

WOMAN CURED BOY OF ECZEMA

Eczema Caused Abscesses Now Entirely Cured by Resinol.

Who can tell the terrible suffering of this poor boy until his mother finally discovered Resinol? Taken from school because of his sad plight, he was in misery greater, probably, than words can describe. Read what his mother says:

"My boy had Eczema in such a form that it caused abscesses on his head. I was compelled to take him from school. After using your soap and ointment for three weeks he was entirely cured. I will always keep both in my home."

"MRS. FLORENCE GRIFFIN, '828 Winton street, Philadelphia, Pa." If Resinol can do this in one case it can do it in all cases of skin disease. We have thousands of testimonials telling of wonderful cures. Resinol Ointment is prescribed by physicians for every skin irritation, including cuts, sores, scalds and burns, and is a remedy for boils, carbuncles, felons, piles, eczema, barber's itch, tetter, shingles, psoriasis, eruptions of poison ivy and other skin troubles. Gives immediate relief, and should be on hand ready for immediate use. It is put up in screw-top opal containers selling at fifty cents and a dollar.

Resinol Soap, made of the same ingredients, represents the highest art in soap-making. It is refreshing and soothing and should be used by every one for the toilet and bath. It is especially adapted to the skin of infants. Prevents many of the skin troubles and there is nothing quite so good for shampooing and the cleaning of the scalp. The ointment and soap are for sale by all druggists. Sample sent free if you will mention Department No. 61, Resinol Chemical Co., Baltimore, Md.

RATHER PLEASANT.

Dunn—Ah, you are in this time. I've called five times with this bill, but you've been out.

Owens—Indeed? Well, you are out this time. Fine morning, isn't it?

No More Room.

The railway carriage was crowded, but a very fat old gentleman who sat by the window calmly ignored the ominous looks of the passengers for taking up so much room.

A boy selling buns poked his head in at the window and inquired:

"Buns, sir?"

The old gentleman was slightly deaf, and not noticing the buns, thought the boy wanted a seat in the already packed carriage; so he remarked:

"Pull up, my boy! No more room inside!"

A roar of laughter followed his reply, and the old gentleman innocently wondered as to the cause of their merriment.—London Tit-Bits.

Arms Made to Order.

A United States senator, worth millions, which he made rapidly, has a coat-of-arms recently acquired. He gave a large dinner party one night. His coat-of-arms was emblazoned in gold on the top of the dinner cards. The lady who went in with the senator, the wife of another senator, observed the insignia when she picked up her dinner card and exclaimed: "How pretty!"

"Yes," replied the senator proudly, "I think it is rather neat. My wife invented it."—Saturday Evening Post.

"I see somebody has invented a 'noiseless' soup spoon. In what way is it noiseless?"

"Why, madam, it's constructed in such a manner that—er—you don't make a noise when you're using it."

U. S. AID IS ASKED

TURKEY REQUESTS GOVERNMENT TO INTERVENE IN TRIPOLITAN WAR.

MATTER IS UP TO KNOX

Sultan's Ambassador Files Protest With State Department Against Barbarous Work of Italians, Which He Says Is Confirmed by Facts.

Washington.—The so-called Italian barbarities in Tripoli finally have been brought officially to the attention of the American government by Turkey, through its ambassador filing a request that the United States intervene in the Tripolitan war.

The Turkish foreign office cabled its ambassador here to protest against the alleged barbarities committed by the Italians in the city of Tripoli and its neighborhood, Turkey taking the ground that every citizen of Tripoli has a right to bear arms and defend the country. The Turkish government makes the point that while the barbarities have heretofore been only matters of newspaper report they are now confirmed as facts.

The acting secretary of state, Mr. Adee, did not feel authorized to make the reply of this government to the Turkish foreign office. He assured the Turkish ambassador, however, that he would transmit the Turkish communication immediately to Secretary of State Knox, who is out of town. The United States is not a member of the European concert and there will naturally be a long discussion of the rights of the United States in the premises before a reply is sent to Turkey.

If the United States should grant Turkey's request it so happens that the Atlantic fleet is ready, but it is not expected that the United States would act without ascertaining the truth or falsity of the stories of cruelties to Arabs and Turks, and even in that event it is scarcely probable that the United States would commit itself to physical intervention.

The reply, therefore, of the United States, if one becomes necessary within a day or two, would be that Turkey should appeal and get redress from the signatories of the Berlin treaty first.

