The Ladies of the Universalist Society will hold a picnic at Fox Lake on Thursday, June 24th.

Fare, round trip, 50 cents. Remember the day and date, Thursday, June 24th, at 10 o'clock A. M. sharp.

LOOK out for the Board of Health. Read their notice in another column.

CHILDREN'S DAY, at the M. E. Church on Sunday last was largely attended and highly interesting to all.

One of our exchanges, in describing Heaven, says: "It is a world of bliss, fenced in with pretty girls."

LOCKE, the Baker, has a new advertisement this week. Don't fail to look it over.

WE understand that a limited amount of Clover Blossoms will be received at the Dryer, in this village, on Friday.

Do not fail to read the new advertisement of Fitzsimmons & Evanson, to be found in another column. It will pay you.

WE are under obligations to Will H. Mead for a copy of the Hoyle Democrat, published at Hoxie, Sheridan Co. Kansas.

CLEAN up and renovate around your outhouses. The Board of Health mean business and are liable to call on you any day.

An editor of one of our exchanges was taken ill last Sunday in church. The strangeness of the situation was undoubtedly too much for his nerves.

CHAUNCEY BECKWITH had the misfortune to break his arm, while getting into a wagon one day last week. Mr. Beck with has the sympathy of all in his misfortune.

THE Bread, Ice Cream, etc., for the Antioch Old Settlers' Meeting, at McDougl's Grove, to-morrow, will be furnished by Locke, the Baker, of this village.

THE first picnic of the season, by the Ladies of the Universalist Society, on Thursday, June 24th, to Fox Lake, by Steamboat. Let all drop business one day and have a good time.

JOHN HEIMER's carriage mare had the misfortune to get badly cut in a hard wire fence, and in the same lot where Fina, Walsh's mare was injured. We again say that barb-wires should be banished.

By the Rockton, Ill., Herald, a copy of which is before us, we learn that Rev. J. C. Bigelow, formerly pastor of the M. E. Church, in this village, will deliver the Fourth of July Oration at that place on the coming Fourth.

This section is just now experiencing the hottest weather ever known in the month of June. Saturday, Sunday, and Monday the thermometer ranged from 94 to 102 in the shade. Overcasts are a drag on the market just now.

Lost a Shepard Female Dog, that answers to the name of "shep." Any persons returning the same to S. Raymond, McHenry, or J. Raymond, Volo, or sending word to either place where she may be found, will be suitably rewarded.

It is said that a new and dangerous counterfeit of the silver dollar has lately been put in circulation; that it is almost perfect in die, weight and ring; and that the only way to tell it from the genuine is to drop it onto a stone, when, if it is bogus, it will break in two.

JAMES KITTLE, who lives four miles South-east of this village, had a valuable mare taken sick while in this village one day last week. Veterinary Surgeon Green, of Richmond, was sent for who gave but little hopes of her recovery. She was taken home on a pair of trucks, and at last accounts was alive and somewhat improved.

As per notice a matinee was held on the Richmond Driving Park on Saturday last, and quite a good representation went up from here. There were several good Races, the free for all being won by McKesson's horse and the three minute Race by Smith's "Jockey," with George Smith's "Lady Argonaut" second, both owned in this village.

Do not swear. There is no occasion for swearing outside of a printing office. There it is useful in proof reading, and indispensable in getting forms to press. It has also been known to assist in looking over the paper after it is printed. But otherwise it is a foolish habit.

We are under obligations to G. A. Burbank, Photographer, Woodstock, for a very fine Cabinet Picture of Dr. S. F. Bennett, Richmond, Ill. Mr. Burbank is one of the best Artists in the county, and the picture is one of the finest, and one which we greatly prize.

We are informed that there is a good prospect that D. Needham & Sons, the manufacturers of the Red Clover Blossom Extract, will establish their Laboratory in this village. This is one of the finest points in the State for this business, and we are glad to know that the Messrs. Needham contemplate coming here.

THE McHenry Brick Company are doing a rushing business these days. They have burned two Kilns already this season and will soon burn another. Brick are being shipped to different points as fast as they can be taken from the Kiln, and they have hard work to supply the demand. They shipped seven cars on Saturday.

