Bright singing, helpful messages.

L. O. B. A. MARK 22ND BIRTHDAY

Rev. Morris Zeitman Will Speak At July 12 Church Service

Members of Maple Leaf Lodge L.O.B.A. No. 173 celebrated their 22nd anniversary with a birthday party at the Orange hall last Thursday evening. The rooms were tastefully decorated with flags and the lodge colors. A large number were present, including sisters from Aurora, Beeton, King City, Richmond Hill and Toronto lodges. The worthy mistress, Sister M. McKee, presided, and Sister D. Hays was in charge of the musical program. A four-piece orchestra, led by Harry McGee with piano accordion, Don Blair and Wallace Cutting, guitars and Hugh Mair, mouth organ, played popular selections during the evening. Vocal solos were well rendered by Sister A. Williamson, Mrs. L. H. Bovair and Jim McGee, being ably accompanied at the piano by Mrs. W. Epworth.

Between the musical items, the worthy mistresses of the various lodges present, rose to extend hearty greetings and best wishes for the continued success of Maple Leaf Lodge. Sister L. Crockett, matron of the True Blue and Orange Home, Richmond Hill, was also present, accompanied by three of her pupils, the Thomas sisters and Helen Plumridge. Sister Crockett gave a most interesting account of the wonderful work that is being done at the home and showed the need for its constant support. The little Thomas girls gave several costume dances in very clever style and Helen recited some amusing poems which were well applauded. Sister Gilfillan of Toronto, charter member and past mistress of Maple Leaf Lodge, was called upon for a short speech which she gave in a fitting manner. She then presented Sister Ruddock I. P. M. with a gold lodge ring, as a token of her services in the L.O.B.A. Sister Ruddock responded suitably and in turn presented A. M. Sister McKee with a verandah chair as a slight expression of esteem from her officers and members. Bro. George Muir, an Orangeman of long and honored standing, being present, was called on for a few words and responded in a very kindly and encouraging strain. After some community singing, the guests adjourned to the supper tables, where a dainty repast was served to some 125 persons who did ample justice to the good fare. A handsome three-tier birthday cake made by Bro. Dave Riddell, adorned the scene, complete with 22 candles. A draw was put on for the top layer, which was won by Sister C. Brymer, Maple Leaf Lodge. After the toast to "the King," Sister Gilfillan proposed "Our Lodge," which was responded to by Sister A. Drury. Maple Leaf Lodge announces that their annual church parade will be held on Sunday evening, July 12, at St. Andrew's Presbyterian Church. The special speaker for the occasion will be Rev. Morris Zeitman, B.D., of Toronto.

CATERPILLARS MENACE FARMS
Declaring that caterpillars are making destructive war on northern York county municipalities, Reeve Bert Knowles of Aurora last week suggested in county council that the provincial government use relief workers to exterminate the caterpillars.

—Miss Marjorie Bastedo of Toronto spent the weekend with Mrs. Arthur Brammer.

ETHEL CUMBERIS BRIDE OF N. PARK

The Newmarket Gospel Tabernacle was prettily decorated with peonies, syringa and ferns on June 17, when Florence Ethel, eldest daughter of Mr. and Mrs. T. G. Cumber, Newmarket, became the bride of Mr. Norman L. Park, son of the late Mr. and Mrs. E. Park. The Rev. A. G. Bentley officiated.

The bride, given in marriage by her father, looked lovely in a gown of white lace with high collar and long sleeves. She wore a white turban hat with nose veil and carried tallman roses and cornflowers. The bride's sisters were her attendants. Miss Winnifred Cumber, as maid of honor, wore a green crepe dress with yellow trimmings, and Miss Ivy Cumber, as bridesmaid, wore a yellow dress with green trimmings. Both carried bouquets of sunset roses and cornflowers. Mr. Melville Filday, the best man, and the ushers, Messrs. Horace and Stanle Cumber, were in white flannels and dark coats. The wedding music was played by Mrs. C. C. Cumber, sister-in-law of the bride. During the signing of the register, Miss Patricia Evans, friend of the bride's family, sang "Because." After the ceremony a reception was held at the bride's home, her mother receiving in a wine-colored fancy crepe dress with ivory and black accessories and wearing a corsage of sweetpeas and sweetheart roses. For travelling the bride wore a navy crepe ensemble with white shoes and gloves. After a short trip north the happy couple are now residing on Church St.

