

The McHenry Plaindealer.

"Pledged but to Truth, to Liberty and Law! No Favors Win us and no Fear Shall Awe."

VOL. 24.

M'HENRY, ILLINOIS, FRIDAY, JUNE 9, 1899.

NO. 49.

TO THE REALM ON HIGH.

FOUR DEATHS HAVE OCCURRED HERE WITHIN A WEEK.

Mrs. John Kernebeck Ends This Life Tuesday—Funeral of Mrs. Rose Oertel Held Tuesday at St. Mary's Church.

Mrs. John Kernebeck.

Extreme sorrow prevailed in this city Tuesday on learning of the death of Mrs. John Kernebeck, which occurred at the family home near Ringwood, that day. She and her husband expected to move to this place, either in the spring or fall, and they purchased the Wm. Stoffel residence and lot with the intention of erecting a large house thereon.

She was the daughter of the late Nicholas Shaefer and was married to John Kernebeck about fifteen years ago. Mr. Kernebeck is a prosperous farmer and owns a valuable farm near Ringwood. She leaves her husband and six children to mourn her sudden and unexpected death. The funeral service was held Thursday forenoon at the German Catholic church at Johnsburg, Rev. Father Mehring celebrating mass and the interment in the St. John's cemetery. The pall bearers were: Joseph Justen, John Freund, Herbert Freund, Anthony May, Frank Miller and Wm. Tonyan.

Mrs. Rose Oertel died at the home of her son, Louis, in this city early Sunday morning. Her illness was brief; for she had been sick but two days, when the final summons came and she passed to the great unknown. The funeral services were held from St. Mary's German Catholic church Tuesday, at 9 o'clock, Rev. Father Kirsch celebrating mass. The pall bearers were Tony Weber, Matt Weber, Matt Englen, Joseph Heimer, John Neiss and John Buch. They are all members of the Catholic Order of Foresters, which organization attended in a body.

The decedent was born in Baden, Germany, in 1828, and there married Sebastian Oertel. They remained in their native land until 1880, when they came to the United States and settled in Chillicothe, Ohio, where they remained until 1891, then moving to Chicago, where her husband died. She moved to this place with her son, who is employed by Barbison Bros. in their cigar factory, in 1898.

She was the mother of a family of eleven children. The children are: Lucas, John and Mrs. Frank Finkl, of Milwaukee; August and Mrs. Geo. Mendi, who reside in Germany; Joseph, Weston, Ohio; Frank, Chicago; Charles, Denver, Colo.; Mrs. Fred Higdon, Alamosa, Colo.; Henry, Chillicothe, Ohio, and Louis, McHenry.

Those who were here to attend the funeral included her son, Henry, of Chillicothe, Ohio, Frank, of Chicago, and Mrs. Frank Finkl, Milwaukee, the other children being unable to attend. Her grandson, Chas. Oertel, of Weston, Ohio, and her grandson and granddaughter, Gottfried Oertel and sister, Clara, and also her daughter-in-law, Mrs. Peter Meslein, of Chicago, were present.

CARD OF THANKS.

To all of those who were so kind to us during the illness and death of our mother we return our heartfelt thanks.

HER CHILDREN.

Mrs. Nora Watts.

Mrs. Nora Watts, wife of Wm. Watts, of Spring Grove, died at her home in that place Sunday. Her illness was brief, as she was sick but two days. She leaves a husband and five children to mourn her demise. The funeral services were held at the family home Monday, Rev. Hieks, of Richmond, officiating.

Lester Merchant, son of Bert Merchant and wife, died at the family home at Ringwood last Friday. The funeral services were held at the M. E. church, conducted by Rev. Nickle, of Chicago, and assisted by Rev. Whipple, of McHenry. The interment was in Ringwood cemetery.

Damage From Lightning.

During the electric storm Friday night Frieby Bros. lost a valuable colt. Simon Stoffel, who has the insurance on the stock, was called Saturday to adjust the loss. He was also called to Volo on a similar mission. So many cattle were killed by lightning while standing near wire fences, in the state of Illinois, during the summer of 1898, that it has been proposed to diminish the danger by means of ground wires, which would conduct the electricity during a thunder storm, from the fence wires into the earth.

Fuses Burn Out.

C. J. Gartman was kept pretty busy Saturday putting the telephones in speaking condition. The electric storm Friday evening burned out about 400 fuses and a few of the coils on the switch board. Mr. Gartman is an industrious man and by hard work Saturday he got things all right.