Malta.—The Turkish and Arab forces have attacked the Italians at Tripoli and a heavy engagement is being fought.

The battle started when the Turkish artillery began to shell the city, in which the invaders are virtually prisoners. The Turks have advanced their lines until now they are near the Italian outposts. They are expected to storm the city at any moment. The Italians so far have held their own at long range firing, but refugees state that they face certain defeat if the attacking force carries the battle within the city.

The exact strength of the Turkish forces is not known, but it is stated that they have concentrated all available men for this battle. Thousands of Arabs are in the ranks, and the army is being augmented hourly by Bedouins and Arabs from the Sudan, who have come to carry on a holy war.

RODGERS FLIES TO PACIFIC

Aviator Lands at Pasadena, Cal., and Finishes Greatest Feat in World's Air Navigation.

Los Angeles, Cal.—The continent has been crossed in an airship. Calbraith P. Rodgers in his Wright Vin Flyer landed at Pasadena, completing the most marvelous feat of aviation in history.

Although Rodgers has been forty-nine days making the record-breaking flight, his actual flying time was but a little more than 100 hours, but a few hours less than the running time of the fastest trans-continental train.

Mrs. Rodgers was the first to greet him when he stepped from his seat in the aeroplane. She had followed him all the way from New York during the long journey, the special train keeping pace with the flyer.

The crowd was upon Rodgers in a moment and must have torn him to pieces for souvenirs but for a strong guard of special police. But the crowd would not be denied, and after the first mad enthusiasm had subsided the aviator held an impromptu reception, shaking hands with hundreds who passed by in line. At the conclusion the airman was seized and carried triumphantly upon the shoulders of a reception committee.

During his trans-continental flight Rodgers landed in or passed through ten states and flew approximately 3,634 miles. He has met with eleven accidents and his machine was wrecked seven times.

He has lost nine days on account of these accidents and damaged machine, been delayed five days on account of wind and rested up five days at different points en route.

Drink Wood Alcohol! Two Dead. Bremerton, Wash.—After drinking wood alcohol P. J. Hally and A. L. Law, navy sailors, are dead and Seaman Arthur Johnson is dying. Navy guards are seeking other members of the complement of the cruiser Pennsylvania, who may be dead or sick in hotels of the city.

Blow Up Railroad Bridge. Danville, Ill.—Swango bridge, three miles from Paris, was blown up by dynamite. Big Four officials are investigating.

Fool Joker Kills Friend. Hoboken, N. J.—"Didn't know it was loaded" was responsible for the death of George Snyder when Jeremiah Wilson in a joking mood placed a revolver against Snyder's temple and pulled the trigger. The men were close friends.

"Ad." Costs a Jeweler \$350. Kansas City, Mo.—A jury in the circuit court here has awarded \$350 damages to Orel Menden, a five-year-old boy, because a local jeweler used his picture in an advertisement.

TAFT REVIEWS FLEET

FLOWER OF NAVY IN SPECTACLE AT NEW YORK.

Ninety-Nine Ships of War Fire Presidential Salute as Commander in Chief is Passed.

New York.—Fresh from his cross-continental tour of 18,000 miles, President Taft, from the wind-swept bridge of the historic little cruiser yacht Mayflower, reviewed the mightiest line of fighting craft ever assembled under the American flag.

Standing on the bridge of the Mayflower, anchored off Twenty-third street, the president braved a 60-mile gale to receive the homage of 22 great steel-clad leviathans steaming down the river along the shore of New York city.

After reviewing the fleet the president left for Hot Springs, Va.

Before his departure the president issued the following statement:

"Those who saw the fighting fleet which was assembled in New York harbor could not fail to be struck with its preparedness and with its high military efficiency and must have been proud of its personnel."

"I am more than ever convinced of the desirability of concentrating upon the commanding officer of our fleet the title of admiral, or at least of vice-admiral. At present the ranking officer is rear admiral and this title is not commensurate with the importance of the fleet. At the review of the German fleet at Kiel, a smaller number of ships were under the command of a full admiral; two squadrons were commanded by vice-admirals, and each of four divisions was commanded by a rear admiral."

FOSS HITS AT COLONEL

Bay State Executive Also Cites Editors for Political Advertisements Not Legally Signed.

Boston.—In a communication Governor Foss charges that Chairman Hatfield and the other officers of the Republican state committee violated the statutes by appealing to corporations for financial support.

