

Oakville woman faces cocaine trafficking charges

An Oakville woman is among three people arrested and charged in connection with an investigation into alleged cocaine trafficking in the area.

Halton police Integrated Drug, Gun and Gang Unit officers launched an investigation this year, during which cocaine was allegedly sold to an undercover officer. Investigators from the unit arrested a suspect Thursday (June 6) and seized

86 grams of cocaine.

After searching residences in Oakville and Toronto, with the aid of the Toronto Police Guns and Gangs Unit, police also seized 100 oxycodone tablets at an Oakville home and 170 grams of cocaine and \$20,000 from a Toronto residence. The total street value of the seized cocaine and oxycodone is \$18,000.

Miriam Pedwell, 36, of Oakville, faces charges

of trafficking in a controlled substance and two counts of possession for the purpose of trafficking.

Toronto resident Chris Clark, 28, faces charges of trafficking in a controlled substance, possession for the purpose of trafficking, and proceeds of crime. Anna Perez, 26, also of Toronto, is charged with possession of a controlled substance.

Pidwell and Perez were released to appear in court at a later date, while the accused Clark was held for a June 7 bail hearing in Milton.

Halton police ask anyone with information to contact the Integrated Drug, Gun and Gang Unit at 905-825-4747, ext. 8732, Crime Stoppers at 1-800-222-TIPS (8477), online at www.haltoncrimestoppers.com, or by texting 'Tip201' with a message to 274637 (crimes).

Knife pulled in Oakville robbery

Police are investigating after the armed robbery of the 7-Eleven convenience store, 2267 Lakeshore Rd. W., which took place early morning on Friday, June 7.

At around 5 a.m., police said a man entered the store armed with a knife and demanded money from the lone employee.

A small amount of money was given to the bandit who then fled the store on foot.

The attendant was not injured during the encounter.

The suspect is described as white, 25 years of age, with a slim build.

He wore a light blue, thigh-length fleece

jacket, a blue toque with a white horizontal stripe, and a bandana over his face.

Anyone with information is asked to contact the Oakville Criminal Investigations Bureau at 905-

825-4747 ext. 2215 or Crime Stoppers at 1-800-222-TIPS (8477), through the Internet at www.haltoncrimestoppers.com or by texting 'Tip201' with your message to 274637 (crimes).

New Patients Welcome!

Our door is always open

We pride ourselves on the high quality of treatment, service and care we provide. We are always very happy to welcome new patients to our practice, and I welcome your call to schedule a new patient or emergency appointment with us! My office offers a wide range of complete modern dental care in a state of the art facility.

One area that is a focus of my practice is to help the many people suffering from advanced tooth wear and erosion. It seems

this is a problem that is increasing but it can be treated if caught before it is too late. The main issue if you feel you suffer from any form of tooth wear is protection and prevention. If your tooth wear has been diagnosed at an early stage you can concentrate on preventing further tooth wear with diet modification, protective dental appliances and some limited dental bonding to restore the small areas of attrition or erosion. If tooth wear has progressed to the point that your protective enamel has been worn away and you have exposed your inner dentin you will likely need a more comprehensive solution.

The pictures included are an example of a patient with severe attrition, erosion and bite collapse that I solved with a full mouth rehabilitation using porcelain restorations.

Before

After

If you suffer from tooth wear or other advanced dental problems, I would like to invite you to call my office to arrange a personal consultation appointment.