To Our Patrons.

I am prepared to deliver ice in any part of McHenry and on short notice. Our sales are made in quantities to suit purchasers. The ice is of the very best quality and perfectly clean, having been harvested with exceptional care. Orders can be left with Gilbert Bros. or Simon Stoffel. 49-3 A. L. Hows.

CUNNING THIEF.

He Steals a Horse From An Algonquin Farmer—Sells it for \$5.

Fred Smith, with an alias or two, is now in the county jail at Woodstock. He was arrested there Wednesday afternoon by Detective Benthusen and Wm. Whiting, of this place.

Smith stole a horse and buggy Monday night from a farmer named Jaynes, who resides in Algonquin township. That same evening a calf was stolen from the farm of Wm. Whiting, who resides west of this city. Detective Benthusen and Mr. Jaynes were here Tuesday in quest of the thief and it was not long before they were on the right road for the capture.

They learned that a man who gave him the name of Fred Smith worked for Wm. Whiting, and while here relieved another of Mr. Whiting's hired men of about \$8. He had previously worked for Mr. Jaynes, of Algonquin, and left without drawing his pay. Being fully satisfied that this was the right man, Detective Benthusen, in company with Wm. Whiting, left for Woodstock Wednesday and when nearing the city limits they discovered Mr. Jaynes' horse feeding in a small pasture, the horse having been sold the previous day for five dollars. They learned from the purchaser that the man who disposed of the animal was still in town, and they succeeded in capturing him in a saloon.

He was arrested at once and placed in jail. It was later discovered that Smith had stolen the calf from the Whiting farm the evening that the horse was stolen, as the buggy tracks lead in that direction. He sold the calf to Mr. Willey, of Woodstock, for four dollars. Just before his arrest he was negotiating the purchase of a farm.

INSPECT CATTLE.

McHenry County Herd Found to Have Tuberculosis.

If dairymen could realize that an official stamp of health on their herds would enhance the value of their milk product they would be more willing than many now are to have inspectors visit their farms.

This is demonstrated by the fact that the owner of a herd at Union, from whose cattle effected animals have been taken, has received several offers from reliable parties for all his milk at an increase of 15 cents per can on what he has been getting. The public wants pure milk, and there is no doubt much of that sold in our dairies.

The cattle were the property of Dr. B. A. Pierce, assistant state veterinarian, and brother of Dr. C. A. Pierce of Elgin.

The former has two fine farms at Union, McHenry county, and has been stocking up dairies with new cows. Recently he discovered that some not altogether desirable cattle had been added, and he requested that the state board of live stock commissioners make a thorough inspection of the animals, that the diseased ones, if any, might be weeded out. This was done on Thursday, May 25. Neither the owner, Dr. Pierce, nor his brother from Elgin was present. The examination for tuberculosis was rigidly conducted, and it was found that twenty-five of the eighty-four cows inspected were affected. They were shipped Sunday night to Wolfe's slaughter house, Chicago, and killed, to see if the diagnosis has been correct.

The examination disclosed that fifteen of the cows were in such an advanced stage of the disease as to make their carcasses fit only for the rendering tank. The others were allowed to pass, the disease not having progressed far.

The result of this investigation is likely to stimulate dairymen in that locality of McHenry county, as elsewhere, to have their herds inspected. Some animals are now in quarantine.

The state board will meet this week at Springfield and discuss the matter of indemnity to owners of cattle found diseased, and to talk of various matters pertaining to the subject—Elgin Advocate.

Sailing Up the River.

Capt. Anderson has started his boat on the river between here and Fox Lake. Harry Hanly has charge of the "Steamer McHenry," and Capt. Anderson the "Magnolia." Two trips are made each day; one after the arrival of the 10:00 o'clock train and the other after the arrival of the 5 o'clock.

Home Talent.

The artistic lettering on the delivery wagon of Owen & Chapell is the work of home talent. It has been done by L. H. Owen, one of the proprietors. It is not through boast or flattery that we say that the work is perfect and true that a pretty accurate eye and a skillful hand performed the task.

Prosperous Month.

The McHenry Creamery Co. received nearly 400,000 pounds of milk during the month of May, the same being received from eighty-two patrons. This is the largest month the company has had since its organization.

Will Dedicate.

