A Test of Time

That is what this community has applied to this store and we have stood the test. The reason we have been able to bear this test is, we have applied the same test to all the lines of goods we handle.

Our Dry Goods, Shoes, Hats, and even Notions

each constitute a line of time tried and tested Merchandise. In short, we handle nothing that we can not conscientiously recommend on its merits.

DEATH OF THOS. J. RENEHAN
Oldest Settler in Lake County Passes Away at Round Lake

Thomas J. Renehan, a pioneer resident of Lake county, passed away at his home in Round Lake Thursday of last week, Sept. 5, as a result of old age. He was eighty-seven years of age and lived on the homestead farm for eighty-two years. He was totally blind for the past five years.

His widow is eighty-two years of age and the couple were highly regarded by a wide circle of friends, many of whom reside in McHenry and vicinity. He is also survived by two sons, J. W. and George, and a daughter, Catherine J. Nolan. The sons reside on adjoining farms and the daughter in the parental home.

Mr. Renehan was lured to California when the gold fever struck the country and as a result of a big strike he was not among those who made a fortune, but brought back enough gold to make his wife's wedding ring, which is still worn and cherished by her.

His funeral services were held at St. Patrick's church here Monday at 10:30 o'clock, the Rev. M. J. McEvoy officiating. Interment in the cemetery adjoining.

Our Boys With Uncle Sam
McHenry friends of Harry Gallaher have received word that he has arrived safely overseas.

A card from Carl Patzke, eldest son of Mr. and Mrs. Emil Patzke of this village, says he has arrived safely in Siberia.

Fred Nickels was among those who were sent from the Great Lakes to the Pacific coast, just where he is located his parents are unable to state.

Frank Justen arrived here Tuesday afternoon from Camp Sheridan, Montgomery, Ala., and will spend a ten day furlough with his parents here.

A letter from Alfred Richardson, who is in a hospital in France, says that he is getting along fine and will be out on crutches in two weeks' time.

A letter from Wm. Harnedy, who is with the U. S. marines at Erie Docks, New Jersey, reports him well and anxious to get across. He wishes to be remembered to McHenry friends.

Earl Whiting, who is in camp at Montgomery, Ala., and Howard Wattles, who is at Camp Shelby, Ala., both McHenry boys in service, have been promoted to corporal. Both are well and enjoying army life.

Leo Stilling, son of Mr. and Mrs. Ben Stilling, leaves tomorrow for St. Paul, Minn., where he will enter a school of military aeronautics. Leo has made three attempts to enter the service and at last has been successful in getting into his chosen branch.

Howard H. Evanson, the seventeen-year-old son of Mr. and Mrs. Walter C. Evanson, who formerly resided in McHenry, has arrived in France. He is in active service in Co. A, 310th Field Battalion of the Signal Corps. He writes that his company is very comfortably billeted and that France is a most picturesque country, but the old U. S. A. is good enough for him.

A letter from Louis Stoffel, son of Mr. and Mrs. Wm. Stoffel of this village, is to the effect that he has not yet been in the real thick of the fight, altho he expects to see action soon. He adds further that the members of Co. G. of Woodstock, with whom he left, have been at the front for some time and doing excellent work.

At the time of writing the letter he had not seen his friend, James Doherty, in about three months.

Word has been received here announcing the safe arrival overseas of John May, eldest son of Mr. and Mrs. Jos. May of this village. John enlisted here last spring and was called on May 27. He first went to Camp Grant, Rockford, where he successfully passed the examination and then was sent to Jefferson Barracks, Mo. From there he was transferred to Camp Joseph E. Johnson, Fla., and the

Practice Thrift Help Win The War

It is thrifty people with bank accounts that buy Liberty Bonds, contribute to War Funds, keep the Country sound financially and socially in war time, in short help win the war.

last letter to his folks here was written from Newport News, Va. His younger brother, George, who enlisted in Ohio, is still at Ft. Sheridan, where he has been for some time past.

Wm. Quinn of this village is in receipt of a letter from "Happy" Weber of France, in which he states that he is out of the hospital and on his way to join his old company. He says, "Imagine my surprise on leaving the hospital to meet your brother, Henry, just outside." Needless to say they celebrated the mutual meeting as neighbors from McHenry. According to his letter paper reports were somewhat magnified and we are more than pleased to note his complete recovery.

Lieut. P. J. Dorr, who is in service at San Antonio, Texas, was called to Whitewater, Wis., this week on account of the death of his father. On Wednesday afternoon he arrived in this village and was the guest of the Frisby family until this morning. While here he made the McHenry public school a pleasant call and gave an interesting talk to the high school pupils. He was a most welcome visitor and may regrets are expressed that he could not remain for a longer visit.

A gun plant, with a capacity of 5,000 shells a day, is in prospect for Rockford.

made by its members. It has been thought desirable to print in newspapers the names of the commanding officers of 150 German submarines which have been disposed of.

This is in order to substantiate the statement of Premier Lloyd George in the house of commons that "at least 150 of these ocean pests have been destroyed."

A majority of the 150 officers mentioned are dead. Some are prisoners of war, and a few are interned in neutral countries where they took refuge.

Among the officers named are:

Kapitan Lieutenant Schweiger, who, while in command of the U-20, torpedoed the Lusitania in May, 1915. The U-20 was lost on the Danish coast in 1916, but Schweiger survived and was in command of the U-90, which was lost with all hands in September, 1917.

Kapitan Lieutenant Paul Wagenkuck, who sank the steamer Belgian Prince July 31, 1917, and drowned 40 of the crew, whom he had ordered to line up on the submarine's deck when the U-boat was about to submerge. His submarine, the U-44, was sunk with all hands about a fortnight later.

Kapitan Lieutenant Rudolph Schmelten, who torpedoed the steamer Arabe August, 1915.

The statement says it is significant that the authors of particularly atrocious crimes have expiated them speedily after their commission.

WILSON SAVES 10 NEGROES

Death Sentences Commuted to Life Imprisonment—Six Other Rioters to Die

Washington, Sept. 8.—Death sentences of ten negro soldiers who participated in the riot at Houston, Tex., August 23, 1917, have been commuted to life imprisonment by President Wilson.

This action, announced on Wednesday by the war department, concludes the cases of 29 negroes given the death penalty for their part in the riot. Thirteen were executed, and the president has called upon to review the findings in 16 cases.

In six other cases the president affirmed the death sentences because the condemned men had been found guilty of having deliberately and with great cruelty murdered citizens.
