

Lumbago's Misery Ceases, Every Aching Muscle Cured

JUST RUB ON OLD-TIME "NERVINE."

Not necessary to drug inside!
That awful stiffness that makes you yelp worse than a kicked dog will be cured—cured for a certainty, and quickly, too, if you just rub on Nervine.

Rub Nervine right into the sore spot, rub lots of it over those tortured muscles, do this and the pain will go. You see Nervine is thin, not oily. Therefore it sinks in, it penetrates through the tissues, it gets right to those stiff, sore muscles and irritated nerves that make you dance with pain.

You'll get almost instant relief from muscle soreness, stiffness, aching joints, lameness or rheumatism by rubbing with Nervine. It's a soothing liniment, and doesn't blister, doesn't burn or even stain the skin.

It's the most harmless cure in the world for Lumbago, Back Strain or Sciatica. It takes away the ache at once and ends your misery quickly.

Now quit complaining—don't suffer another day—Nervine, that good, soothing old-time liniment will limber you up mighty quick. Get busy today, the large 50c. family size bottle is the most economical, of course, the trial size costs but 25c. Any dealer anywhere can supply Nervine.

OUR FRIENDS IN HEAVEN.

Will the family in Heaven
Be to each other known?
Is the hope in Scripture given?
Is the revelation shown?
Will the brother meet with brother?
And feel each other's love?
Will they recognize each other
In that happy home above?

Yes, for the pleasing story—
In Gods own book is given—
We'll join the saints in glory—
We'll know our friends in Heaven.
Here memory is dim sighted,
And friendships pass away,
But there, by Heaven lighted,
In that eternal day,
We'll know both past and present,
Yea, know as we are known,
And meet our friends—how pleasant!
And sing before the throne.

And then,—O, what enjoyment,—
To meet with those we love
And join the sweet employment
Of holy saints above.
Methinks I hear the voices
Of friends who've gone before,
And my longing heart rejoices,
To meet them on the shore.
And I know those friends shall meet
me,
For they long to see me come,
And then, O, how they'll greet me.
With shouts of "Welcome home."

LEARNING THINGS

We Are All In the Apprentice Class.

When a simple change of diet brings back health and happiness the story is briefly told. A lady writes:

"After being afflicted for years with nervousness and heart trouble I received a shock four years ago that left me in such a condition that my life was despaired of.

"I got no relief from doctors nor from the numberless heart and nerve remedies I tried, because I didn't know that coffee was daily putting me back more than the doctors could put me ahead." (Tea, also, is harmful, because it contains the same poisonous drug, caffeine, found in coffee.)

"Finally at the suggestion of a friend I left off coffee and began the use of Postum, and against my expectations I gradually improved in health until for the past 6 or 8 months I have been entirely free from nervousness and those terrible sinking, weakening spells of heart trouble.

"My troubles all came from the use of coffee, which I had drunk from childhood, and yet they disappeared when I quit coffee and took up the use of Postum." Name given by Canadian Postum Co., Windsor, Ont.

Many people marvel at the effects of leaving off tea and coffee and drinking Postum, but there is nothing marvelous about it—only common sense.

Tea and coffee are destroyers—Postum is a builder. That's the reason.

Look in pkgs. for the famous little book, "The Road to Wellville."

Postum comes in two forms: Regular Postum—must be well boiled. 15c and 25c packages.

Instant Postum—is a soluble powder. A teaspoonful dissolves quickly in a cup of hot water and, with cream and sugar, makes a delicious beverage instantly. 30c and 50c tins.

The cost per cup of both kinds is about the same.

When a Woman Suffers With Chronic Backache

There is Trouble Ahead.

Constantly on their feet, attending to the wants of a large and exacting family, women often break down with nervous exhaustion.

In the stores, factories, and on a farm are weak, ailing women, dragged down with torturing backache and bearing down pains.

Such suffering isn't natural, but it's dangerous, because due to diseased kidneys.

The dizziness, insomnia, deranged menses and other symptoms of kidney complaint can't cure themselves, they require the assistance of Dr. Hamilton's Pills which go direct to the seat of the trouble.

To give vitality and power to the kidneys, to lend aid to the bladder and liver, to free the blood of poisons, probably there is no remedy so successful as Dr. Hamilton's Pills. For all womanly irregularities their merit is well known.

Because of their mild, soothing, and healing effect, Dr. Hamilton's Pills are safe, and are recommended for girls and women of all ages. 25 cents per box at all dealers. Refuse any substitute for Dr. Hamilton's Pills of Mandrake and Butternut.

GERMAN MILITARISM CAUSE.

It Is to End It That Britain Must Make Sacrifices.