St. Mary's Catholic church will be dedicated June 29. At the same time a large class will be ready for confirmation. Bishop McGarrick will officiate.

VILLAGE BOARD MEETS.

HOLD THEIR MONTHLY MEETING MONDAY EVENING.

Bonds of Officers Read and Accepted—Bills Ordered Paid and Other Matters Attended to.

The regular meeting of the village board was held Monday evening. There were present President Rothelmer and Trustees Miller, J. J., Miller, J. H., Freund, Heimer, Eldredge and Schreiner. John J. Miller, chairman of the committee on finance, reported favorably on the annual report of L. H. Owen as village treasurer. The report of the committee was adopted by the board. The bonds of L. H. Owen for village treasurer, John Stoffel for village clerk, and Matt Nielsen for village tapper, were read and accepted by the board.

Sealed bids were received from the McHenry Plaindealer and Journal on the publishing of the proceedings. It was awarded to the Journal on a bid of five dollars. The matter of making a rate in furnishing water power for the Journal office was reported with a recommendation that a rate of seventy-five dollars per year be charged.

The matter of receiving a telephone free of charge from the Chicago Telephone Co., and the same to be placed in the city marshal's house, was accepted. The 'phone which is now in the city hall will be removed and placed in the marshal's house. It was recommended by the board that the old street sprinkler be disposed of. The committee on miscellany will have the matter in charge.

The following bills were read, approved and ordered paid:

A. P. Baer.....	\$ 1.80
Geo. Sommer.....	13.50
M. M. Neisen.....	40.00
F. L. McOmber.....	56.32
M. Engeln.....	1.15
Andrew Miller.....	9.00
Frank Bennett.....	4.50
John Walsh.....	40.00
The Glamorgan Pipe and Foundry Co.....	3.00
Walter C. Evanson.....	3.00
M. J. Theelen.....	10.00
McHenry Plaindealer Co.....	12.50
American Express Co.....	75
John Stoffel.....	1.70
Geo. Meyers.....	2.25
John Horbert.....	50
Simon Stoffel.....	97.50
W. Davis.....	1.50
F. Kimball.....	3.00
H. Zimmerman.....	6.00
H. C. Charles & Co.....	27.00
Freight.....	81

School Notes.

Harry Cristy visited school Thursday. Miss Maude Walton visited school one day last week.

On Friday evening the promotion exercises will take place. Let every one attend.

The rhetoric, first and second year Latin, algebra and history classes have been having examinations.

The high school will give a social tomorrow evening at which about 60 will be present. A general good time is expected.

School closes Friday for the summer vacation and when it opens next fall there will be it is thought a much larger attendance.

Miss Cooper gave a banquet to her pupils on Saturday evening of last week. The tables were beautifully decorated and there were all sorts of good things to eat. The pupils report a good time.

Mr. Zimbleman Appointed.

M. Zimbleman, of Marengo, has been appointed as a member of the Agricultural board to fill vacancy, caused by the resignation of W. D. Styler. Mr. Zimbleman is president of the McHenry County Agricultural Society and is well qualified for this position.

Doing a Large Business.

Barbison Bros. now employ about fourteen hands. Last year they manufactured nearly 500,000 cigars and this year the prospects are that they will even do better than this. They are thorough gentlemen and are deserving of a good patronage.

It Looks Like a Dollar.

A horse belonging to Harry Wightman was missed from the barn Monday but he was found near this place Wednesday. It was supposed at the time that the horse became at liberty and left the barn, still Mr. Wightman has been informed that the horse was seen near Nunda that morning, so it is a question whether the horse left the barn itself or was helped out.

Dr. Best Coming.

Dr. W. T. Best will be at the Riverside Hotel Monday and Tuesday, June 12 and 13. He will also be at Dr. Rice's office, Richmond, Wednesday and Thursday, June 14 and 15.

Will Give a Banquet.

The pupils of the high school will give a banquet in the city hall next Saturday evening, June 10. To this banquet will be invited the parents and teachers and friends of the scholars.

Entertained Her Scholars.

Miss D. J. Cooper gave an entertainment to her scholars in Stoffel's hall Saturday evening. Nice refreshments were served and a most enjoyable evening spent.

CORPUS CHRISTI FESTIVAL.

Members of St. Mary's German Catholic Church March in a Body.