A BRIGHT mathematician has figured out that during the next one hundred days Nature will enrich the American people at the rate of six millions of dollars a day through the medium of the corn crop alone, and it is stated that in no other country in the world is such a remarkably condition of things possible.

THIS is the time of the year when the voice of the average boy experiences strange mutations. In school when he is called upon to declaim a "piece" it is often impossible to hear him ten feet away. But in the very same afternoon his voice can be heard all over the ball grounds and clear over the fence, as he yells, "Go, now, you've got to go!"

THE Ringwood Cemetery Aid Society will meet at the Congregational church Friday evening, June 18.

PROGRAMME. Reading.....Thos. Richardson. Declaration.....E. W. Robbins. Instrumental music.....Emily Chase. Reading.....L. C. Andrus. Quartette.....Ed. Lamley. Declaration.....Mrs. Mary Dodge. Reading.....Mrs. Mary Dodge, Secretary.

FINE preparations are being made and rehearsals are being had to make Children's day both interesting and profitable, at the Universalist Church, next Sunday morning. Evening services will also be had of a different character. The Universalist denomination feel a just pride in being the originators of Rose, or Children's Sunday, long before it was adopted by the other churches.

HERE is a new inventor called the "slamophone," which is fastened to the door in such a way that a series of pendant hammers strike resounding harp strings when a door is closed, and a chorus of sweet sounds result. What a blessing this will prove to our married men! When our better half gets on her ear and slams the door shockingly, how nice the "slamophone" will come in. We intend to have this attachment supplied immediately.

THERE was received at the Clover Dryer in this village, on Monday afternoon 47,058 pounds of Clover Blossoms. There has been a regular army of Clover Pickers and the result is that the following sign can now be found at the Dryer: "No more Clover Blossoms received here." However, they are getting out of their rush, and Mr. Shepard informs us they will receive a limited amount on Friday of this week. Tuesday was pay day and they paid out \$2,700. This is a nice little sum to be scattered around for only about ten days work.

THE Sycamore Republican says: "Mr. G. W. Diller has driven away the these abominable current worms that were ravaging his garden by sprinkling the bushes with brine—not too strong—a pint of salt to a pail of water. If that is not effective give them hell—ebore. Go to the drug store and call for poke root or white hellebore, which should cost but 40 or 50 cents per pound; mix it with water, about an ounce to a gallon, and sprinkle it on your bushes; in about half a day you will find the worms on the ground with their hands on their stomachs and such as yet live will be yelling "On my!"

"RAINBOW PANTIES" are now the "go" in Chicago. The young ladies wear little aprons with the bottom left unhemmed. Every young lady has a number, and these numbers are placed in a box. The gentlemen buy tickets and draw from the box. After all the young men have found the ladies wearing the proper aprons, the master of ceremonies announces the conditions of the sewing contest. The young men are to hem the aprons, and the one doing the neatest, quickest and most careful piece of work is to receive a prize. The young ladies supply their escorts with needle and thread and at the call of time the fun begins with the efforts of the contestants to thread their needles. The prizes are sometimes quite valuable. The aprons are raffled off after the prizes are awarded.

4th of July Party. There will be a 4th of July Party, at Adams Hall, Johnsbrough, Monday evening, July 5th.

Music, Ringwood Band. Tickets, including Supper, \$1.

Dancing to commence at 8 o'clock, PETER ADAMS, Proprietor.

Ladies and Gentlemen's Summer Underwear at Bonsett & Stoffel's.

The Board of Health.

As warm weather is upon us it would be well for our citizens to remember that we have a Board of Health, whose duty it is to see that all nuisances, sources of filth and causes of sickness within the village are removed.

The Board consists of Dr. O. J. Howard, Geo. W. Bentley and Geo. W. Owen. We are requested by this Board to give notice that they are preparing to make a round of the village, and all persons are hereby notified to see to it that their cellars, outhouses, and in fact every spot and place about their premises are cleaned up in proper shape. And the Board would suggest that for outhouses, a cheap disinfectant would be Chlorid of Lime, Copperas or Crude Carbolic Acid. Either is good and cheap.

