The only big ship driven by wind in these days is the ship of state.

Editorial Notes.

Don't overlook the High School News. The address of Miss Ferguson is worth-while reading.

The federal government has tightened up the laws which apply to negligence, manslaughter, causing of grievous bodily injury and driving a motor car while under the influence of liquor.

The standing of parties in the Dominion House at the present time is: Liberals 117, Conservatives 89, U.F.A. 11, Liberal-Progressives 9, Labor 3 and Independents 2. What is your guess for the next Parliament?

Canada is doing more for the individual War Veterans than any other country. \$625,000,000 has already been paid and by the action of Parliament the past week a further sum of \$61,394,000 will be paid out this year to the men who fought in the last Great War and still suffer therefrom.

The new automobile insurance law of Ontario may help conditions in this province. The law requires drivers to pay for damages or injuries they cause on pain of losing their license, and to take out insurance against further accidents. The cost of the insurance will decline as time passes without mishaps on the road.

Many outside voters, who have summer cottages in North York will do well to pay attention to a change in the Federal Election Act: At the approaching elections cottage owners will not be able to vote in the municipalities where they summer if their domicile is in another riding. This change should mean quite a few less votes for the Conservative candidate in North York.

'Queen's weather' again brightened 'Victoria Day'. Memory goes back half a century when the village was awakened between 4 and 5 o'clock by the booming of a home-made cannon cast at the Sykes & Elvidge foundry and everybody was astir shortly after decorating their homes for the big celebration which was then the only real celebration of the year. On the morning of the 24th farmers' help must finish planting potatoes before seeing the celebration or go fishing. How times have changed!

BRIGHT BITS FROM EXCHANGES

Premier Ferguson says: "Mr. King is the issue, and not the tariff." Just about what one would expect from the head of a one-man government.

The Federal law should be changed to forbid remarriage of any person divorced from another still living.

Some men never appreciate their children so much as when making out their income tax.

If television enables people at a distance to see a battle there may be less war.

The high pace at which people live to-day keeps their nerves in a state that greatly prejudices their driving efficiency.

Another nice thing about a radio sermon is that people don't stare at you when the preacher denounces your pet sin.

Nothing is easier than fault-finding; no talent, no self-denial, no brains are required to set up in the grumbling business.

Prohibition would be more of a success if every dry who endorsed it would only use it personally.

One reason it's safe to breathe through your nose because that makes you keep your mouth shut.

One of Hon. R. B. Bennett's grudges against the federal budget is that it renders useless tons of campaign literature that had been under preparation.

The election campaign cannot be expected to make a real start until the Shriners' Convention is over.

MISS MACPAIL AGAIN

FARMERS' CANDIDATE

Durham, Ont., May 26.—Miss Agnes MacPail, the only woman ever elected to the Dominion House of Commons and the sitting member for Southeast Grey, was chosen at the riding convention of the United Farmers of Ontario here Saturday as the party's candidate in the forthcoming federal election.

Miss MacPail will be opposed by Dr. G. C. Campbell, Conservative candidate. It is thought unlikely that the Liberals will enter the field and create a three-cornered contest.

ERA STOCK REGISTER

Albert, will make the season of 1930 at his home stable, Seth Mitchell's, lot 6, con. of Scott, except Thursday night when he will be at Mount Albert hotel. Dominion

Parliament

Supplementary Estimates

Ottawa, May 26.—No provision is made in the supplementary estimates tabled tonight for additional soldiers' pensions due to the legislation passed this session. It is understood that this will amount to between four and five million dollars, and will be provided for out of the Consolidated Revenue Fund. The total for war pension this year will exceed \$50,000,000. There will also be about \$1,500,000 additional cash subsidy for Manitoba for natural resources alienated.

Among the numerous additional estimates for 1930 are:

To provide for a conference of representatives of Dominion and Provincial Government, municipalities, transportation companies and industrial and labor associations, to consider methods of co-operation in furthering continuous employment throughout Canada during the winter months—\$10,000.

Cold storage warehouses, \$200,000; fruit inspection services, \$30,000; seed, feed and fertilizer control, \$35,000; grant to the Executive Committee of the World's Poultry Congress, \$10,000; to assist in providing pre-cooling warehouse facilities for fruit, \$20,000; to inquire into the live stock industry of Canada through the medium of co-operative marketing, \$25,000.

Trent Canal, \$70,000; Welland Canal \$12,000.

Our Toronto News

Aside from fire-cracker accidents which sent four Toronto children to the hospital, all of them seriously injured and one likely to be crippled for life, a long list of Torontonians are registered at hospitals, victims of the holiday traffic.