Last Sunday was the observance of Corpus Christi festival at St. Mary's German Catholic church and it was fittingly honored. Solemn High Mass was served at nine o'clock by Rev. Father Kirsch. Then the festival concluded by a march to the four stations and the carrying out of a ceremony at each.

Four stations were erected, each having an altar and nicely decorated with flowers. The procession was headed by the little children of the German Catholic school, each carrying flags and banners. The next was the Young Men's Society. This was followed by the Young Ladies' Society, with Miss Josephine Boley as president; Miss Anna Bickler, secretary, and Miss Rosa Justen, treasurer. Then came St. Mary's Ladies' Society, whose president is Mrs. Elizabeth Smith; Mrs. M. Justen, secretary, and Mrs. Geo. Schreiner, treasurer. The other members of the congregation were in the rear. The procession taken all in all made a very pretty appearance.

Corpus Christi festival, the most splendid of all festivals, was instituted in 1264 in honor of the Consecration Host, and with a view to its adoration, by Pope Urban IV, who appointed for its celebration the Thursday after the festival of the Trinity.

CONTEST TAX LEVY.

Chicago & Northwestern Railway Co. Considers School Tax Levy Illegal.

Judge Gillmore has been hearing school tax levy cases in the county court this week. The McHenry public schools are involved. The company refuses to pay their proportion of school tax to this district the ground that the levy was improperly made. They claim that a majority of the school board should have signed it and not the president and secretary alone. Judge Gillmore has taken the case under advisement and will, no doubt, decide in favor of the school district, as the tax was properly made, and a mere oversight if any, was made by the board. The amount of tax money in dispute is about \$650.

There was also a contest from Woodstock, Harvard and Nunda. There is also a contest in the road tax levy from this township. States Attorney Lumley appeared for the school district and Attorney D. T. Smiley, for the railway company.

Given Praise.

While unlimited praise is due the Class of '99, "the power behind the throne," Principal Mills must not be overlooked. To him is due, in a large measure, the successful outcome of the exercises. His was the guiding hand and he has every reason to feel proud of the result of the first year's work in Richmond. The announcement that he has been re-engaged will be received with satisfaction by all our people.—Richmond Gazette.

Northwestern Railway Report.

The following is a concise report of the C. & N. W. R'y. Co. for the year 1898: The average mileage operated by the company for the year was 5,076 miles. Gross earnings for the year were \$37,933,299, an increase of \$1,882,738. Net receipts amounted to \$6,598,704, an increase of \$1,300,493. Operating expenses were \$23,592,372. Dividends paid amounted to \$3,523,280. Surplus for the year over all charges was \$3,619,411. Executive committee, Albert Keep, Marvin Hughtitt, Chauncey M. Dewey, H. McK. Twombly, Samuel F. Barger, David P. Kimball, W. K. Vanderbilt, James C. Fargo.

Farmers' Work.

Some one has figured out how far a farmer has to walk to plant and attend to forty acres of corn. To plow the ground with a sixteen-inch plow he walks 350 miles, to harrow it thoroughly before planting, 50 miles more, and to cultivate it afterward, 350 miles, making a grand total of 750 miles, in addition to garnering.

Elgin Butter Market.

Butter was steady on the Elgin Board of Trade Monday at 18c; offerings, 229 tubs, all of which were sold; bids opened at 17c; advancing by stages to 18c; last week's price, 17c; one year ago, 15c.

Hires a New Trainer.

Geo. Hanly has employed a Mr. Stopplefield to train his horses for the trotting season. He is a first-class trainer and will no doubt bring out some good results.

More Telephone Connections.

A local telephone line is being erected between Trevor, Wis., and Richmond when this is complete it will connect with the Citizens Telephone Co. line.

Erecting a New Line.

The Chicago Telephone Co. has a force of men at work this week erecting a line between Johnsburg and Spring Grove and Solon.

Improvements at Richmond.

From the Richmond Gazette we learn that a new \$6,000 hall is to be erected at Richmond. Richmond will also celebrate the glorious Fourth.

ASSESSMENTS NOW IN.

TOWNSHIP ASSESSORS RETURN BOOKS TO TREASURER.

Vast Increase in Personal Property Is Shown—Dorr Leads the List, With Marengo Next.

County Treasurer Axtell has now received the books from the various assessors, and the assessment of the property for 1899 is out of the hands of the assessors. The county treasurer's office is a busy one this week and it will be from now until July 1, as the making of the assessment list for publication must be completed before that time.

