They will convey a wide and good knowledge of the leading events of the time, and the rapidly written news, and the speculations, and the flying rumors of the daily press, and the ponderous T. A. of the future historian, written after the living interest and excitement of the great political events of the time shall have passed away. It is to these Periodicals that readers must look for the only really intelligible and reliable history of current events, and such, in addition to their well-earned literary, scientific, and theological character, as urge them upon the consideration of the reading public.  
**EARLY COPIES.**  
To a receipt of Advance Sheets from the British publishers gives additional value to these Periodicals, inasmuch as they can now be placed in the hands of subscribers about as soon as the original editions.