Six were killed in accidents through the province, 43 injured and nine sudden deaths occurred in Toronto alone, a check-up of Ontario's 24th of May showed.

Earl Lepard was driving north on Forman Ave., when his car was struck broadside by a bus and forced 9 feet out of its course. Five people were more or less seriously injured and the car smashed.

Ranging from diminutive lads in bright scarlet tunics for strapping khaki-clad High School youths, Toronto's School cadets paraded 11,000 strong for the annual Empire Day review. It was the best turnout in the city's history.

Empire Day concert in Massey Hall by 1,000 school children drew a packed house and were treated to an evening of real music, cleverly selected and exceptionally well performed. There were competitive events, choirs and soloists, orchestral selections and roused singing, followed by a brief address from Dr. Walters, chairman of the board.

Receipt slips were systematically destroyed during the past three months in a drug store and cash sales amounting to \$150 were split between the register and the salesman, the latter being arrested last Sunday night.

Plans to hold a convention in Toronto in June, when all the temperance organizations would meet to co-ordinate their efforts, were made at the annual meeting of the Grand Lodge of Canada of the International Order of Good Templars, held on Saturday.

Twelve Governors of the United States, a Washington Senator, Democratic Vice-Presidential candidate or their representatives at the last election; four Premiers of Canadian Provinces, and sixteen Masonic Grand Masters will be in Toronto for the Imperial Council session of the Nobles of the Mystic Shrine the second week of June. The list of Grand Masters includes the ruling officers of the Masonic order in British Columbia, Quebec and Ontario.

In an action for \$30,000 damages resulting from the Sunnyside "Whoopie Wheel" accident last summer, the jury brought in a verdict of \$12,920. Charles Adams, 47, Constance St., 16-year-old student of Western Technical School, was found dead at a late hour Tuesday night, thought to be the victim of a boyish scientific experiment with chloroform.

The fall of a Maypole on the Queen Alexandra school grounds on Tuesday afternoon, killed a 10-yr. old girl while playing.

Co. Police Court

HURLED TOMATO, PAYS FINE

A tomato thrown at a motor car which, he alleged, had honked its horn derisively at him while he was working, resulted in Joseph Rusko paying \$20 to cover costs and damages to the dress of Audrey Ough. She had charged him with assault. Magistrate R. J. Browne occupied the bench in the absence of Magistrate William Keith, who is on a week's vacation.

"If I'm going to pay for the damages I want the dress," spoke up Rusko.

"You may have it. It will make a fine bathing suit for a Mary Anne like you," advised Magistrate Browne.

"I was unloading tomatoes from my truck when this guy—" began Rusko.

"Pardon me," interrupted the bench.

"Dis fellow," amended Rusko, and continued, "He honked by me and gave me the horn, so I threw a tomato. I aimed at the driver but hit the girl instead."

In Memoriam.

Sedore—In loving memory of a dear husband and father, Abram Sedore, who passed away May 27, 1929.

We often think of days gone by.
When we were all together;
The shadow o'er our lives is cast,
Our loved one gone forever.

Tonight the stars are gleaming
Upon a lonely grave,
There sleepeth there without dream-
ing

One we loved but could not save.

The rolling streams of life pass on,
But still the vacant chair
Recalls the smile, the love, the
voice

Of one who once sat there.
—Sadly missed by
Wife and Children.

Thompson—In loving memory of Mrs. Frank Thompson of Mount Albert, who departed from this life June 1, 1924.

No one knows how much we miss you,
No one knows the bitter pain
We have suffered since we lost you
Life has never been the same.

In our hearts your memory lingers,
Sweetly tender, fond and true;
There is not a day, dear mother,
That we do not think of you.

Sadly missed by
Husband and Family.

Doan—In loving memory of William A. Doan, who went on before us on May 28, 1922.

His memory grows ever greener.
—Wife and Family.

Morison—In loving memory of a dear husband and father, John T. Morison, who died May 29th, 1929.

When the evening shades are falling
And we are sitting all alone,
To our hearts there comes a longing
If he only could come home.

In Aurora, safely sleeping,
Where the gentle breezes wave,
Lies the one we loved so dearly—
The one we could not save.

Away on that beautiful hill of God,
By the valley of peace so fair,
Some day, some time, when my task is
done

We shall meet our dear one there.
We mourn for you dear husband,
But not with outward show,
For the heart that mourns sincerely
Mourns silently and low.

—Sadly missed by his
Wife and Son.
