Coming into action against Japan, Carey-Leigh Thomas who was hitting seventh, was coming off a big game in what was a 9-2 win against Netherlands where she contributed with a hit and two runs scored to spark the offence.

During the opening game, Thomas also came

through with a clutch hit and run scored as Canada got off on the right foot with a 4-3 win against China.

A special congratulations to Team Canada who also in 2010 won Bronze in Venezuela.
