STEP 3: EDITING AND REPLACING YOUTUBE FILE DETAILS	17

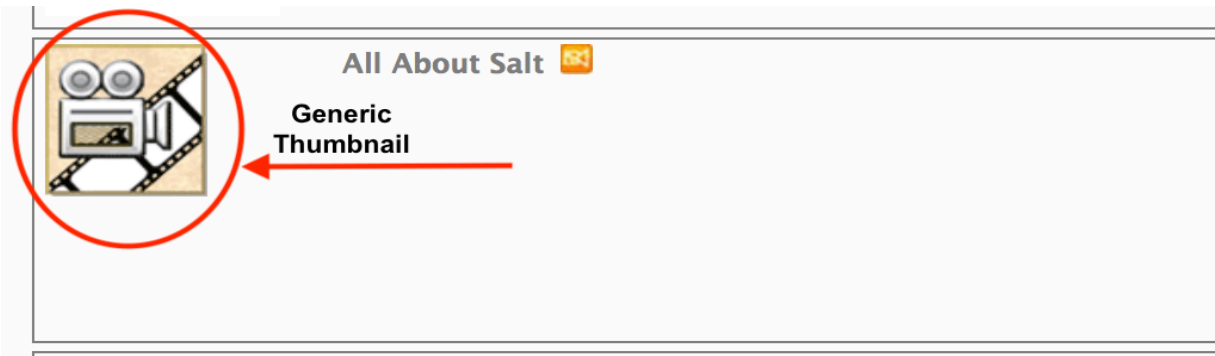

INTRODUCTION

VITA supports **mp4** files to deliver video in a streaming display, as well as a YouTube embed option. You can find instructions on how to embed videos from YouTube in Part 2 of this manual.

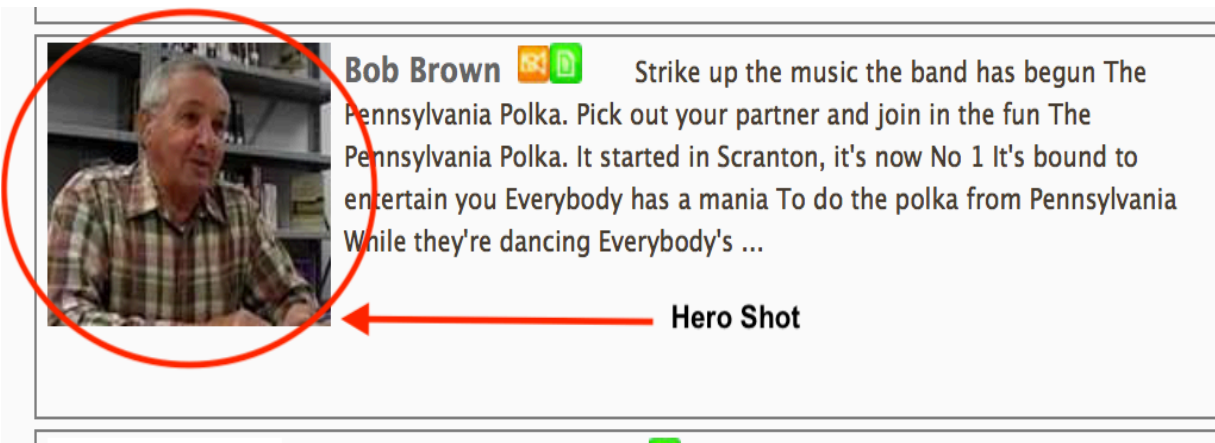

UPLOADING VIDEOS & VIDEO RECORDS

STEP 1: ADD THUMBNAIL - THE "HERO SHOT"

It is best practice to assign an image – or Hero Shot - to represent the mp4 video. If you do not attach an image to the file, it will not have a visual representation within the record and will appear in all search results like this:

As opposed to this:

Adding an image overrides that generic thumbnail.

To start the process, choose **and upload file** from the VITA dashboard

Manage Records
Add Record:

- **and upload file**
- **without a file**
- as a Birth, Marriage or Death (BMD) entry

Search or Update Record

- **Prooflist** [last added first, from the indexes]
- **Top 100 Records** [aka: the last 100 records added, from the database]
- Record id:

Assign an image:

To upload an image, choose the Media type **Video**

Choose **Thumb & Regular** from the drop-down list in Category

Then click on **add file** and choose the image you wish to represent the video

Once you have chosen the image – click on **Start Upload**

Main Menu >> Add Record

Add Record

Title Bob Brown Interview: All about Salt

Templates [Select one of the options below]

Media type Image Text Video Object Audio Publication Genealogical Resource
 Newspaper Place Ship

Category Thumb+Regular

Label

Image resize Yes No

Split PDF Yes No

Select File

After the image has loaded – click on the **Continue** button to access the **file/tech** data screen where you will upload your video.

