Mrs. Anna Karls

Fame and fortune have been the lot of many mothers but true greatness as measured by a pure heart and soul has not been possessed by any to a greater degree than by Mrs. Anna Karls who passed away Tuesday afternoon, April 28. A cheerful disposition, although not altogether extinct in these troubled times, is indeed a rarity when realized to such an extent that a word of complaint never passed the lips of this fine old lady. Knowing her, one realized the kind of mother who has inspired authors and poets throughout the centuries.

Although she will be sorely missed by her family and friends, they are happy in the knowledge that after eighteen years of ill health her suffering has been relieved.

The deceased was born August 10, 1867, near Lily Lake, the son of John and Catherine Glosson. She spent her entire lifetime in this community and attended the Lily Lake school.

On January 22, 1889, she was united in marriage to Fred Karls who preceded her in death eleven years ago. To this union eleven children were born, two of whom have died, Charles and Mrs. Elizabeth Windmueller.

She is survived by four sons and five daughters, John, Mrs. Catherine Coleman and Paul Karls of McHenry; Matt, William, Mrs. Christine Senten, Mrs. Laura Johnsen and Mrs. Rosina Preusker, all of Chicago, and Mrs. Theresa Moeller of Prospect Heights; one brother, Math Glosson, of McHenry, nine grandchildren and one great grandchild.

She was a faithful member of St. Mary's church and belonged to the Christian Mothers.

The body will be at rest at her home until Friday morning when funeral services will be held from St. Mary's church at ten o'clock. Burial will be in the church cemetery.

CARD OF THANKS

We wish to extend our sincere appreciation and thanks to friends and neighbors in our hour of sorrow; for donation of cars, spiritual bouquets and floral offerings and many other kindnesses during the illness and at the time of the death of our dear mother, Mrs. Anna Karls. We are also most grateful to Msgr. C. S. Nix and Father Paul for their faithful visits.

THE KARLS FAMILY.

ORCHESTRA, GUEST ARTIST PLEASE BIG CROWD AT CONCERT

Those who bought tickets which were good for both the band and orchestra concerts and failed to use them last Sunday night to hear the latter give their annual concert, missed a pleasant evening of musical entertainment. In spite of illness (the same handicap under which the orchestra played the previous day in the contest) the young musicians played such difficult numbers as the Overture from "William Tell" and Ballet Music No. 2 from Rosamunde. They were rendered with the degree of artistry attained only after long hours of individual and organized practice and that only with the one idea of thoroughness and perfection as a goal.

One of the special attractions, the string quartette, had necessarily to be canceled because of the illness of one of the players and consequently the appearance of the guest artist, nine-year-old Norbert Dolejsi, was awaited with even greater anticipation. He did not disappoint the crowd. Although he gave the appearance of any ordinary little boy one would chance to meet, he became an unordinary little boy when he began to play. He was modest about returning for curtain calls and played only one encore. He has seemed to learn at an early age what many in the theater never learn, that it is better to leave the public wanting more than to give them too much.
