Forty Years Ago

One of the very pleasant early fall social functions was that of the surprise tendered Dr. and Mrs. R. G. Chamberlin at their home on Waukegan street in honor of the couple's tenth wedding annniversary. The home was at once turned over to the guests, who for several hours enjoyed progressive cinch, honors going to Mr. and Mrs. F. A. Bohlander.

The fourth annual meeting of the stockholders of the West McHenry State bank was held last week, with all the old directors, consisting of Dr. C. H. Fegers, E. L. Wagner, George H. Hanly, F. H. Wattles and Parker H. Webster, re-elected. The bank is no more an experiment and while still in its infancy has proven beyond the least possible doubt that it is as solid as the rock of Gibralter.

Nick Bohr has disposed of his beautiful home on north Green street to Joseph Justen. Mr. Bohr will build himself a new home in the Kelter subdivision on Broad street.

Nearly 200 friends of Senator William Lorimer tendered that honored gentleman a very pleasant surprise in the form of a serenade at his Pistakee Bay home last Saturday evening. The serenade was planned and executed by his friends as the result of the recent Roosevelt visit to Chicago, when the ex-president refused to sit at the same table with Mr. Lorimer as a guest of the Hamilton club. Here in McHenry the feeling seems to be in sympathy with Mr. Lorimer.

Twenty-Five Years Ago

Miss Coletta Freund and Otto Adams were united in marriage at St. John's church Tuesday, September 15.

One of the prettiest weddings of the year was celebrated at St. Mary's church Sept. 12, when Miss Lillian Freund became the bride of Louis Stoffel.

Edmund J. Barbian, aged 21, former resident of McHenry, was killed Friday afternoon when he accidentally came into contact with a high voltage wire in the Artificial Ice Company in Chicago, where he had been employed since April 1.

Mrs. Christina Molidor Schreiner passed away following an illness of six weeks' duration.

Hobart Karls, aged 60, a resident of Johnsburg, dropped dead of a heart attack at Pistakee Bay Tuesday afternoon.

Warning is given to tourists to drive slowly past the grade school building on Waukegan street as there is a large hole in the road in front of the W. D. Wentworth home. There is no lantern to mark the place and it may prove dangerous to those who are ignorant of its existence.

Next Dividend On Vets' Insurance Payable Jan. 1

The Veterans Administration (VA) has announced that it plans to start paying the second dividend on veterans' insurance on Jan. 1, 1951. Dividends will be paid as each policy's anniversary date comes along and will cover the three year period since 1948.

The dividend total will probably not be announced until this December, but the VA said it will be far below the $2,800,000,000 refund this year. The actual dividend rate per $1,000 of insuransce is yet to be determined.

Specialists O. K. 1950 Farmhouse Improvements

Farm families should go ahead with their 1950-51 plans for farmhouse improvement unless the war situation later requires deferment. This is the advice of farm housing specialists at the University of Illinois College of Agriculture.

Although the government has put some restrictions on public housing and has tightened federally supervised financing, it has taken no action that woold limit civilian construction.

If you do intend to build or remodel, it is a good idea to get a close estimate on costs and buy the needed supplies, the specialists advise. It is always wise to make sure that labor is available and that you can get materials. Plans must lso be perfected.

As an aid to planning, the University of Illinois College of Agriculture has a number of farmhouse plans — more than 20, in fact — together with circulars and bulletins to help with planning and remodeling. The publications are free; house plans are supplied at $1.00 a set.

The need for farmhouse improvement is perhaps greater now than ever before. For nearly 20 years farm housing has lagged as a result of depression, rising building costs, wartime restrictions, and the intensive effort given to food production.

Since the end of World War II, farm families have started to make long-deferred improvements. They have extended electric lines, repaired their houses, and purchased household appliances. And yet farmhouses in the north central states are older in terms of average age than ever before.

K. C. NOTES

Talking It Over

An answer to one of our direst needs, that of a chaplain, seemed to be near realization at our last meeting with the promise of Fr. Eugene Baumhofer of St. Mary's church that every consideration will be given to his availability on our meeting nights. If he is able to fulfill this obligation he will be only too happy to accept. This was Father Gene's first visit to our chambers in quite some time, and his talk was so sincere and full of enthuiasm that it was the desire of every present member to have him honor us as McHenry council's chaplain. Father reminded us that there is great work ahead for the coming year. Our ranks must be strengthened. We must ever keep in mind our duties and obligations to Holy Mother Church. We must show new members and non-members alike that we practice what we preach: that the Knights of Columbus are bound by bonds of charity, unity, fraternity and patriotism, stronger than mere catch-words or fancy phrases. The purpose of our order should be uppermost in our minds. The day is coming, perhaps in the not too distant future, when we will be called upon to expend the greatest effort in our history to protect Holy Mother Church.

The Reward Is Great

Believe it or not, there is a lot to be had by simply attending meetings. After all, the meetings are held for your enjoyment and participation. If you take part in them, you can really have a good time during the sessions and in the friendly gathering that follows. So how about it, why not start now to make your membership something really worthwhile? It can be with only a little effort on your part.

Meeting Tonight

Our September meeting, scheduled for tonight, will be an excellent opportunity to get a real beginning this year, and to get things off with a bang. We wouldn't doubt that our new social program will already be underway. Will we see you there?

Bowlers Attention!

Are your winter evenings dull, no place to go, nothing to do? Join the council's bowling league. Never bowled before? Only roll 100? Average 190? It matters not in this league what your answers are. You are welcome to join the bowlers every Tuesday night. All you have to do is hand your name to Secretary Eugene Frost at the meeting tonight, and he will keep you posted. The league starts the latter part of this month, so you'd better hurry.