Main Menu >> Add Record

Add Record

Title: Bob Brown Interview: All about Salt

Templates: [Select one of the options below]

Media type: Image Text Video Object Audio Publication Genealogical Newspaper Place Ship

Category: Thumb+Regular

Label: [Empty field]

Image resize: Yes No

Split PDF: Yes No

Continue ...

Select File

BobBrownScreenshot.jpg 34.60 KB

Note: The “Hero shot” now appears on the right side of the record. This will be the visual representation of the video on the public site and in search results

STEP 4: VIDEO TRANSCRIPTIONS

To make your record and site meet accessibility requirements, a full transcript of the video content must be provided either as part of the public-facing record or a non-displayed full text available for screen readers and full text search.

Full text searchable transcriptions can be added for public view or as non-public text. It is advisable to add at least Clip notes (i.e. keywords, timing, chapter summaries, etc.) to the public record to guide the end user about the video content.

To add your transcription – or chapter notes – to the public side, use the transcription field on

the Description data screen.

Main Menu >> Search >>

To make your video fully accessible, enter the full transcription, chapter hits, etc., here.

The transcription will appear in the bottom of the Description screen of the public video record

For **non-public display** but to meet Accessibility requirements, add a full transcription plus a scene-by-scene description of the video content in the **Full Text** input field of the File Details Screen

EMBEDDING YOUTUBE VIDEOS

As with streaming mp4 videos, it is best practice to assign an image to represent the embedded video within the record and for all search results.

STEP 1: ADD THUMBNAIL + HERO SHOT

Following the same process for streaming videos, upload a screenshot using the Media type **Video** and category **Thumb & Regular**

Add Record

Title	Community Digitization Project

Associate another file with this record

Associate a streaming media FLV with this record (dev)

Embed video (YouTube)

Associate multiple page files with this record

In YouTube, either right click on the video or open the **share>embed** option below the video screen.

Copy the embed code

Then paste the code in the **embed code** field in VITA

Embedding An External Video

Label: Community Digitization Project

Embed code: `<iframe width="560" height="315" src="https://www.youtube.com/embed/vstK7ix8EtY" frameborder="0" allow="autoplay; encrypted-media" allowfullscreen></iframe>`

Running time: Running time is optional but if not entered yields runtime of 0:00
hh Hours 1 Minutes 09 Seconds

Submit

Embedding An External Video

Label: Community Digitization Project

Embed code: `<iframe width="560" height="315" src="https://www.youtube.com/embed/vstK7ix8EtY" frameborder="0" allow="autoplay; encrypted-media" allowfullscreen></iframe>`

Running time: Running time is optional but if not entered yields runtime of 0:00
hh Hours 1 Minutes 09 Seconds

Submit

Add a **label** for the clip, the **embed code** and the **video run time** from the YouTube display or simply use zeros and edit that run time in the chapter-level details screen in the Files area.

Click on **submit**.

STEP 3: EDITING AND REPLACING YOUTUBE FILE DETAILS

As with Mp4 videos, on the **details/edit** screen, you have the option to:

- change the video label
- change the run time
- replace the automatically generated thumbnail
- make the video public or non-public (e.g. if you want to keep a video file with the record but not publicly displayed)
- add full text transcriptions at the file level and make the chapter level transcription full text searchable by clicking "Yes" to "Index the text in this file?"

Click on the **update/edit values** button to complete the embed process and commit any changes you have made to the record.

The screenshot shows a web form for editing a video record. The form is divided into several sections, each with a 'Help' button. Red arrows point to the following elements:

- Label:** A text input field containing 'News Primer'. Below it, a note states: 'You only have 50 characters to work with for the Label.'
- Category:** A dropdown menu with 'Video' selected.
- Files:** A section containing:
 - Original File name: <https://www.youtube.com/embed/DUep4Dx1kb0>
 - Thumbnail for Video (JPG): [Test600005278551Vt.jpg](#) with a 'Replace' button.
 - A note: 'If new files have been uploaded but old files (of any size) are still appearing here, the image is probably "cached". Try opening the individual image and then SHIFT - Reload'
 - Run Time: 02:28 (148 secs.)
 - Time controls: 0 hours, 2 minutes, 28 seconds.
- Put in public display?:** Radio buttons for 'Yes' (selected) and 'No'.
- Index the text in this file?:** Radio buttons for 'Yes' (selected) and 'No'. A note below reads: 'Turn this off if you have uploaded multiple versions of the same content (say a Word .DOC as well as a PDF file), so that we only index it once. Note: one of those files will need to be indexed.'
- Full text:** A large empty text area. A note above it reads: 'To meet WCAG/AODA accessibility requirements you need to supply a transcription plus, for video, a scene-by-scene description of multimedia files.'

On the right side of the form, there is a vertical banner with a starry background. It features a logo at the top, the text 'ODW New', 'Welcom', and 'You are'.

Click on **Update Record** to return to the file/tech screen

Continue adding video chapters as required.

Click on the **Display** tab to preview the video record

Your record, with any mp4 video and embedded YouTube video, will look like this:
