Leith Dubeau, four, enjoys a scoop of ice cream during the annual Ice Cream with Alan and Ralph, hosted by Ward 1 Town and Regional Councillor Alan Johnston and veteran Ward 1 Town Councillor Ralph Robinson. The annual family get-together has been held at Bronte Heritage Park for nine years.

School bus info is on the web

Parents have an opportunity to find out if their child is eligible for the school bus or if there are any delays or cancellations on a particular day.

Halton Student Transportation Services (HSTS), which provides transportation to students in Halton's public and Catholic school boards, is inviting parents to check out its website, www.haltonbus.ca.

On this website, parents can learn if their child is eligible for transportation. Children from Junior Kindergarten to Grade 8 must live more than 1.6 kilometres from school and high school students must live

more than 4 km from the school to receive transportation. A student's distance from home to the bus stop may be up to 0.8 km if they're in elementary school and up to 1.6 km if they attend high school. Students in French Immersion are provided transportation from their designated home school.

The website also offers parents with information, such as their child's transportation schedule, delays and cancellations, and e-mail notifications when a child's bus route is running late and the length of the delay.

Transportation schedules for September will be available the week of Aug. 19.
