FUEL costs money. The amount and quality of heat your furnace gives you in return for the fuel consumed measure your profit or loss. The Gilson "Magic" will give you 100% value in heat from the fuel consumed, and show a profit of 30 to 40% in fuel saved—**CUT 1/3 OFF YOUR FUEL BILL!**

The Gilson "Magic" is absolutely different to old-style cast-iron furnaces. It is made of Tacon steel plate. All seams are electrically welded. It is positively gas, smoke and dust proof. Patented breather holes in firepot consume all the valuable heat-producing gases that in other furnaces pass up the chimney wasting your money. Conical grates cause fire to burn from the firepot walls to the centre. Fuel is all consumed. None goes to the ashpit. Saves you money.

If you want to get 100% value from your fuel, write today for free illustrated booklet "The Supremacy of Steel." Ask about our easy time-payment plan.

Gilson Heat Wave
Ideal for small homes, offices, stores, schools, etc. Looks like a piece of furniture. Built of steel. Beautiful ornamental finish. Draws cold air from floor—circulates warm air. Big fuel saving.

Gilson All Cast Furnaces!
A big over-sized furnace at a record low price! We install quickly at small cost with money-back guarantee of quality from manufacturer. Pipe or pipeless models on easy terms.
