## Abbozzo Gallery hosts 'The Art of Collecting' series

Abbozzo Gallery is offering a three-evening lecture series for those who wish to know more about fine art.

The lectures will deal with such topics as the difference between an original print and a reproduction, colour and composition and how to start an art collection or add to one.

The evenings are designed to appeal to the beginning collector as well as the more experienced one who would enjoy spending an evening listening to the insight of experienced artists and consultants.

Speakers will include renowned Canadian printmaker

David Blackwood, Mississauga artist of the year, Lila Lewis Irving, and

During the final evening Scott Merwin, wine consultant with Lifford Wine Agency will discuss the steps to building a wine collection.

Held in the gallery's intimate setting at 179 Lakeshore Rd. E., the series will begin on Tuesday, Oct. 19th.

For more details, call 844-4481.
