

KING TAKES ACTION TO SHARE IN FINES

In order that the township may receive its share of fines imposed, King township council has ordered that the township part-time constables should lay all police court charges themselves and not have county constables lay charges for them.

The council resolution, moved by Councillors E. M. Legge and C. E. Walkington, also instructed them to file their costs, mileage, etc., with the court.

Fines are credited, after the province receives 40 percent of the gross revenue and the court expenses are deducted, to the townships or the county or the province according to which constables have laid the charges.

The York county police courts, however, are not allowing any costs to constables at the present time.

Reeve Thos. MacMurchy presided over a council meeting at Kettleby on Saturday. The councillors were all present.

Monday was proclaimed a civic holiday in the township.

The council approved payment of \$20 to J. P. Jefferson and \$22 to Roy Sharpe in sheep claims, and \$6 to Cecil Wray as valuator.

The council returned the following amounts of taxes overpaid: Edward Murphy, \$7.04; M. D. Richardson, \$1.07; Frank Camisno, 33 cents; H. C. Mills, 63 cents; D. B. Ross, 32 cents.

As King's share of 1942 maintenance of the Holland Marsh drainage scheme, the township will pay \$654.88 to West Gwillimbury.

The township will receive from the county \$728.30, of which \$582.03 will be a discount for prepayment of the county levy and \$146.27 overpayment to the county.

Accounts which the council approved for payment included: parish hall, Kettleby, rent for council meeting, \$5; H. G. Rose, clerk, registrations, \$4.25; Wm. Davis, constable services, \$11; S. S. Joscelyn, on account of auditor's fees, \$175; Nobleton postmaster, stamps, \$9; Gus Farquhar, constable services, \$12.90; Dr. Dilane, \$5; Wm. Cutting, constable services, \$26.80; Chas. Ross, tax collector, \$7.85.

Case's Aces Take First Game In Softball Finals

In a thrilling free-hitting game Case's Aces took the first of the Aurora town league softball finals as they downed Pete. Harman's Collis Leather boys 14-9 in an eight-inning fixture last week.

Except for a fatal second inning, when the farm boys had a regular harvest and garnered nine runs, the Collis boys had an even or better break on the play.

Manager Charlie Case crossed up the fans by sending Harold Botham to the hilltop for the fifth inning, when the leathermakers scored five times, he had the game well in hand.

Seldom have so many fine fielding plays been seen in the park. Dennis Cummings, Lloyd and Anderson all made feature running catches and the hitting white free was largely untainted by errors or miscues.

Gilkes, who hurled the game for the losers, after one bad inning, was tops and the loss was partly his own fault, as wildness made the initial play for his downfall.

Council Won't Support Action To Replace Sign

Protest against a sign placed in front of his home directing traffic to the Aurora Engineering Co. was made by Hugh Bowman to the Aurora town council on Tuesday evening.

Mr. Bowman told the council that he had removed the sign. Mr. Bowman contended that the sign detracted from his property and was unsightly.

The council defeated a motion by Reeve Chas. Malloy and Councillor A. A. Cook, "that in view of Mr. Hugh Bowman having unlawfully removed a direction sign of the Aurora Engineering Co. from the southwest corner of Metcalf and Wells Sts., although said sign had been authorized by this council to be placed there, every co-operation be given the Aurora Engineering Co. Ltd. in any proper action that company may see fit to lodge against the said Hugh Bowman to have the said sign replaced from where it was removed."

The signs are on posts about six feet from the ground.

Offer From King Council Has Councillors Puzzled

Aurora town council did not know what to make of an offer from King township council of \$300 for fire protection for 1942 at a meeting on Tuesday evening.

Whether or not the King township council was ready to pay \$600 a year for fire protection was not clear from the communication.

The Aurora councillors said they could not go ahead with plans to buy a new fire truck, to give King and Whitechurch proper protection, without a long-term agreement from King.

Local Boy Overseas Tells Of Air Raid, Bombs Drop

In a letter to his mother, an Aurora boy overseas with the R.C.A.F. tells of air raid experiences while on leave. A bomb fell near the house in which he was staying.

Most of the occupants had put their heads under the covers in anticipation of just such an emergency. Hot coals from the stove were knocked to the floor but were put out in time to prevent a fire.

Engineering Firm Expands Steadily

The Aurora Engineering Company, which started in a modest way, is now one of Aurora's leading firms. About 25 are employed and only lack of skilled labor restricts the number.