The governor also charges that Theodore Roosevelt and other editors and officials of the Outlook company, the Boston Herald, the officers of the United Shoe Machinery company, the American Woolen Company and the Arkwright club published or caused to be published for circulation in this state political advertisements not signed in accordance with the statutes of 1908.

District Attorney Pelletier announced that he deemed the matter of sufficient importance to lay the facts before the grand jury.

EDITOR PULITZER IS BURIED

Funeral Services in New York City Are Attended by Many Prominent Men.

New York.—The funeral of Joseph Pulitzer, owner and publisher of the New York World and St. Louis Post-Dispatch, was held in St. Thomas Episcopal church, whose rector, Rev. Ernest M. Stires, conducted the services. The burial was at Woodlawn cemetery.

The body of Mr. Pulitzer lay in state until the funeral hour at the family home in East 73rd street.

Honorary pall-bearers were Nicholas Murray Butler, Louis L. Clark, Col. George Harvey, Gen. John B. Henderson, Frederick N. Judson, St. Clair McKelway, Dr. James B. McLean, George L. Rives and J. Angus Shaw.

TRIPOLI SHELLED BY TURKS

Outer Forts Are Captured by Arab Allies After Two Hours' Terrific Bombardment.

Berlin.—The outer forts at Tripoli have been captured by the allied Turkish and Arab forces following a terrific bombardment. The Italians were driven back, according to reports here.

The dispatches state that Reschad Bey, the Turkish commander, sent a note demanding the immediate surrender of the city and that upon the Italians replying in the negative a two hours' cannonade was opened by the attacking force.

The Turkish leader warned the foreign consuls and unarmed citizens to leave Tripoli. How many escaped before the bombardment began is not known.

DEATH TAKES KYRLE BELLEW

Famous Actor, Writer and Explorer Succumbs to Pneumonia at Salt Lake City.

Aspen, Col.—Frank Sraeson, eighty-six years old, placing a stick of dynamite under his head and exploding the percussion cap with a snap of his teeth, blew off his head.

MRS. DOWNEY IS ELECTED PRESIDENT

ILLINOIS EQUAL SUFFRAGISTS HOLD ELECTION OF OFFICERS AT DECATUR.

HUNDREDS ATTEND MEETING

Mrs. Waugh McCulloch of Evanston Named as First Vice-President—Miss Jennie F. A. Johnson Only Officer Re-Elected.

Springfield.—The annual meeting of the Illinois Equal Suffrage association was held at Decatur in the Decatur Woman's club building in the Congregational church.

Mrs. S. J. Haines, Mrs. T. C. Mather, Mrs. Henry Kilbourne and Mrs. H. C. Donaldson represented the Springfield suffragists.

Mrs. Catherine Waugh McCulloch, Miss Harriet Grimm, Miss Ella Stewart, Miss Anne E. Nicholes, Miss S. Grace Nicholes, Miss Jennie F. Johnson, Mrs. Henry M. Dunlap of Savoy, and Mrs. Alice B. Parker were among the principal speakers.

Mrs. Elvira Downey, a resident of Clinton, was named president of the Illinois State Suffragists, succeeding Mrs. Ella S. Stewart. She is a member of the Clinton school board. Mrs. Catherine Waugh McCulloch was mentioned for the office, but refused to allow her name to be voted on. The list of officers elected at the closing session follows:

President, Mrs. Elvira Downey of Clinton; first vice-president, Mrs. Catherine Waugh McCulloch, Evanston; second vice-president, Miss Jennie Adams, Chicago; recording secretary, Dr. Clara Tolson, Elgin; corresponding secretary, Mrs. Mary E. Plummer, Chicago; treasurer, Miss Jennie F. W. Johnson, Chicago; auditor, Mrs. S. J. Haines, Springfield; executive committee, Mrs. Ella N. Stewart, Mrs. George W. Trout of Oak Park, and Mrs. Mary E. Haworth of Decatur.

Miss Jennie F. W. Johnson was the only officer of last year who was re-elected to the same office.

Governor Names Commission.

Governor Deneen has named the commission that will have charge of the erection of the \$20,000 memorial to be erected at Kennesaw mountain, in memory of the Illinois soldiers who participated in the great battle there on June 27, 1864. Under the terms of the legislative act the commissioners must be officers of the Kennesaw Memorial association, and Governor Deneen named the following: Dr. J. B. Shaw, Quincy; Capt. Lansing J. Dawdy, Peoria, and William A. Payton, Danville. In the battle at Kennesaw mountain, one of the bloodiest of the Civil war, the Third brigade, composed principally of Illinois troops, was conspicuous for its bravery in charging the Confederate entrenchments.

