

At last, a retirement community for people not interested in "retiring"

If you're ready to enjoy the good things in life, then you're ready for Pine Meadows. It's a retirement community unlike any you've ever seen. For openers, Pine Meadows offers the lifestyle you've always dreamed of: clean air, wide-open spaces, companionship and lots to do.

The homes at Pine Meadows are very special. Sited on 60' and 70' lots overlooking mature stands of pines beside Lake Belwood, these homes are constructed by an R-2000 builder. This means you'll save significantly on heating costs, while you enjoy a superior hand-made home.

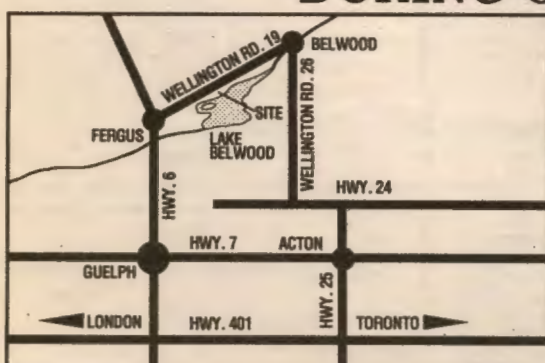

The community will feature a recreation centre that will

be the envy of most other communities. The centre will offer indoor heated swimming pool, a health spa, games and party rooms, lounge, billiard parlor, workshop, ceramics and crafts studios, tennis courts, shuffleboard and horseshoe court, as well as residents' garden plots complete with greenhouse!

Pine Meadows is only minutes from the Fairview Golf course. The town of Fergus is five minutes away to meet all your shopping, banking, dining, entertainment and health care needs.

If you're not the "retiring" type, you'll enjoy all life has to offer at Pine Meadows.
