It's funny! but a soft-palmed woman can pass a plate of hot chicken soup to her neighbor at the head of the table with a smile as sweet as distilled honey, while a man with a hand as horny as a crocodile's back will drop it to the floor and how laround like a Sioux Indian at a scalp dance.

News has just been received in this illage of the death of Dr. Win. I Melendy, of Covello, California, which occurred at that place August 20th. Dr. Melendy was formerly a physician of large practice here, but moved from this village about eighteen years ago. He was a brother-in-law of E. M. and O. W. Owen.

pointment to the Naval Academy at Annapolis, on Monday, and will depart for that place the last of this week. Young Owen is 16 years of age, and is young man of more than ordinary ability, as was proved by his excellent standing before the examining Board at Elgin, which secured his appointment. His appointment is also a high tribute to the Principal of our Public School, Prof. S. D. Baldwin, under whose care he has been for the past five years. That one of his scholars should pass so creditable an examination and receive this appointment, is an honor of which he may well feel proud. To his new field, young Owen will carry the best wishes of every man, woman and child in this community, as he is honored and respected by all who know him. We predict he will come back crowned with all the honors that **Sustitution** can confer.

We found time to attend the Fair at Woodstock but one day last week, and that the last day of the exhibition. and consequently are unable to judge of its success, either financially or otherwise. The attendance on Phursday is said to have been large, but on Friday was far below what it usually is on the last day. The show of stock was fair, but not as good as we have seen it in former years. Dacy, the "Boss" Machine man had a splendid display of Buggies, Wagons and Agricultural Machinery generally, while Miller Bros., of Genoa Junction, Wis. had a good display of their handiwork in the shape of Buggies and Carriages. The new arrangement in Floral Hall was perfection itself, and the display of Paintings, Fancy Work and Plants was equal to the best. Whitson & Son and J. H. Earlie, of Woodstock, each had a fine display of Stoves, and arranged in a manner that could not fail to catch all, or nearly all, are pleased with the the eye of all who entered the Hall .-The vegetable department we have seen much better represented, and why this should be this year when there is such an abundance of everything in The horse show was as usual large that line and that of the best, we are at a loss to know. We were on the ground so short a

time and so late in the day that we are unable to give any extended notice either of what was done, or what was on exhibition, and shall therefore be obliged to leave that for others to do who were more favored with time

During the afternoon we listened for what we heard from the speaker and the remarks we heard from the crowd ple, no matter what his political belief may be, should be immediately asked to step down and out. To the door of such fanaties can be laid the non-success of our Fairs.

As regards the speaker he evidently knew as much about finance Satan does about preaching. Many of lous that any school boy could detect their fallacy. If this celebrated General? from Rochester, N.Y., expects to make himself famous by hippodroming in company with the President of our Agricultural Society, he will do well to study more and speak less, as every time he opens his mouth he is sure to put his foot in it.

If you will call your meetings, Mr President, independent of the Agricultural Society you will please the public better. We ask nothing for this advice.

Reeds Gilt Edge Tonic cures Fever

In the Whole History of Medicine No preparation has ever perform

such marvellous cures, or maintained so wide a reputation, as Ayer's Cherry Pectoral, which is recognized as the world's remedy for all diseases of the throat and lungs. Its long continued series of wonderful cures in all climates has made it universally known as a safe and reliable agent to employ. Against ordinary colds, which are the forerunners of more serious disorders, it acts speedily and surely, always relieving suffering, and often saving life. The protection it affords, by its timely use in the throat and lung disorders of hildren, makes it an invaluable reme dy to be kept always on hand in every home. No person can afford to be without it, and those who have once used it never will. From their knowledge of its composition and effects, Physicans use the Cherry Pectoral extensively in their practice, and clergymen recommend it. It is absolutely certain in its remedial effects, and will always cure where cures are possible. For sale by all dealers.
