## THE EDITOR'S NOTEBOOK

Once again, our members rallied to the challenge of the Annual Theme Slide Night to make our January Meeting a resounding success. The weather during the day was less than ideal, but those who attended enjoyed a wide selection of interesting and unusual marine views. Our thanks to David Bull for chairing the meeting, and to Roger Chapman for serving as projectionist.

Please reserve the evening of Saturday, May 13th, for our ANNUAL DINNER MEETING. Details concerning cost, programme, etc., will appear in the March issue so that you may order your tickets well in advance of the dinner and so be assured of having reserved space. Plan to attend this event, the highlight of the T.M.H.S. season.

Special thanks are extended to all of the many members who provided their assistance in preparing the extensive listing of winter lay-ups which appears in this issue. Any additions or corrections will appear in the March issue.

Please note that an error crept into the masthead of the January issue. The volume number should have read 'XXI' instead of 'XXII'.