Dorr township shows the largest gain in the assessment of personal property. Her assessment in 1898 was \$153,697, while this year it is \$270,529. Marengo comes next with an increase of about \$42,000; and Chemung, an increase of \$41,000 or more.

This was the first assessment under the new law and it has been made with due precaution on the part of the assessors and their deputies.

The following is furnished us by John Huseman, assessor for McHenry township:

Real Estate per acre	1898.	1899.	Excess
Money and Credits	\$1825	\$1710	\$115
Items of Property.			
Horses of all ages	174	174	\$2740
On the 1st of June	407	407	10750
Mules and Aves of all ages	9	9	308
Swaps of all ages	183	183	7070
Hogs of all ages	2008	2008	10266

The following shows the relative proportion of the assessment of 1898 to that of 1899 in the several townships:

	1898.	1899.	Increase
Marengo	\$13181	\$15614	\$2433
Chemung	14836	19389	4553
Alden	8569	4794	3775
Marengo	5030	4799	230
Seneca	5903	4933	970
Coral	6883	5915	968
Gratiot	819	819	10
Dorr	15897	27059	11653
Greenwood	352	352	3048
Belvidere	5513	8552	3039
R. Richmond	7187	7577	390
Burlington	2287	3681	1394
McHenry	1714	3450	1736
Algonquin	12035	11495	540

UNLUCKY FRIDAY.

Party of McHenry Bicyclists Caught in the Rain Storm.

A party of McHenry bicyclists went from here to Ringwood to attend the lecture Friday evening. This party of it was all right, but there is more to follow. The party was composed of the following: Misses Jessie Baldwin, Frances Osborne, Nettie and Clara Schiesle, Florence Searls, Lillie Heimer and Rose Justen, and Messrs. Orin Gilbert, Albert Holly, Thos. Walsh, Newell Colby and Frank Jolyon.

It rained at Ringwood and at this place and between both places. Some of the party came home, some walked home, and the majority of them didn't come home. Two remained in Ringwood, three or four of them were guests of a farmer friend and the rest were brave enough to come home.

WISCONSIN'S PEARL FISHERIES.

During the Past Seven Years \$250,000 Worth Have Been Found.

Less than a decade ago the pearl fisheries of Southern Wisconsin were widely exploited and many people reaped small fortunes from them. Then something else caught the popular fancy and the seven days' wonder was dropped. Yet these same fisheries have within the past seven years panned out between \$250,000 and \$300,000 worth of pearls, some of which were sold for a great price and are now held in high esteem by their owners.

For a year or two it was hard work to get hands to harvest the crops; in fact, the farmers in the southern tier of counties did not care much whether they had crops or not when easier means of wealth lay right at their doors. During the entire summer season as long as the beds of the little creeks and rivers of that section could be dredged or raked, people were out "pearling," as it came to be called in the vernacular of the district where the pearls were found in their lodging places in the mouth of the fresh water lakes.

Going "pearling" had all the excitement of shaking dice for high stakes, with the exception that the player could lose nothing beyond his time and stood to win a big stake by one fortunate stroke. He might work for weeks and not turn up a pearl-bearing clam, and then the rake would bring to the surface a shell in which was a pearl worth from \$500 to \$1,000, more money than could be earned by a whole season's work on the farm.

Of the pearls found in Wisconsin streams many brought \$1,000 each, one was sold for \$5,000, while \$500 stones were by no means scarce. Now, however, there are few clams left in the stream, and the work of searching for pearls is daily becoming less remunerative.

New Fraternal Order.

A new fraternal order for insurance has been formed. It is known as the Mutual Home Protective League. This new organization is the outgrowth of the Home Forum, as there has been discussion in that organization. The Mutual Home Protective League has Professor Bradshaw, of Rockford, as president, and Col. A. E. Fisher, of the same city, is one of the directors.

Wm. Merz, who recently purchased the harness shop of Gus Carlson, has an advertisement in this issue that is of interest to the farmers.

FROM OUR EXCHANGES.

Clippings from the Various County Newspapers.

Grateful to Woodmen.

Will Lee, of Chemung, clerk of Piskaw Camp, No. 865, has just paid to Mrs. Geo. Conn. of that place, \$3,000, or a check therefor, in payment of a policy held by her son, the late Wm. Conn, in the Modern Woodmen of America. As the beneficiary thereof she authorized The Herald to extend her gratitude to the Woodmen for their promptness and faithfulness in settling this claim.—Harvard Herald.

