SHORT BIOGRAPHICAL SKETCHES.

Of Prominent Members of the Southworthglennan Combination, in Easy Lessons for New Beginners.

This evening, my son, we will talk about the Public Administrator of McHenry County.

Is this man the Public Administrator of McHenry County? Yes, my boy.

What is a Public Administrator? It is a man whose business it is to settle the estate of any person who dies and leaves no kindred or friends.

Does this man do any business in this line? Scarcely any, my son. The name is about all there is to it.

Has he got any other business? Yes, my boy, he is a young limb of the law and does a little petty fogging in a Justice Court occasionally.

What is this petty fogger's politics? He is supposed to be a Republican, but a short time and the question remains still unsettled in the minds of many.

Does he take any part in the fight now going on about a man who wants to go to Congress? He imagines, my son, that he does.

What is he doing for this man? He does the principal part of his work on Sundays when he is furnished with a free livery rig and rides through neighboring towns...

Does he help them any? It depends my boy on the class of people he meets and the means employed. There are only one class of men that he can influence...

Didn't I hear you tell a man the other day that the Public Administrator gave an Eagle to the Mayor of Chicago once? Yes, my son.

Was it this Public Administrator that you was talking about? Yes, my boy, but you did not quite understand me. He was at the head of a delegation of prominent Democrats...

Such a nice present as that must have made the Mayor feel good? Yes, my hopeful, the whole delegation made several of his spry Eagle speeches to his "hilarious" guests.

Is this young Public Administrator a truthful man? He is considered such, my child, for he swore in a Police Court, about a year ago that he was in the habit of getting "full" twice a week...

What kind of a man is this Public Administrator, he is a very noisy young man, and imagines that he will be like a nightingale.

From what you tell me about this man I should think he could not be a very "prominent member" of the "Southworthglennan combination."

He is not, my child, but supes are necessary to all organizations of this kind.

EDITOR PLAINDEALER:—Knowing you are interested in the success of the county fair, I am pleased to inform you of what we are doing towards making the coming exposition one of the grandest and most instructive exhibitions...

GREENWOOD.

EDITOR PLAINDEALER:—The long continued cold and rainy weather calls forth an occasional murmur of complaint from the farmers...

A very serious accident occurred at the close of services at the church on the hill, on Sunday morning last.

Marshalltown is the most beautiful young city we have seen in the west. Her population is about ten thousand, and a more wide-awake class of people don't inhabit the planet.

"Our Country's Defenders," an organization similar to the G. A. R., held a reunion in their hall in the evening.

Did space permit, and were our memory of names perfect, it would be a pleasure to inscribe here a host of names like those of P. M. Sutton and wife, Revs. Day of the Presbyterian church...

All weather again interfered materially with the necktie social given by the Sons of Temperance, last Friday night.

In McHenry county few men can now be found with the effrontery or ignorance to declare their belief in any irregularities of John C. Sherwin's administration...

Our visit to Marshalltown, Iowa, last week, was one of the pleasantest trips we ever made, and will ever remain a flowery spot in memory's garden.
