

Hospital entrance, parking changes

Milton District Hospital main entrance and parking lot off of Derry Road is currently closed. All public access has been redirected to 725 Bronte St. S., with the temporary changes required to allow for construction on the north-west corner of the property as part of the hospital's expansion.

Those coming to the hospital should note that all patient and visitor parking will be accessible from Bronte Street South only.

Patients and visitors must use the temporary main entrance on the west side of the hospital along Bronte Street South.

Emergency Department patients should continue to use the existing emergency department entrance.

The expansion is on schedule, with PCL Constructors Canada Inc. announcing late last week that it had achieved substantial completion of the project.

With an air-tight, 21-month design-build schedule, substantial completion of the expansion was executed by crews working on an active hospital site. According to PCL, some 600 tradespeople contributed a total of 1.2 million hours of work without a lost time injury (LTI).

"Accomplishing an excess of 1.2 million hours worked without LTI is a tremendous achievement," said PCL Toronto District Manager Kelly Wallace.

The 300,000-square-foot hospital expansion project is expected to be complete this fall.