—Mrs. M. Wasley of Gravenhurst spent the weekend with her niece, Mrs. Wm. G. Rosamond.

—Mrs. Carley, Mrs. J. H. Precious, Mrs. Gordon Wiley of Hamilton and Mrs. H. Everist of Preston spent Sunday with Mr. and Mrs. W. Carley, Ontario St.

—Miss Florence Cole, high school teacher, is going to Irondale with Mrs. W. R. Stephens for two weeks' holidays.

—Miss Eileen and Mr. Murray Boyd of Toronto spent Sunday with their parents, Dr. and Mrs. S. J. Boyd.

—Mr. and Mrs. George Scrae spent part of last week in Newmarket with Mrs. Scrae's mother, Mrs. Chas. Bovair, on their return from Atlantic City. Mr. and Mrs. Scrae have now gone to their farm.

—Miss Beatrice Bovair of the staff of Toronto General Hospital will be home Friday for four weeks' vacation with her parents, Mr. and Mrs. Charles Bovair.

Compulsory Pasteurization Throughout Canada Advocated

"The words of such men as Dr. Bates, Dr. Berry and Dr. Alan Brown are the essence of science on the subject of pasteurized milk and are accepted by the world at large as right and beyond all question of doubt," Dr. J. H. Wesley, M.O.H., told The Era this week.

"There is every day proof that germs in raw milk have infected too many millions of innocent children, to ever think of going back to the use of raw milk which is always unsafe milk," Dr. Wesley said. "In pasteurizing milk it is heated to 142 degrees and kept at that temperature for 30 minutes, which in itself is not sufficient to make the milk harder to digest. "It is generally understood that ordinary milk is deficient in vitamin D and different dairies are treating milk with ultra violet rays to overcome that deficiency and the milk is sold as 'Vitamin D Milk.' Milk alone has not sufficient vitamin content and children do better when they receive fruit-juice, cod liver oil and, best of all, lots of sunlight in addition."

Urging compulsory pasteurization throughout Canada, and stressing the great value of milk as a food, Dr. Gordon Bates, general director of the Health League of Canada, denies that pasteurization destroys vitamins to any serious extent, or makes milk difficult to digest. "Groups and individuals, selfishly opposed to pasteurization, have expressed opinions that pasteurization changes the taste of milk, that it injures its food value, that it destroys its usefulness by damaging its vitamins, that it injures its digestibility—all of them are absolutely false," Dr. Bates declares. "Here are some facts. It has been stated that vitamins C and D, the vitamins which prevent scurvy and rickets, are injured by pasteurization. As a matter of fact, vitamin C is somewhat lessened by pasteurization. But both vitamins C and D exist in variable and unreliable quantities in milk. There is not sufficient of either to justify any parent in neglecting to add orange juice or tomato juice and cod liver oil to the diet of children, in addition to milk, whether the milk is pasteurized or not. These other foods supply the otherwise deficient vitamins C and D. "It has been said," Dr. Bates continues, "that the calcium content of milk is reduced by pasteurization. Actually pasteurization itself cannot damage the mineral composition of milk, although, under some circumstances, there may be a slight precipitation. In any case, there is three times the amount of calcium in cow's milk that there is in mother's milk because nature primarily intends cow's milk for calves and calves need more calcium than children. "It is suggested that pasteurized milk is not as digestible as raw milk. The experience in the Hospital for Sick Children in Toronto is exactly the reverse," says Dr. Bates. "Dr. Alan Brown, physician-in-chief at the Hospital for Sick Children, said in a recent statement prepared for the Ontario government that, during the past 20 years, every drop of milk given in-patients and out-patients, in that hospital had been, not only pasteurized, but, in addition, boiled to improve its digestibility still further. Dr. Brown, at the same time, definitely contradicts the statement that pasteurization changes the natural condition of the milk," says Dr. Bates.

Quality printing at low cost is offered by Era printers.
