SUCCESSFUL PICNIC.

The annual picnic of the Methodist and Presbyterian Sunday Schools was held at Jackson's Point on Friday last and was a complete success. The trip was made in autos and motor trucks and plenty of accommodation was provided for all. There were plenty of amusements including a baseball match between Sutton and Mount Albert, the latter being victorious. There was a good program of sports, the needle race furnishing a considerable amount of amusement. A few of our prominent citizens met with disaster while taking an auto trip around the shore but finally came out all right.

OUR SCHOOL.

Two exceptionally good teachers have been engaged for our Continuation School for the term commencing September next, Miss McKenna, B. A., is Principal and Miss Waterman, assistant. Both are teachers of experience and ability and come to us highly recommended. The addition of a third teacher in the public school has proved a step in the right direction, as during the past school year the progress of the children has been all that could reasonable be expected. A furnace is being installed during the summer holidays to make the class rooms and halls more comfortable during the winter months.

THE CEMETERY.

The annual Decorstion Day of the Mount Albert Cemetery was held on Sunday evening last and the attendance was exceptionally large, including many from Toronto and other places. Mount Albert band played several suitable selections which added greatly to the success of the services. Addresses were delivered by Mr. Dyer, Rev. D. Roy Gray, and Rev. John W. Morgan, a former pastor of the Methodist Church here, also by Mrs. Gray on behalf of the Women's Institute and Mr. John Moore on behalf of the fraternal societies. Much credit is due to those in charge and particularly to the caretaker, Mr. Wm. Rear, for the beautiful appearance of the Cemetery. The collection at the gate amounted to over one hundred dollars which will help still further to keep the grounds up to their present high standard. Many expressed the opinion that this Decoration Day service was the most successful of any that has been held.

MOUNT ALBERT DECORATION DAY.

Despite the threatening appearance of the weather, a very large crowd gathered at the Cemetery on Sunday evening, July 11th, for the annual Decoration service. This Cemetery aids fair to be, if it is not already so, among the best kept and most beautiful of any of the small towns of the Province, under the care of Mr. Rear it is in beautiful order. No one, who has not watched its development could believe that a very few years ago, it was just a rough looking field. Four large beds of flowers, which this year contain about three hundred plants, besides the carefully kept and planted private plots, show that the dead are not forgotten and the abundance of cut flowers brought for the occasion, added to the general effect. The different fraternal societies had marked the graves of members by small flags.

Besides the residents and those of neighborhood were an unusually large number of residents now living at a distance, who came to pay this tribute of respect to those gone before.

The Mt. Albert Band gave a choice selection of music, after which Mr. Byron Silver, President of the Cemetery Board, called the meeting to order Addresses were given by Mrs. D. Roy Gray, President of the local Women's Institute, which body does much to add to the appearance of the grounds; Rev. Mr. Dyer of local Presbyterian Church; Rev. J. Morgan, a former pastor of the Methodist Church; Mr. Jno. Moore and Rev. D. B. [illegible] these gentlemen all paid tribute to the youth of Canada, who gave their lives that we might live in safety. They held up high ideals of the life that should be lived here, that we may inherit the life eternal. The service closed by "God Save the King" by Band and people.

We cannot but pay the tribute of praise for the excellent order maintained by all including the scores of children on the ground.

It is a pity that more of the Cemetery Boards do not have a similar service on their annual Decoration Day. The collection taken at the gate was as always, a very generous one, which the Board greatly appreciate.

SINGER SEWING Machines

If you've ever had the misfortune to own a cheaply constructed sewing machine, you'll know what it means to have parts constantly breaking, or the machine refuse to run for some seeming unaccountable reason.

Singer quality and the perfect adjustments of every Singer machine saves you such discouraging experiences. Every Singer runs so light and easy as to require practically no effort on your part to do the heaviest sewing.

Many women use a Singer who haven't strength enough to operate ordinary machines. But the Singer does all the work, runs noiselessly and does not easily get out of order.

Should repairs or new parts, needles, etc., ever be needed there's alway a Singer store near by to save you annoying delays.

Small deposits, balance in monthly instalments. Old machines taken in exchange. 2nd hand machines from $5 up. Always in stock.

A NEEDED SERMON

The preacher announced that next Sunday his subject would be "Liars" and that he would be very glad if, during the intervening week, they would read the seventeenth chapter of Romans for themselves. The next Sunday the preacher commenced by reminding his hearers of the request he had made, and asked all those who read the seventeenth chapter of Romans to stand up. To his astonishment half the congregation stood up. "Thank you very much," said the preacher, "now it is to you I want to speak to-day, because there is no seventeenth chapter of Romans."
