OF THE  
**SCOTTISH AMERICAN JOURNAL**  
 A FIRST-CLASS FAMILY NEWSPAPER,  
 DEVOTED TO THE INTERESTS  
 OF SCOTSMEN IN AMERICA,  
 AND TO THE DISSEMINATION  
 OF SCOTTISH LITERATURE AND NEWS.

# FIFTH YEAR.

On January 3, 1862, will be commenced a new volume (V) of the **SCOTTISH AMERICAN JOURNAL**, and in future the numbers issued between the first and last days of each year will constitute a complete volume, of convenient size for binding, and each number will contain a most entertaining and instructive repository of reading matter, calculated to interest all readers of British origin. The **SCOTTISH AMERICAN JOURNAL**, though decidedly international in its constant efforts to promote peace and prosperity between the people of Great Britain and America, is yet emphatically Scottish in its contents, records of all events occurring in Scotland that can be regarded of the least interest to natives of that country residing in America, and to this "news from home" is added, weekly, a summary of general intelligence from England, Ireland, and other parts of the world. A distinguishing feature of the "Scottish American Journal" is its regular publication—*perpetuum literarium*—of the "leading articles" of the prominent British newspapers and other periodicals upon the most important topics of the day. This feature, of a unique and kind, has been found very acceptable to the people of British North America, as it supplies a long-needed desideratum in the Provinces. In reference to the "editorials" of the **SCOTTISH AMERICAN JOURNAL**, it is a significant fact that the British press frequently acknowledges their intrinsic truth and force by copiously extracting from our columns and declaring that the **SCOTTISH AMERICAN JOURNAL** is the most able and interesting publication in America. A concise weekly summary is also given of the principal items of American news, and a similar narrative of events transpiring in the various British Provinces, containing feature applying a deficiency which was felt in several of the Provinces of intelligence as to what was transpiring in other parts of the British possessions. In the forthcoming volume of the "Scottish American Journal" increased space will be devoted to the literary department in the publication of SERIAL TALKS and SKETCHES, vividly illustrating the customs, habits, sentiments and general characteristics of the people of Scotland; each tale emanating from the pen of an author of celebrity. As heretofore, particular care will be exercised in the choice of ORIGINAL POETRY, composed by writers of acknowledged genius and purity of thought, issued here or abroad. The first number of the new volume will contain the commencement of a deeply interesting tale, entitled  
**"THE LIEUTENANT AND HIS SON."**  
 This tale will prove to be one of the most interesting ever published, and will be appreciated by all classes of readers.