State Convention of the Y. W. C. A.

The twenty-sixth annual convention of the State Young Woman's Christian association opened at Peoria.

The state association comprises ten city associations, three county associations and 35 student associations, representing 15,000 members.

The program for the convention consists of Bible study hours; inspirational lectures and business and technical sessions. Among the speakers is Miss Anna W. Reynolds, a national worker. Miss Reynolds was formerly world's secretary of the association.

Build Farms for All Time Is Plea.

Illinois needs a system of permanent agriculture. Land which now yields only half as much as it did eighty years ago ought to be made not only more prolific but productive for all time. Good land five hundred years hence should be the aim of the present-day farmers so far as their methods of land care are directed.

This constituted the basis of an appeal at Carlinville by O. S. Fisher of the agricultural department of the University of Illinois before Macoupin county farmers. Fisher declared the fact that farming until now practically has been for immediate results only. There is no universal system of permanent agriculture, he said.

"Plow under manure, clover and other organic matter on the farm," urged Fisher. "Apply phosphate in some form. One of the best forms known is finely ground raw rock phosphate, of which put on 1,000 to 2,000 pounds every four or five years on each acre of average Illinois land."

The experiment station attaches at the state university find that the cheapest and best form of phosphorus for the average farmer.

War on Tuberculosis.

The Illinois State Association for the Prevention of Tuberculosis, at the City club of Chicago, selected officers for the ensuing year. The central council, consisting of the officers, together with delegates from local anti-tuberculosis societies, elected Dr. William A. Evans president. These other officers were elected: First vice-president, Dr. T. O. Hardesty, Jacksonville; second vice-president, Dr. George Thomas Palmer, Springfield; secretary, James Minnick, Chicago; treasurer, David R. Forgan, Chicago.

Suffrage Fair Planned.

The Illinois Equal Suffrage association announces a suffrage county fair in the Hotel La Salle December 7, 8 and 9. A \$50 prize will be given for the most effectively decorated booth and a \$25 prize for the best or most novel design showing woman's progress or the spirit of the movement. A baby show, domestic science exhibit, photograph gallery, nursery exhibit and display of autographed books, of statuary, jellies, sketches, pictures and music will aid in the attractiveness of the booths.

No Decision on Health Board.

Governor Deneen stated that four of the members of the state board of health had tendered their resignations; that he had taken no action in regard to the matter, and whether or not new members of the board may be appointed or who they will be are matters under consideration.

The members of the board who resigned, their terms of office having expired, are Dr. George P. Webster of Chicago, president of the board; Dr. P. H. Wessel of Moline, Dr. W. R. Schussler of Orland and Dr. Henry Richings of Rockford.

Regarding a statement sent out from Pana to the effect that the members of the District Medical society of southern Illinois, in session there, were highly gratified to learn that Governor Deneen had accepted the resignation of four members of the state board of health and congratulating the governor on commencing the "renovation" of the medical department of the state government," in a resolution adopted, Dr. J. A. Egan, secretary of the state board of health, said:

"The attack on the state board of health and its secretary at the meeting of the District Medical society of southern Illinois, at Pana, was made by a physician who is aggrieved because the state board of health does not prevent the practice of a so-called 'faith healer' in his district."

"This healer's practice—so far as has been reported to the state board of health—is exempted by the provisions of the medical practice act of 1899, for which the legislative committee of the State Medical society of 1898-99, consisting of Dr. J. W. Pettit of Ottawa, Dr. George N. Kreider of Springfield and Dr. Harold N. Moyer of Chicago is responsible."

Danville After State Hospital.

A delegation of twenty-five prominent business and professional men from Danville were in Springfield to present that city's proposition to provide a site for the new state insane asylum. The delegation appeared before the state board of administration where Danville's claims were presented by Mayor Lewman, Editor Harrison of the Commercial News, Editor Tilton of the Press-Democrat, State's Attorney Lewman, President W. H. Van Valkenburg of the Commercial club, State Senator Bailey and E. X. LeSeure, a son-in-law of Congressman Cannon.

The following composed the party: John Harrison, editor of the Commercial News; C. C. Tilton, editor of the Press-Democrat; E. X. LeSeure, Frank LeSeure, W. C. Lewman, mayor of Danville; John Lewman, state's attorney of Vermilion county; Frank Lindsey, George T. Buckingham, T. W. Bell, James Dwyer, Frank Sanford, State Senator M. B. Bailey, George Reorick, J. B. Mann and W. H. Van Valkenburg.

