Well Made and Makes Well

Hood's Sarsaparilla is prepared by experienced pharmacists of today, who have brought to the production of this great medicine the best results of medical research. Hood's Sarsaparilla is a modern medicine, containing just those vegetable ingredients which were seemingly intended by Nature herself for the alleviation of human ills. It purifies and enriches the blood, tones the stomach and digestive organs and creates an appetite; it absolutely cures all scrofula eruptions, boils, pimples, sores, salt rheum, and every form of skin disease; cures liver complaint, kidney troubles, strengthens and builds up the nervous system. It entirely overcomes that tired feeling, giving strength and energy in place of weakness and languor. It wards off malaria, typhoid fever, and by purifying the blood it keeps the whole system healthy.

Hood's Sarsaparilla

Is the best—in fact the One True Blood Purifier. Sold by all druggists. $1; six for $5.

EDITORIAL NOTES.

It is officially stated that Hon. Charles Dawe, of the Newfoundland Government, will be fishery advisor to Sir James Winter in the International Conference at Quebec.

The Penetanguishene defaulter, W. R Gillespie, who was arrested for alleged crookedness, entered an appeal at Montreal in the High Court, but his application was dismissed, the court upholding his commitment on a charge of fraud.

It is now stated that the Methodist Klondike Mission Fund has reached $3,669 A letter received recently from Rev. A. E. Hotherington, B. D., one of the missionaries, announces his safe arrival at St. Michael's last month, after a stormy passage.

On the 10th inst, Gilbert Parker the novelist, gave a banquet in London, to the four Canadian Ministers now in England —Hon. Messrs. Mulock, Fisher, Blair and Fitzpatrick. Canadians, since the Queen's Jubilee, appear to be somebody in the Mother Country.

The British Columbia political crisis is commented upon by the Ontario political party organs from very opposite standpoints, and, as a matter of course, naturally reach opposing conclusions. Here is, however, an independent conservative's opinion of the situation—the Toronto *Telegram*:—"When Premier Mercier was dismissed he represented an actual majority in the Legislature and an overwhelming popular majority in the province. Premier Turner was representative neither of a majority in the Legislature nor a majority of the vote polled. Yet the Hamilton *Spectator* and other Conservative papers which lavished praise on a Tory Lieutenant-Governor for putting an end to the supremacy of a bad Grit Government which was supported by a majority in the Legislature, are heaping curses on a Grit Lieutenant-Governor for putting an end to the supremacy of a bad Tory Government, which had not a majority in the Legislature."

Perhaps nothing has shown the wonderful adaptability of the average American more than the way in which the men of the greatest differences in training, birth, and condition, drawn with an impartial estimate of fitness from all over the country, and now composing the already historic "Rough Riders," have been able to sink every consideration of personal preference or habit to join heartily in the

COLONEL THEODORE ROOSEVELT

spirit of discipline and daring which has brought the troop to its present condition of effectiveness. From the cowboy, whose feats in the saddle have been the admiration of a border people who have known the Apaches, to the college man who has been cheered from the "bleachers" for his track athletics, we believe a large man may be fetched; but the unanimity of spirit and high patriotism prevailing throughout the troop has brought them together shoulder to shoulder, man to man. This is rarely fine, and preaches a whole religion for the success of what is best in our republic. When our inquiries what centralizing force has been able to bring this singleness of aim about, the answer is unavoidable that it has been the convincing personality and charm of Colonel Theodore Roosevelt.

Since Theodore Roosevelt graduated from Harvard in 1880 he has played many parts. In political life he has been a New York State Assemblymen, United States Civil Service Commissioner, Police Commissioner of New York City, and Assistant Secretary of the Navy. In literature he is well known as the author of several historical works, and descriptions and stories of frontier life.

When Roosevelt organized his troop the President offered to make him colonel, but he declined the commission. "I am not fitted to command a regiment," he said "for I have had no military training. Later, after I have gained some experience, perhaps that may come." It has come now, and also recommendation for the medal of honor for gallant conduct in action.

Pictures of the Rough Riders and the other forces that took part in the siege of Santiago, from photographs taken during the engagement, will be found in the Santiago (July 30) Number of *Harper's Weekly*.

That Munyon Has Kept Faith With The People and Made Good

HIS PROMISES

His Remedies are Becoming the Safeguard of the Home—The People Have Trusted and Have Not Been Deceived.

Mrs. D. Davis, Trenton, Ontario, Canada, says: "Mine has been a marvellous cure of eczema by Munyon's Remedies. When I began using these remedies I was covered from head to foot with scabs. I suffered the most intense agony from the irritation and pain. I felt so bad that I believed it impossible to ever get well I had used a number of remedies to effect a cure, but instead, I was getting worse I was in Grace hospital for three months, but they could not help me. I finally decided to try Munyon, and after using Munyon's Salve and other remedies I received immediate relief. The medicine seemed to help and cool the irritation. I am happy to say now that I have not a mark on my body and feel it is my duty to tell others of the wonderful cure which has been effected in my case. I have unbounded faith in Munyon's treatment and heartily recommend his remedies."

London, Aug. 14—Advices from Melbourne report that the American barque *C. C. Funk*, Captain Nissen, which sailed from Tacoma May 22, for Melbourne, has been wrecked on Flinder's island, Sasmania. Eleven of those on board the barque, including Captain Nissen, his wife, and two children, were drowned.

Tottenham, Aug.—The barn and outbuildings belonging to Daniel Gavin, lot 2, concession 5, Tecumseth, were destroyed by lightning last night. The buildings consumed were fine ones, and contained all the farm produce of this year, and the alsike of last season. The loss will be very heavy, there being only about $600 insurance in the Waterloo.

Nashville, Tenn., Aug. 18.—A special to the *Banner* from Knoxville says: "News has just reached here that a cloudburst has occurred at Beech Creek, a remote locality in Hawkins County, nearly 20 miles from Rogersville Seventeen persons lost their lives. Thirteen of the bodies have been recovered The dead were members of poor families. Their cabins in a narrow valley were swept away in the flood from the cloudburst

Fraud Unmasked and Exposed.

For some years the ladies of Canada have suffered much loss and inconvenience from use of deceptive home dyes put up to look like the popular Diamond Dyes. These imitation package dyes were sold at very low prices to retail merchants, who in turn made immense profits on them when sold to women who are unfortunately influenced to buy them.

These imitations of Diamond Dyes were never sold more than once to any woman. They possessed no foundation qualities or good points to make them valuable or popular. They were made of the cheapest ingredients. the colors were dead, muddy and unsightly, and they ruined all materials they came in contact with. These common dyes are now so despised and shunned that storekeepers are glad to sell them at half price to be rid of them.

The Diamond Dyes are still marching on to new victories, and have always maintained their position by true merit alone. Beware of the imitation and cheap dyes that are still pushed on the unsuspecting by some dealers. If a storekeeper values your trade he will recommend you to use the Diamond Dyes.
