THE PRESSING NEED FOR  
ROADS IN THE NORTH LAND.

The wife of one of the settlers living less than five miles from Timmins has not been in town since February last, the reason being the condition of the roads, or rather the condition of the lack of roads. A nine-year-old lad in the family has been attending school at Timmins, in and out each day, and it speaks well for his pluck that his attendance has been so regular. Day after day during the cold spring weather, the lad had to take off his boots and stockings and carry them slung over his shoulder, while he waded through icy water and mud along the track where the road should be. No doubt the lad will value his education because of the price that must be paid to secure it—the price of hardship and discomforts build up the hardy type of manhood. But those who enjoy comfort and ease in homes and highways built from the resources of this Province are under responsibilities that they can not evade. Unless they play fair with the pioneers they too must pay the price.

The case referred to above is but one of hundreds—of thousands—in this North Land. In the winter time passable roads are possible, but in the spring, summer and fall every section is handicapped by the lack of roads. For five years and more thousands of settlers along the Transcontinental Railway line have been forced during all but a few winter months to pack on their backs whatever had to be carried in or out to meet their needs. Probably the settlers along the Transcontinental have suffered the greater hardships, but in every section of this North Land, the settlers have been handicapped and injured by the lack of roads. If this country is to prosper and progress, attention and assistance must be given to the settlers. Every problem of the North Land goes back to the one problem of Roads. This problem of Roads must be faced for the country's good. For years now it has been neglected. The Government

should either face it fairly, looking at it in terms of millions of dollars, or else admit that it is beyond the ability of the Province. The settlement of this country is well worth millions of dollars. Millions spent on roads will return to the Province in progress and new business. The country has had courage enough to speak in millions for highways in Old Ontario, in millions for power facilities for manufacturers and light for old-settled communities, in millions for education. The one great problem of the North Land is Roads. Will the Province have the courage and the foresight and the good business sense to cease petty dealing with this problem, and think and act upon it in terms of the millions that it needs.

"No, Ikey."—Stately Journal.

A priest went into a barber shop conducted by one of his Irish parishioners to get a shave. He observed that the barber was suffering from a recent celebration, but decided to take a chance. In a few moments the barber's razor had nicked the father's cheek.

"There, Pat, you have cut me," said the priest, as he raised his hand and carressed the wound.

"Yis, y'r riv'rance," answered the barber.

"That shows you," continued the priest, in a tone of censure, "what the use of liquor will do."

"Yis, y'r riv'rance," replied the barber humbly, "it makes the shkin tender."

PRETTY WEDDING AT THE  
PRESBYTERIAN CHURCH

Marriage on Wednesday Last of Miss Edith Greer and Mr. Lyndon T. Sparling.

A very pretty church wedding took place on Wednesday evening last, June 24th, at 7.30 o'clock, when Miss Laura Edith Greer, daughter of Mr. and Mrs. M. Greer, and Mr. Lyndon T. Sparling, were united in marriage by Rev. J. D. Parks, B.A., B.D.

The church was beautifully decorated with flowers and sprays of green boughs. There was an unusually large attendance of relatives and friends for the occasion, the church being filled. The bride entering the church on the arm of her father, looked charming in a beautiful dress of white brocade silk, trimmed with flat crepe and pearls. She carried a bouquet of roses and lilies-of-the-valley. Miss Nellie Pugsley was the bridesmaid, and was charmingly dressed in a pale peach silk gown, with white picture hat, and carrying a bouquet of carnations and sweet peas. Mr. Denham Greer, brother of the bride, supported the groom. The ushers were Messrs C. Severt and V. Reynolds.

As the bridal party entered the church, Mrs. J. D. Parks played Mendelssohn's Wedding March. While the signing of the register was being carried out, Miss Wilson gave a beautiful rendition of the solo, "All Joy be Thine," the sweetly rendered solo adding to the effectiveness of the simple but impressive ceremony.