In a letter which was read at a meeting of his constituents in Berwick, Scotland, Sir Edward Grey, Minister of Foreign Affairs, made the following report on the war situation:

"When our sincere and strenuous efforts to prevent a European war failed, we would gladly have stood aside had it been possible, but we were bound to make the observation of Belgian neutrality one of the conditions of our own neutrality. The German Government asked us to waive that condition and condone the violation of a solemn treaty. There could be but one honorable answer to such a request. Had we sat still and ignored Belgium's appeal we should indeed have been detested by our friends and despised by our enemies.

"The progress of the war has revealed what a terrible, immoral thing German militarism is. It is against German militarism that we must fight. The whole of western Europe would fall under it if Germany should be successful in this war. But if, as a result of the war, the independence and integrity of the smaller European states can be secured and western Europe liberated from the menace of German militarism and the German people itself freed from militarism—for it is not the German people but Prussian militarism which has driven Germany and Europe into war—if that militarism can be overcome, then indeed there will be a brighter, freer day for Europe which will compensate us for the awful sacrifices which war entails."

Sufficient Reason.

"Why don't you brush your hair?" asked the man of the boy with the frowzy head.

"Ain't got no brush."

"Why don't you use your father's brush?"

"He ain't got no brush."

"No brush? Why hasn't he a brush?"

"Ain't got no hair."

PIMPLES NEARLY COVERED FACE

Especially on Forehead and Chin.
Ashamed to Go Out. Cuticura
Soap and Ointment Cured in
Month and a Half.

McMillan St., Oil City, Ont.—"My face was nearly covered with pimples, especially on my forehead and chin. The trouble began with pimples and blackheads and there were times I felt ashamed to go out. They were little red lumps and then festered and I squeezed the matter out.

"I rubbed on different remedies, Salve and Cream but they did no good. Then I saw the advertisement of Cuticura Soap and Ointment and sent for a sample. I got it and began using them and in a week's time I noticed a change. I used the sample of Cuticura Soap and Ointment and one box of Cuticura Ointment from the drug store with the Cuticura Soap. In a month and a half the pimples and blackheads were gone and I am completely cured."

(Signed) Miss Lydia McIlwain, May 23, '13.
A generation of mothers has found no soap so well suited for cleansing and purifying the skin and hair of infants and children as Cuticura Soap. Its absolute purity and refreshing fragrance alone are enough to recommend it above ordinary skin soaps, but there are added to these qualities delicate yet effective emollient properties, derived from Cuticura Ointment, which render it most valuable in overcoming a tendency to distressing eruptions and promoting a normal condition of skin and hair health. A single cake of Cuticura Soap and box of Cuticura Ointment are often sufficient when all else has failed. Sold by druggists and dealers everywhere. Liberal sample of each mailed free, with 32-p. Skin Book. Address post-card Potter Drug & Chem. Corp., Dept. D, Boston, U. S. A.

HOW LONG WILL WAR LAST?

Long Dragging War Sheer Disaster
for Germany.

The question how long this great war is likely to last interests every soul in Europe, but it is astonishing to see how wide apart are the different estimates. From three weeks to three years have been suggested as the probable duration of the contest, with every variety of intermediate estimate, and it is evident that few people have given the matter much serious thought, says the London Times.

We are quite accustomed to dragging wars which go on for years. We are generally unready for war, and in our colonial wars it does not usually matter whether we strike soon or late. The enemy, as a rule, is not in a position to make us pay very heavily for unreadiness so we take our time to muddle through.

But this war, this whirlpool of wars, in which we are suddenly engulfed, stands in a different category altogether. We must regard it from the German point of view because Germany has been the aggressor and will be the pacemaker. For Germany a long, dragging war is sheer disaster. Her position between two great and hostile military states, the closing of the sea and the paralysis of her whole maritime industries together with the dangers which her over-seas colonies will incur, absolutely prohibit any German from thinking of a dragging war.

In the United States for the same week 760 patents were issued, 15 of which were granted to Canadian Inventors.

A Hint.

A minister, during his discourse one Sunday morning, said: "In each blade of grass there is a sermon." The following day one of his flock discovered the good man pushing a lawnmower about his garden, and paused to say: "Well, parson, I'm glad to see you cutting your sermons short."

Took Forty Years to Make.

A patchwork quilt which has taken 40 years to make is one of the exhibits of the London Adult School Union at the Memorial Buildings, London. The quilt was made by Mrs. W. Newman, of Greenwich, and is composed of 4,200 separate pieces of vari-colored cloth. Each piece is octagonal in shape, and less than an inch in diameter, and 2,000 yards of cotton were used in sewing them together.