Contract Let for Nurses' Home.

The state board of administration awarded the contract for building the three-story brick addition to the nurses' home at the Jacksonville state hospital to the lowest bidder, William C. McCulloch of Jacksonville. His bid was \$37,000. The other bidders were:

Joseph DeGoveale of Jacksonville, \$37,747; M. G. Fernandes of Jacksonville, \$38,505.30; Fitzsimmons & Wheeler Construction company of Springfield, \$39,972.70; N. H. Shields of Danville, \$42,400; J. F. Duncan & Co. of Springfield, \$43,757; John W. Evans Sons Co. of Bloomington, \$47,553.

The building will be used by the male nurses and adjoins the building recently constructed at a cost of \$40,000, and occupied by the female nurses.

Pneumonia Toll Greatest.

According to a statement issued by the state board of health, pneumonia caused the greatest percentage of deaths in Illinois for the six months ending July 1, 1911. The percentage of deaths due to pneumonia is 14.6 per 1,000. A total of 15,192 deaths is reported from the state outside of Cook county. Following pneumonia diseases of the circulatory system claim the greatest number of deaths. Tuberculosis of the lungs leads in the list of communicable diseases, with 62.8; influenza, 20.4; typhoid fever, 13.8; measles, 11.7; diphtheria, 11; whooping cough, 9, and scarlet fever, seven.

Central Illinois Doctors Meet.

The Central Illinois District Medical society met in semi-annual session at Pana. Addresses were made by Drs. Amos Sawyer, Hillsboro; Carl E. Black, Jacksonville; George T. Palmer, Springfield; A. L. Britton, Athens; E. J. Brown, Decatur; S. E. Munson, Springfield; J. N. Nelma, Taylorville. The officers are: President, Dr. M. P. Parish, Decatur; vice-president, Dr. Louis Miller, Pana; secretary, Dr. J. N. Nelma, Taylorville; treasurer, Dr. Walter Burgess, Pana. The next meeting will be held at Pana.

Gus M. Wise Honored.

Gus M. Wise of Indianapolis, formerly of Springfield, has been appointed state agent for the Sterling Fire Insurance company for the state of Indiana. Wise is at present state agent for the Agricultural Insurance company for Indiana and Kentucky, which position he has held since 1905. Mr. Wise, while a resident of Springfield, was employed on local newspapers. He went to Indiana to engage in the insurance business and has received a number of promotions.

WHAT'S THE MATTER WITH YOUR BABY?

The young mother—and many an old one, too—is often puzzled to know the cause of her child's ill nature. The loudness of its crying does not necessarily indicate the seriousness of its trouble. It may have nothing more the matter with it than a headache or a feeling of general distress. It cannot, of course, describe its feelings, but as a preliminary measure you are safe in trying a mild laxative.

Nine times out of ten, you will find it is all the child needs, for its restlessness and peevishness are perhaps due to obstruction of the bowels, and once that has been remedied the headache, the sluggishness and the many other evidences of constipation and indigestion will quickly disappear.

Don't give the little one salts, cathartic pills or nasty waters, for these will act as purgatives and they are too strong for a child. In the families of

Mrs. Osa Hawkins, Woodlawn, Illinois, Mrs. Mollie A. Brown, 566 Washington Ave., Chicago, Ill., the only laxative given in Dr. Caldwell's Syrup Pepsin, has been found to answer most perfectly all the purposes of a laxative, and its very mildness and freedom from irritating stimulants. Thousands of American families have been enthusiastically recommending it for more than a quarter of a century.

Anyone wishing to make a trial of this remedy before buying it in the regular way of a druggist at fifty cents per bottle for more than a quarter of a century, can have a sample bottle sent to the home free of charge by simply addressing Dr. W. B. Caldwell, 211 Washington St., Monticello, Ill. Your name and address on a postal card will do.

Immensity of Nature. They were on a trip in Switzerland, and had that day braved all dangers and ascended one of the highest points in the Alps.

He was very fat, and as he stood panting and mopping his brow at the top of the mountain, he turned to his wife and said, with pathos in his voice:

"See, dear, how small one is in the face of the immensity of nature."

"Small, indeed?" answered his better half. "Why, you're standing in front of me, hiding the whole of Mont Blanc and the best part of the valley of Chamonix!"—Exchange.