The Board also ask all Physicians and citizens knowing of any contagious disease within the village limits to report the same to the Board without delay.

The Board will do their whole duty and hope all good citizens will aid them in the work.

EDITOR PLAINDEALER:—Some one sent me last week a thing called a newspaper, which is dated at Nunda, containing a marriage notice, which at once stamps it pretended editor as both an idiot and a foul mouthed blackguard. This we learn, is the second or third time this idiotic individual has insulted his readers, and the citizens of Nunda must feel highly honored by such a mouth-piece. Whoever does us the honor to send us last weeks copy will please refrain in the future. We want no such sheet read in our family.

NUNDA.

EDITOR PLAINDEALER:—The young people of our Union School, accompanied by the high school of Woodstock, made up an excursion from here to Fox Lake on Saturday last, taking carriages from here to McHenry, and the steamer "Mary Griswold" from there. They plucked at the lake and came home at night declaring that they had enjoyed a glorious day.

As we have heard nothing said about the Re-Union of the old 95th regiment of Ill. Volunteers, we venture to inform the "old boys" that the people of Nunda very much desire that they meet here again on September fourth. We heard a very old soldier who was here last year, with whom we conversed on the subject, declare that it was the best Re-Union that the regiment ever had. And we heard many citizens declare that it was a complete success, except in one particular. And that was they said, that we did not furnish a free dinner for all old soldiers and their families. Many of them, and among them Uncle Huffman (and he always claims to belong to the regiment or the regiment to him) said it was a shame that we should get the boys to come and visit us and then let them pay for their dinner. So knowing the feeling of kindness and generosity that exists towards the members of that regiment, and in fact all old soldiers, we have no hesitancy in saying that if they should decide to meet here we will do as well by them as we did last year and the dinner would be free.

Now another thought in connection with the coming re-union. It is always said by all hands we never have any time to visit. Many of our old comrades come from distant states and it is too much of an effort and expense for the opportunity to visit. Now let us have a three days camping out at Crystal Lake. We can secure the most beautiful camp ground in the country there. Let us have the tents all up on Thursday the second, and then if we have fair weather have all our programs rendered on a platform in the open air on Saturday and if rainy we could go to our two large rinks here. That will give us time to visit. Let our committee bear themselves soon, call a meeting here as they did last year and settle details at an early day. Your correspondent is conversant with the amount of work to be done by committees, and we want a good deal of time to do it. Our invitations to comrades and others ought to be sent out soon. Last year we would have been rejoiced with the presence of our old division Commander if we had staged in soon enough. Let us hear from comrades.

The commencement exercises of our Union School will be held in the Congregational Church at the Lake on Thursday evening next. There are only two graduates. Miss Nina Darby has the salutatory and Miss Louise Wilbur the valedictory.

As we write the thermometer is crowding up and at three P. M. stands at 95 in the shade. One can stand by a cornfield and hear it crack as it shoots upwards. "or words to that effect." This section needs rain.

We noticed the broad smiling face of one of McHenry's boss business men, John Evanson, on our streets on Monday of this week.

The villages of Nunda and Crystal Lake have revised their ordinances. They were compiled and edited by M. F. Ellsworth, and will be published in pamphlet form.

A number who claim to be old friends of H. C. Faber, received a copy of the spy little Gazette last week. Many thanks.

On Thursday evening of this week Rev. Chas. Fraser, of Genoa, will give us a lecture for the benefit of the M. E. Church. Subject "David Livingstone." Admission fifteen and twenty cents.

Mrs. Wm. Rotnour may be found Saturday of each week at Mrs. Frank Millis's, where she will cut and fit dresses by the Taylor system. These washing dresses cut in a neat and stylish manner will do well to give her a call.

The attendance at the band concert was very large and judging from the applause all were highly pleased with the programme, which was fine, taking into consideration the short time in which it was prepared. "The two Rosebuds" song and dance by E. O. Rowe and Frank Millis deserve especial mention and the original farce, "Engaging Domestic" was acted to perfection. It is needless to say all enjoyed the dance. The Band feel very grateful to all for their assistance and the interest shown by their presence.