Sick Soldier.

A sick soldier boy was picked up at this station, Tuesday evening, and taken to the Richmond House, where the G. A. R. have him in charge. His name is Clarence Atwood. He is about 21 years old, and is tall and thin. He was a member of Co. A, 11th Infantry, U. S. A., and was discharged at San Juan because of chronic sickness. He suffers from chills and fever. When he landed here he had walked up from Elgin, had eaten nothing for twenty-four hours, and had a cent. His parents are dead and his relatives are poor. Before enlisting he worked at and near Huntley on farms. He expects to go to work as soon as able.—Nunda Herald.

Is Elected Superintendent.

The Board of Education at their last meeting elected Prof. M. A. Kline, of Marseilles, Illinois, as superintendent of schools in this city for the next session. Mr. Kline comes well recommended both as an educator and as a disciplinarian. Our city schools are a source of pride and they will should be, standing as they do with different colleges and universities which accept their credentials and diplomas without question.—Marengo News.

Geo. Harness brought to this office Tuesday one of the largest hen's eggs we have ever seen in a long time. It contained three yolks and was as large as two ordinary eggs. He says it is not a goose egg, nor a rooster egg, but a regular hen's egg.—Harvard Independent.

Mr. Harness is a brother of James Harness, who resides near Solon.

Woodstock to Celebrate.

Woodstock will celebrate the 4th this year in grand old style. This has been decided by the Oliver Typewriter band, who have taken it upon themselves to make arrangements for the celebration. A subscription paper has been started for that purpose and it is hoped that the citizens will give liberally, so that we may have an old time celebration.—Woodstock Democrat.

A correspondent writes: "It may interest other disciples of Cottow to know that I have caught, in a single day, the following different varieties of fish near McHenry. The most killing fly is the 'Parnachene Belle.' The rod and tackle throughout was that used for brook trout. The best day's catch numbered 180, weighing in the aggregate 56 pounds. A list of the varieties of fish caught with the fly is as follows: The small mouth black bass, the silver bass, the yellow perch, the blue gill, the sunfish, the redbell, the chub, the black chub, the rock bass. With bait I have also caught the following fish in the same locality: The large-mouth black bass, the eel, the muskellunge, the pickerel, the cat, the leather-back turtle, the catfish, the dogfish."—Woodstock Sentinel.

The Doctor Is a Member.

The Woodstock Democrat, in its last issue, had an account of the Woodstock Pic Club of which Dr. W. C. Bealey is a member. It says: "After transacting important business, the members formed in line and bled themselves to the dental parlors of Dr. W. C. Bealey. After gaining admittance through the pass word and becoming familiarized with the surroundings, a motion was made and carried that an amendment be made to rule 34, 649 of section 9, 999 to the effect that each member must do as he is requested, providing the majority approve of it, and if he fails to do his part, a committee of one is to be appointed to escort him to the tank."

Fox Lake Railroad.

The electric road to Fox Lake, mention of which was made in THE PLAINDEALER several weeks ago, promises to carry freight as well as passengers. The Wauegan Sun says: "In fact it is reported on good authority that arrangements have been partially made by the officers of the Interlake Electric Railroad company and the officials of the Milwaukee and St. Paul. Northwestern and Wisconsin Central railways by which the cars of the electric line will be run over the tracks of the steam roads to and from the Fox Lake district to points at any distance the travel justifies. The Interlake company's line will run from a point near Lake Bluff up to the shores of Fox and adjacent lakes. None of the railroads named run within several miles of Fox Lake. The scheme is for the electric line to build cars of regular railroad track gauge and nearly as large as the ordinary passenger coach and have them attached to the regular passenger trains of these roads in Chicago, Milwaukee, Madison and other places and run them through to the lakes.

Board of Supervisors to Meet.

To comply with the change in the statute the county board of supervisors will meet next Monday

W. C. T. U. INSTITUTE.

HELD AT RINGWOOD LAST FRIDAY AND SATURDAY.

The Various Towns in the County Were Well Represented—An Unusually Interesting Program.

The title of the Christian Temperance Union of McHenry county opened at Ringwood on Friday and Saturday, June 2 and 3, and was a most interesting and pleasant occasion. The
