Jim Walker of the Erin Mills Model Railroad Association is at the controls; left, a train comes down the track set up of Bill Hill's Lakeside Marketeria in Bronte, and below, a train passes through a mountain pass near a farm.

## Model trains on track in Bronte

By Wilma Blokhuis  
BEAVER FOCUS EDITOR

A very scenic miniature railway has taken shape in Bronte.

It is taking up almost half of the space at Bill Hill's Lakeside Marketeria at 35 Bronte Rd.

"My grandfather was a train buff," said Suzy Pallo, Hill's granddaughter who operates Bill Hill's Ice Cream Shoppe in the other half of the building.

The late Bill and Donna Hill operated Lakeside Marketeria for more than 50 years before their deaths three months apart three years ago.
