REPORT STATE NURSERY STOCKS ARE RUNNING LOW

If you are planning to do any reforesting next spring, better order your trees right away.

L. B. Culver, extension forester at the Illinois College of Agriculture, says that stocks of available trees are getting low at the two state nurseries in Union and Mason counties.

Even though ten species of evergreens were available early this year, only shortleaf pine—best for southern Illinois—and white and red pine—suitable for central and northern Illinois—are now available. Culver expects that supplies of these species will not last long.

It is best to order plantation stocks at least six to nine months before you want to use them, the forester says. Spring is the best time to plant. When present stocks are gone, the next earliest planting season for which state nurseries will have trees ready will be the spring of 1952.

Pine species are especially useful in reforestation because they are rapid-growing. They produce wood crops that range from Christmas trees, holiday greens and fenceposts in the early life of the trees to valuable poles and sawlogs when the plantation grows older. Plantations also conserve soil and water, provide wildlife cover and sometimes provide recreational facilities.

Some hardwood species are available now, but they require better growing conditions and take lots longer to get pole and sawlog size. Osage or black locust, however, will produce fence posts in fifteen to twenty years. Available hardwood species include ash, black locust, cottonwood, osage orange (hedge), red gum and sycomare. You can also get multiflora rose.

Obtain price lists and order blanks, as well as Circular 567, "Forest Planting on Illinois Farms," from your county farm advisor or from the extension forester, Urbana.

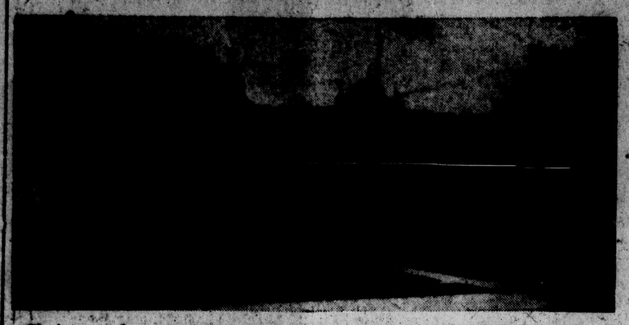
HIGH SCHOOL ACTIVITIES



Christmas has come to a close. The dashing around for last minute gifts has passed, so the scrambling to connect gifts with cards in order to write thank-you notes will start. Christmas trees will begin to shed, the cat will attempt to climb the tree, if he hasn't already, and the dog will wag his tail in the midst of it and knock the ornaments all over the floor. We hope you will bear up cheerfully under all these burdens and emerge from the holiday season as gay as before, full of resolutions for the year to come. When the kids scream for you to leave the tree up (you secretely suspect it will remain until April) smile and remember some of those resolutions. We hope you had the merriest Christmas possible and will have a happy, prosperous, New Year.

Christmas Program

Thuraday, Dec. 21, was a day of great happiness at old M.H.S. Christmas vacation was about to start. A program was sponsored by the Student Council. It consisted of a Santa Claus, whose nose strangely resembled that of teacher Tom Jones, who read humorous letters written by students and faculty. Don Paluch, doing a professional job at the mike, was ably assisted by chorus members Mary A Weidrich, Celia Page, Richard Michels, Bob McCulla and Don Andreas, with Mary A. Bolger accompanying. Gifts were presented to Mr. C. Anglese and Miss M. Taylor, Student Council advisors, in thanks for the swell job they have done all year. S. C. Jones was overwhelmingly generous as he passed out bubble gum to the students. Everyone, put in the Christmas spirit by the unexpected extra day off, went gaily home blowing enormous bubbles that eventually froze into position.

Monthly F.H.A. Meeting

The monthly meeting of the F.H.A. was held on Wednesday, with Miss Maurie N. Taylor as the main speaker. The business meeting was held first, with plans made for the talent show in January and the Valentine dinner dance in February. After the business meeting the president, Nancy Nelson, introduced the speaker. Miss Taylor spoke in the second in a series on "Future Vocations for Women." She spoke on her profession as a teacher. She received her bachelor of arts degree from Southrn Illinois University, and her Master's degree from Colorado college. She has done graduate work at the University of Chicago, and Sorbonne University in Paris. Miss Taylor has been at McHenry high school for fifteen years teaching Latin, French and physical education. At present she is doing full time physical education work. The next meeting will be held on Jan. 27, with Mrs. Van Sells speaking on "Women in Journalism."

