As the largest Canadian-owned pharmaceutical company with over 3,000 employees

in the Apotex Group, Apotex has a strong commitment to create an integrated industry

that develops, researches, manufactures and distributes close to 200 quality medicines

to the global market. Apotex is also planning to spend close to \$1 billion on research and

development over the next 10 years. Due to our ongoing growth, we presently have

the following career opportunities available in various areas of our business for dedicated

individuals like you, who want to share our vision and growth. Each of these positions requires

Production Technicians

shift-work including weekends and the potential for overtime.

In these opportunities, you will manufacture drug products according to customer and company requirements. This will include setting up, operating and cleaning production equipment, documenting/recording relevant information and performing testing in accordance with GMPs and SOPs. A team player adept at meeting deadlines, solving technical problems, and completing work accurately will do well in this challenging role. You must demonstrate manual dexterity, and excellent communication and mathematical skills. A post-secondary education in Pharmaceutical Technology would be considered an asset.

Packaging Operator

Performing packaging operations using automatic equipment will be your focus in this opportunity. You possess a grade 12 diploma or equivalent, excellent English written and verbal communication skills, and strong mathematical skills. Experience in a packaging environment is an asset.

Maintenance Mechanic

Join our Production Maintenance Department in performing the functions necessary to maintain, troubleshoot, repair, install and rebuild production and associated machinery. A proactive, self-motivated communicator with good organizational and planning skills, you have what it takes to succeed in this role. Your credentials include a grade 12 education, a trade certificate or relevant post-secondary diploma, 5 years of millwright or electromechanical experience in the food or pharmaceutical industry and an in-depth knowledge of mechanics and machine shop practices, electrical, hydraulics and pneumatics, and good manufacturing practices requirements related to pharmaceuticals. A background working with PLCs and the ability to read motor-control schematics are essential, as is a willingness to participate in skill-enhancement programs. You must be licensed and experienced in millwright, machinist, tool and die, electro-mechanical controls or machine fitter. This position requires working shifts, including weekends. Tablet-press and encapsulation experience is an asset.

Logistics Troubleshooter

Apply your skills and expertise in our Materials Management Department by providing material-handling services in our manufacturing facility. You must have a grade 12 diploma, PC proficiency, basic knowledge of computer operations, the ability to lift 50 lbs and excellent communication skills. This position requires working alternate shifts, and overtime when needed. Familiarity with automated conveyor systems and knowledge of material handling are assets, as is being trained to operate automated guided vehicles, and a reach truck and walkie

We offer a competitive salary and an excellent benefits package. If you possess excellent communication and interpersonal skills and thrive in a team-oriented environment, please forward your resume, quoting the appropriate Job Title, in confidence, to: Senior Recruiter, Apotex Inc., 150 Signet Drive, Weston, Ontario, M9L 1T9. Fax: (416) 401-3828.

To find out more about these or other opportunities, please visit our Web site at: www.apotex.com. No phone calls, please. Principals only, please. Only candidates under consideration will be contacted. We are an equal opportunity employer and offer a smoke-free environment.

THE BUSINESS OF

"Industry Week Magazine.....

One of the 100 Best Managed Companies, last 5 Years" Come build with us!!!

We provide a clean/ safe, personal development oriented work environment. Your first step to future opportunities with an Automotive supplier Company. Through "Exceeding Our Customer Expectations", you will work providing Production Assembly for Two North American Premier Automotive Manufacturers.
