

will be held at the door for all those who have requested reservations.

**Please Note** that space is limited and this will be a popular programme. We must confirm to the restaurant the number of persons attending AND their dinner choices, so reservations, accompanied by payment must be received by Tuesday, May 7th. We regret that there can be no refunds after that date. Please plan to attend and reserve early for you and your party. The dinner meeting always is a high point of our season, and an evening enjoyed by all who attend. Won't you please join us?

In the New Member Department, a hearty welcome goes out to Paul Beesley, of Antigonish, Nova Scotia. We hope that you will enjoy your membership in the Toronto Marine Historical Society.

### BACK ISSUES OF "SCANNER"

From time to time we receive enquiries about the availability of back issues of "Scanner". We are pleased to announce that we now have for sale a number of complete sets of Volumes I through XXXIII. Each set contains nine issues, except for Volume I which has ten. Apart from the very early issues, most are in the same general format as today's "Scanner". Sets run from October of one year to Mid-Summer of the next. Some of the issues have been "pre-owned" and may show signs of use, although all are quite acceptable.

We anticipate a high demand, especially for the older volumes of which very few are in stock. If requests for a particular volume exceed the supply, we will hold a draw to ensure fairness. Price per volume is \$15.00 and postage is additional. Orders may be sent by conventional mail to Gordon Turner, 60 Southport Street, Suite 518, Toronto, Ontario M6S 3N4 or by e-mail to Gordon at [seafare@wvonline.com](mailto:seafare@wvonline.com). Please be sure to specify both volume number and years to avoid confusion. Deadline for ordering is Saturday, May 4th. Please **DO NOT** send payment until you are notified. Orders may be picked up at the annual dinner meeting aboard JADRAN as an alternative to mailing. All proceeds of the sale will be used to benefit the Society.

At present, we are selling COMPLETE VOLUMES ONLY. At a later date, we hope to make individual issues available, but please do not enquire until we make an announcement in that regard.

### ST. HELIERS REVISITED

Our Ship of the Month No. 268 in the March issue was the Canadian government lighthouse tender ST. HELIERS. We had most of her life pretty well pegged down, but noted that there was a divergence of opinion as to whether her 1930 lengthening and rebuild was done at Saint John, New Brunswick, or at Sorel, Quebec. It turns out that both are correct! The lengthening was done at Saint John, where her new hull section was assigned Hull No. 9. She then was taken to Sorel where the cabin work, etc., was done. She had been offered to the government by the private interests who brought her to Canada, but we do not know who those interests were. We also know that her very first port of registry was London, England, where she was given official number (Br.) 143436, that number being reactivated when she was sold Canadian. Our thanks to Rene Beauchamp, Montreal, and Roland Webb, Seattle, for this help.