Pep Meeting Held

A pep meeting was held on Wednesday, Dec. 20, with the four cheerleaders in full charge. The girls, Esther Steinle, Karen Engdahl, Carol Arvidson, and Marlene Arvidson, arranged a Christmas program, paraphrasing the "Christmas Story" by Dickens. Members of the basketball team that took part were: Scrooge; Don Andreas; Ghost of Christmas Present, Jim Kennebeck; Ghost of Christmas Future, Herb Engdahl; and Jacob Marley, Duane Schmidtke. The girls then led the students in several cheers and closed by singing the school song.

County Tournament Closes

With the tournament over it is time to give some bouquets. Of course Hebron deserves the largest for winning, but several other people who are never mentioned should be given a big hand. Mr. Roche has done a spectacular job of announcing every tournament. Elliott Wheeland, the official timer, has also been right on the job, as has Ralph Kelly, official scorer. The cheerleaders have been kept quite busy selling the 2300 programs. Faculty members and students giving their time to make this tournament a success have been Miss Helen Stephens, Miss Margaret Williams, Nancy Siemon, Mary Kay Freund, Mrs. John Bolger. Mr. Tom Jones, Mr. Clarence Anglese, Miss Marie Paprocki, Mr. Leo Kerber, Mr. Virgil, Prine, Miss Carey Clark, Mr. Bob Hoffman, Mrs. J. Richardson, Miss L. Howden, Miss M. Taylor, Mrs A. Rulien, Miss A. Froehlich, Rita Bolger and John Knox. The persons given little or no recognition at all for their efforts throughout the football and basketball season for making the programs given away at every game are Don Freund, Nancy Siemon, Rita Bolger, Don Andreas, Marilyn Freund, Esther Steinle and Loretta Grimm.

Carolers Entertain

Seven members of the girls' chorus, all seniors, spent part of Saturday evening, Dec. 23., at Pistakee Bay. This group of girls, directed by Miss Adele Froehlich, were: Mary A. Weidrich, Celia Page, Nancy Siemon, Joan Freund, Rita Bolger, Betty Schmitt, Mary Kay Freund, Sally King and Joan Nell.

PARK ATTENDANCE

One out of every six of the 9,000,000 persons who visited the sixty-one Illinois state parks and memorials during 1950 went to Starved Rock Park near LaSalle, according to a year-end report by the state Department of Public Works and Buildings. Grand Marais, at East St. Louis, had more than 1,000,000 visitors, and Pere Marquette, west of Grafton, attracted about 700,000. White Pines Forest, near Dixon, and Mississippi Palisades, near Savanna, each had an attendance exceeding half a million. Illinois Beach, near Waukegan, Giant City, south of Carbondale, Black Hawk, at Rock Island, and the Lincoln Home and Tomb, in Springfield, all attracted many visitors during the year. Expanded camping facilities in many of the parks which enabled thousands of boys and girls to participate in group camping sponsored by Boy and Girl Scouts, 4-H clubs and other organizations is thought to account for some of the 700,000 increase in park attendance during 1950 as compared to 1949.

"TV people have to sleep well... that's why I have an Electric Blanket!"

says **Fran Allison**
Star of Television's
"Kukla, Fran and Ollie"

"I have to sleep well every night to keep up with the Kuklapolitan Players . . . so I depend on my electric blanket for a comfortable eight hours. All I do is set the control for the temperature I want and the blanket automatically adjusts to the weather. I'm one of those 'cold-blooded' women who used to shiver even with six quilts over me, so I think it's wonderful that just one electric blanket keeps me so warm. I think I'll have to get electric blankets for Kukla and Ollie, too!"

CONVENIENT TERMS...on your monthly Service Bill

See the new electric blankets at your dealer's or our nearest store

PUBLIC SERVICE COMPANY OF NORTHERN ILLINOIS

Your tractor will start and run a lot better in cold weather if you will change to a winter weight oil in your tractor crankcase and transmission.

A well-charged battery, clean ignition system and frequent oil changes are all necessary for satisfactory winter tractor operation.
