Look Here, Mr. Feeder!

**THE GREATEST OFFER EVER MADE TO STOCK FEEDERS
DR. HESS' STOCK FOOD ON THREE MONTHS' TRIAL**

From the manufacturers' written guarantee and the untiring praise we are receiving from our customers we are doubly sure that it is, without a single exception, the best Stock Food or Tonic ever produced and at a price that you can afford to feed it regularly.

Now here is our proposition: We will supply you with sufficient Dr. Hess' Stock Food to feed your animals twice a day for three months; we will supply you with 25 pounds or one ton, then if at the end of three months you are not absolutely sure that it has paid you to feed Dr. Hess' Stock Food, that is, if your animals fed for market are not more thrifty, your other stock in better state of health, return to us the empty package and we will refund every cent you have paid us. Here are the prices:

500 POUNDS FOR \$25.00
100 POUNDS AT THE SAME RATE, \$5.00
25-POUND PAIL AT \$1.60

SCHOOL NOTES.
Elsie Wille is now back with us again.

Jack Frost and brownie songs have been memorized and Halloween decorations made in the first room.

The fourth grade is keeping a weather record and calendar of sunrise and sunset. They now realize how our days are being shortened.

The second grade has been eagerly learning to tell time, while the third grade is struggling with and mastering simple fraction problems.

The seventh and eighth grades have made a successive study of Asia during the last month and are now turning to the dark continent of Africa.

There are forty pupils enrolled now. Twenty-eight are in the upper grades—twenty-two boys and six girls—while twelve pupils are in the lower grades.

The eighth graders are to take up the study of Scott's "Lady of the Lake" while the fifth and sixth grades are to read the "Pilgrim Legend of Miles Standish."

In the primary room the pupils have been keeping watch of the various trees as the leaves turned colors and many interesting fall changes have been noted.

Much drawing in ink has been done this month. The sketches include "A Scene at Sea," "Night Scene," winter

landscape, Pilgrims, and a witch and her broomstick.

The victors in the spell down range thus during the past month: First spell down—Mabel Kline, Marjory Reser, Edith Letsler; second—Edith Nelson, Edna Stephenson; third—Sadie Risley, Edith Letsler, Markie French.

Those neither absent nor tardy this month are Edna Stephenson, Sadie Risley, Emma Freeland, Rosie Peterson, Mabel Kline, Gertrude Haughwout, Lois Levey, Mary Bonnickson, Evelyn Allen; Florence Salow and Jessie Freeland.

The library will soon be completed. A book case has been ordered and as soon as it is ready the pupils are to have a fair, to which corn and other products are to be brought and it will be decided which is the best specimen of each product.

We will soon be making an Indian and Pilgrim village and hope that this will encourage the parents to visit us. We would also like to have them see the new organ which we bought with our half of the social money and which we hope to be using the latter part of the week.

This month has been a busy one in arithmetic. The eighth grade is hammering away at plastering, carpentering, brokerage, measurements of circles, triangles and parallelograms. The seventh grade has been in touch with interest, profit and loss, promissory notes and commission, while the sixth graders are pegging away at decimals and common fractions. The fifth are doing light fraction work.

WALKUP SCHOOL, DIST. NO. 77.
Report of second month.

The attendance has been quite regular, though not as good as last month. The entire month has seemed short to all for everyone has tried to do his best.

We hope that everyone will keep our social in mind and keep the Friday night before Thanksgiving open for that event.

The fourth grade has been doing very well with their reading. They seem to find "Jack and Lily" and their playfellows very interesting.

The general averages for the month, from second to seventh grades, are: Theodora Burman, 83; Nellie Brown, 90; Dortha Brown, 88; Henrietta Kania, 87; Willie Anderson, 82; Grace Wagner, 86; Creland Burman, 89; Rudolph Heckler, 90; Mae Plunkett, 90; Hettie Brown, 89; Marie Kania, 90; Esther Pearson, 88; Ellen Simmons, 93; Olga Anderson, 91; Donnell Brown, 80; Loretta Wagner, 94.

School work is now in full swing and we are glad to report an improvement on the first month's work.

We are taking monthly examinations, as given by the county superintendent, and so far the results have been satisfactory.

PRAIRIE CHICKEN SEASON.
The open season for prairie chickens is November 12-17, instead of November 10-17, as has been reported and generally understood. Keep this fact in mind and pass the word along to any of your friends who expect to try their luck during the six days of the open season of prairie chickens. The game warden will be tickled to death if he is able to make a bunch of easy money out of those who are careless about posting themselves in regard to the law.