Immediately after the ceremony there was a reception at the home of the bride's parents, 38 Fourth Avenue. Here a large number of the relatives and friends of the contracting parties had a delightful social evening, as guests of Mr. and Mrs. M. Greer, who were assisted in their extension of hospitality by Miss Wilson, Miss Jackson and Messrs Severt and Reynolds. Hosts of good wishes were extended to the bride and groom. The wedding supper was a bounteous one and the many guests found the evening a very pleasant one indeed.

The esteem in which the bride and groom are held was evidenced by the unusually large array of beautiful and costly presents. Among the presents were several handsome cheques, as well as a large number of costly gifts of silverware. The Presbyterian church choir presented the bride with a beautiful set of sterling silver, orange spoons and pie fork. From the El Shadi Bible Class there came a handsome casserole. In Church and Sunday School circles the bride has given very generous and helpful service, and she will be much missed.

On Thursday morning, Mr. and Mrs. Sparling left for their new home in Detroit, Mich., where Mr. Sparling

holds a responsible position in a large manufacturing plant. The young couple were given a farewell send-off at the station here, a large number of friends gathering to shower them with confetti and good wishes. The bride's going away gown was of flat crepe of the new tan shade.

Among the guests from a distance attending the wedding were Mr. and Mrs. J. Knox, of Massey, Ont., uncle and aunt of the bride.

Innumerable friends of the young couple will join in sincerely wishing Mr. and Mrs. Lyndon Sparling the very best that life can give in prosperity and happiness.

CURLING RINK TO BE  
BUILT AT IROQUOIS FALLS.

(From the Broke Hustler)

There was a great deal of satisfaction among the curlers of the town yesterday when word went around that the Company had decided to build a three-sheet curling rink, work to be begun immediately. The rink, instead of being built against the present skating rink, will be on the road opposite the front door of the skating rink. The three sheets will make it possible to play nine games each evening, three on each sheet, which will give seventy-two men an opportunity for a good game. In addition the rink, when once in shape, will be open in the afternoons for those whose shifts do not permit them to play in the evening. In this way the rink will be in use from 1 p.m. to 11 p.m., practically every week day.

The curling season last year, though short, was very successful. As soon as the season closed men signified their intention of joining the club, and there are now 135 names on the list. The probability is that these will run to 150.

## All Set For the Calgary Stampede

1. Cowboys in the Parade. 2. "Bucking Sally." 3. Cowboys in the making. 4. The old coach resurrected. 5. Hoot Gibson and Sgt. Kendall, late of the R.C.M.P. 6. The Old Chief. 7. Roy Hutchison does his stuff. 8. "Coyote" Frank gets dumped. 9. The Covered Wagon.

The Jubilee Historical Pageant and Stampede commemorating the 50th anniversary of the coming of the Mounted Police to Calgary and the birth of the city will be the centre of attraction of the West for all Canada, and commences July 6, 1925, at 7 p.m. It will furnish the chance of a lifetime for tourists to see something entirely out of the ordinary from the usual trip to the West and the Mountains. Among the attractions there will be Hoot Gibson, the well-known movie cow-

boy star, who will be making special motion pictures of the celebrations, and who will be supported by fifty of a staff from California. In the Historical Pageant some 18 to 20 floats will be used representing different periods in the history of the West and Calgary's development. The plan for the Pageant involves the representation of twenty episodes, which show in colorful detail the history of the West before and after the coming of the white man. There will be the pre-civilization

Indian period, then the coming of the Explorers, Fur Traders and Adventurers of the 18th century, the arrival of the Catholic Fathers, the lawless period of the first settlers, the coming of the mounted Police, the Riel Rebellion, the coming of the railway, the intensive development of the West, the Great War call to arms, and finally Calgary and the West as they are to-day, the Granary of the World. The high lights of the Stampede will be the individual exhibitions of

buck-jumping by the best cowboy riders of the West who will gather from far and near to the celebration. Somewhere around 1,500 horses will be used in the Grand Parade, which is estimated will be about five miles long. Universal Film Company are making a rousing Western feature out of the Show and will aim at producing a Canadian "Covered Wagon" from the spectacle. The Stampede will undoubtedly be the high light of the West and will surely stand as a great record of achievement for many years to come.
