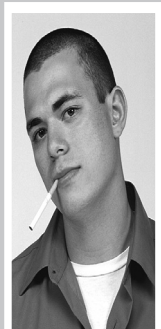

Myoloc has been designed to be affordable. In fact, the cost is about the same as a standard denture relin. We Specialize in problem lower dentures. Give our office a call to see if the Myoloc system might work for you.

Creating confident smiles since 1982.

Cool
or
Clueless?

Is there
really any
question?

There's no doubt about it: smoking pollutes your body and takes years off your life. Cigarettes are very addictive, very expensive and very unpleasant for those around you. If you do smoke and have thought about quitting, prove to yourself you can do it. It takes a lot of hard work and dedication, but you can live smoke-free if you try.

A STEPPING STONE FOR UNIVERSITY-
BOUND STUDENT-ATHLETES!

- 600 students enrolled from across Canada and over 30 countries worldwide
- outstanding facilities for academics, arts, athletics
- laptop computer integration • campus-wide wireless internet access
- over 50 sports and extra-curricular activities
- hockey, lacrosse, football, soccer, field hockey, rowing, rugby, basketball, swimming, volleyball
- distinguished university placement rate at Canadian and American universities
- many graduates competing in CIAU and NCAA sports
- merit scholarships and need-based bursaries available
- Post Graduate (PG) Year • SAT prep • Advanced Placement (AP) courses

ADMISSION INFORMATION SESSION

Best Western Inn and Suites, 7 Buena Vista Dr., Orangeville
MONDAY, FEBRUARY 26TH 7:30 PM

For more information, contact admission director/lacrosse coach Don Rickers,
905-684-1889, ext. 2255 don_rickers@ridleycollege.com

A FEW OF OUR MOST RECENT GRADUATES:

Alyssa Clarke (top) • Hockey **Tyler Burton (opposite) • Lacrosse**
• NCAA, Yale University, CT • NCAA, Mercyhurst College, PA

Ridley Women's Senior Quad • Rowing

• 2005 and 2006 Canadian champions
Chelsea MacPherson (Syracuse, NY) Kate Rickers (Louisville, KY)
Chandler Rumble (Edinburgh, UK) Liz Consky (Princeton, NJ)

NOTICE OF CONSTRUCTION

CONTRACT P-2007-C-01
MAIN STREET RECONSTRUCTION

The construction is expected to begin in mid February 2007, with completion expected by late June 2007.

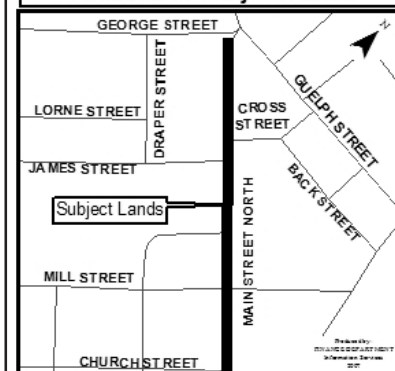

The work will include asphalt removal, storm sewer, watermain and wastewatermain installation, excavation, gravel, concrete curbing, sidewalks, centre island, asphalt, electrical and landscaping.

Plans detailing this project are available for viewing during normal business hours at the Engineering, Public Works & Building Services Department office. Inquiries should be directed to Mr. Martin Larkin, C.E.T., Capital Works Technologist, at extension 2317 or the undersigned at extension 2310.

The public is encouraged to support the Downtown businesses during this important revitalization project.

Ron A. Goddard, C.E.T.
Manager of Engineering Design & Capital Works 15
