## Sabbath School Festival,

(Communicated.)

On Wednesday, Oct. 30, the Sabbath School Festival in connexion with the Wesleyan Methodist Church, in the rising village of Buttonville, 4th Con. Markham, Wesleyan Methodist Church, in the rising viltage of Buttonville, 4th Con. Markham, was held according to announcement. Although the weather was rather unfavorable, nevertheless, a very large number assembled at the hour appointed. A very pleasing feature in the affair, (although to some rather new), but, in every way commendable, and which added very much to the interest of the occasion, was the atendance of two neithboring Sabbath the interest of two neighboring Sabbath Schools by institution, all of which met a mile south of the village, and formed a very imposing procession; each school with their banners waving, marched in delightful order to the church. If one might be allowed to give an opinion, which, no doubt, will accord with the sentiments of the large and very respectable company pre-sent, that the occasion was far in advance of any of the kind ever held in they lace before.

The eatables, which were of the very best quality, reflected great credit of the mechanical skill of the ladies' in connec-tion with the church, and the ample justice hone by those who partook of the superb none by those who partoos of the super-providence, was an unmistakable proof thereof And, now, to give suitable praise to the performance of the children is suarcely possible, which was a complete success, and reflected great credit on the UN Sunday morning last, the rest-dents of our usually quiet village were startled by a report that an old but sadly reduced inhabitant, named William Hutton, had met Superintendants, Officers, and Teachers.
