## Dragging Pains

2825 Keeley St., CHICAGO, ILL., Oct. 2, 1902.

I suffered with falling and congestion of the womb, with severe pains through the groin. I suffered terribly at the time of menstruation, had blinding headaches and rushing of blood to the brain. What to try I knew not, for it seemed that I had tried all and failed, but I had never tried Wine of Cardui, that blessed remedy for sick women. I found it pleasant to take and soon knew that I had the right medicine. New blood seemed to course through my veins and after using eleven bottles I was a well woman.

Mrs. Bush is now in perfect health because she took Wine of Cardui for menstrual disorders, bearing down pains and blinding headaches when all other remedies failed to bring her relief. Any sufferer may secure health by taking Wine of Cardui in her home. The first bottle convinces the patient she is on the road to health.

For advice in cases requiring special directions, address, giving symptoms, "The Ladies' Advisory Department," The Chattanooga Medicine Co., Chattanooga, Tenn.

## Important Decision

Lower Insurance Rates to be Given to Persons who do not Drink Alcoholic Liquors

By a recent decision of one of the largest insurance companies of the United States, lower rates are to be given those persons who do not indulge in the use of any intoxicating liquors. This is just, for statistics from all sources show that the use of alcoholic drinks always predisposes to kidney troubles, and Bright's Disease, Diabetes and all other fatal kidney diseases are far more frequent among drinkers of beer and alcoholic beverages than among those who do not indulge in them.

In a recent address before the Senate of the United States, Hon. J. H. Gallinger, Senator from New Hampshire, gave the results of most thorough investigations made to ascertain the effects of beer drinking upon the health and life of individuals. He showed conclusively that almost all cases of Bright's Disease were caused by beer drinking and that other fatal kidney troubles had the same origin as a rule.

As probably a large majority of men drink beer it becomes a matter of great concern to know the best way of overcoming its effects upon the kidneys. There is nothing that will so quickly make the kidneys right in these cases as FOLAR'S KIDNEY CURE. If taken early it will cure every form of kidney trouble and even in hopeless cases it will give relief. It is an honest preparation and can be relied upon to do all that is claimed for it.
