

McHENRY JAYCEES LAUNCH MEMBERSHIP CAMPAIGN. The McHenry Junior Chamber of Commerce has launched its membership campaign for the year 1961.

Membership in the Jaycees, one of McHenry's most active civic organizations offers many benefits to young men between the ages of 21 and 35, who are interested in serving their community. Through the local civic works that the Jaycees perform, a member can improve his contacts with business and community leaders while being given the chance to assume administrative leadership outside his business or job. Other plus features of Jaycee activities include: the experience in human relations gained through the supervision of other young men on a volunteer basis, and a chance to think on an administrative level, an important requisite to promotion in modern day business. Still another important facet of Jaycee membership, is the opportunity to carry out excellent public relations for his employer through civic participation.

The Jaycees don't just talk leader-

ship, they take positive action to train leaders.

Perhaps the ideals of the Jaycees could best be summed up by the Jaycee creed, which states: **WE BELIEVE:** That faith in God gives meaning and purpose to human life; That the brotherhood of man transcends the sovereignty of nations; That economic justice can best be won by free men through free enterprise; That government should be of laws rather than of men; That earth's great treasure lies in human personality; And that service to humanity is the best work of life.

The McHenry organization, a group of forward looking young men, fired with
