JIMMY JAMIESON GOING TO KIRKLAND LAKE NOW

The Haileyburian last week has the following in regard to E. N. Jamieson, who was in charge of the South Porcupine hockey team a couple of years ago:—

"E. N. (Jimmy) Jamieson has accepted a position in Kirkland Lake and will be lost to Haileybury in next season's hockey campaign. "Jimmy" had a lot of hard luck with the local squad last winter, with sickness and injuries making it impossible to put his strongest team on the ice at any time after the second scheduled game. We hope he has better fortune with the Kirkland Lakers next season."

REV. P. I. DAVIDGE, OF CARTIER CALLED TO KAPUSKASING

At the ninth regular meeting of the Sudbury Presbytery of the United Church in Canada, held last week at Massey, a call was received by the presbytery from Kapuskasing to the Rev. P. I. Davidge, of Cartier. The call was approved by the presbytery. Rev. Mr. Farmer, who has retired from the active work of the ministry, has been kindly filling the place at Kapuskasing church pending the approval of a call to a minister to take the position permanently.

THE "BATTLE OF THE SEXES" AT GOLDFIELDS MAY 24-25

D. W. Griffiths' new picture, "The Battle of the Sexes," is to be at the Goldfields theatre on Friday and Saturday of this week, May 24th and 25th. Of this picture B. Hornby, manager of the Goldfields says:—"This picture has packed picture lovers in droves into the theatre wherever shown, regardless of sex, age and social level. D. W. Griffith, master director, has gone right to the heart of every man and woman for this stirring story of modern life. What drama! What laughter, tears, thrills and heart interest! It spells excitement right from the start. You'll see home-wrecker vs. husband; flapper vs. vampire, and lounge-lizard vs. gold-digger. They're all in "The Battle of the Sexes," which comes to the Goldfields theatre on Friday and Saturday of this week, May 24th and 25th. It is a conflict of ages as fought today. It may be your battle, your neighbour's, or your neighbour's neighbour's. It is a reflection from the mirror of life, revealing the joys and sorrows of human hearts. Sex warfare is no longer the barbaric struggle it was in the stone age. To-day it is a civilized conflict, far more deadly in its effect. "The Battle of the Sexes" is a picture for father, mother, son and daughter and one which no one can afford to miss."

MR. AND MRS. L. GROVES LEFT SATURDAY FOR SOUTH AFRICA

Mr. and Mrs. L. Groves left on Saturday last for South Africa where they will reside in future. They have been most estimable citizens during their stay here and will be greatly missed by wide circles of friends. Before leaving here Mrs. Groves was the recipient of several presentations, expressing appreciation for her services in various worthy causes. The Girl Guides presented Mrs. Groves with a beautiful gold eversharp pencil. Mrs. Groves having been the captain of the Girl Guides here and by her interest and inspiration making a helpful success of the troop in Timmins. Mrs. Groves was also presented with a silver boudoir clock by a number of her lady friends in town.

SUMMER SCHOOL AT NORTH BAY JULY 2ND TO AUGUST 6TH

Notice has been received from the Department of Education that Summer School will be conducted in North Bay again this summer, from July 2nd to August 6th. The subjects to be taught will be Middle and Upper School Mathematics and English. In all probability the school will be held in the Normal School Building. Teachers actively engaged in teaching, Normal School students and any teachers who were unable to secure positions during the past year are eligible to attend. Those wishing to attend should write the Director of Summer Courses, Department of Education Parliament Buildings, Toronto, for application blank which should be filled out and returned to him.

The North Bay Summer School established an enviable record two years ago, when the subjects taught were Mathematics and English. Ninety-five per cent. of the students attending were successful in their examinations.

Mr. F. D. Wallace, principal of the North Bay Collegiate Institute, has been appointed principal of the Summer School for this season.

INFORMATIVE ADDRESS ON LIFE IN SOUTHWEST AFRICA

Mrs. A. W. Banfield, Returned Missionary, Gives Eloquent and Illuminating Address to Kiwanis Club This Week

Mrs. A. W. Banfield, returned missionary from Southwest Africa, who was the speaker at the annual W.M.S. services at the United Church on Sunday morning, was the speaker of the day at the weekly Kiwanis Club luncheon at the Empire Hotel on Monday. The wide range of information shown and the eloquence of the speaker made the address one of the most appreciated of recent events at the club. Mrs. Banfield gave a most interesting talk on Southwest Africa, touching on the question of the many various tribes, their varied languages, and their modes of life and standards of conduct. Mrs. Banfield pictured the immense resources of the country and the way the wealth was now being developed. Many geographical details added to the information and interest of the address, the 4000 mile course of the Nile, the discoveries of Livingstone, Stanley, Mungo Park and others, being among the points of special interest touched upon. The whole talk was illustrated by coloured slides made from photographs taken by Mrs. Banfield and her husband during the years they had spent in missionary work in Africa. The members of the Kiwanis Club look upon this address as an extra special, and all will be pleased to know that in the course of the next year Mrs. Banfield is expected to pay another visit to town and has kindly agreed to again address the Kiwanis during that visit. It is likely that an evening meeting will be arranged for the occasion and a specially large attendance will be assured.

After the address of the day, Kiwanian Reg. Smith reported on the progress made in the construction of the wading pool for the youngsters at the town playground near the skating rink. Half the work of making the pool was done last Wednesday and Mr. Smith went on and completed the job. Only the water lines are now needed and volunteers were forward at Monday's meeting to be on hand to do the necessary spade work for this on Wednesday. The wading pool is 24 by 24, and nine inches deep with a fountain in the centre. The work of construction was carried out last week under the able supervision of Mr. Farley, contractor. A number of the Kiwanians were on hand and worked hard digging, wheeling cement, or whatever else they were set at. One of the outstanding workers was Mayor Geo. S. Drew, dressed in regulation overalls, and proving a whirlwind in wheeling cement. E. H. King also proved a valuable expert on the wheelbarrow. Both the mayor and his team mate were complimented as good work horses to hitch to a wheelbarrow. Mr. Farley in addition to his expert and experienced supervision kindly loaned his cement mixer for the work of the day.

At Monday's luncheon another question discussed was the matter of the District Convention, which will be held at Bigwin Inn, Muskoka, early in September. The members of the Timmins club are planning to put on a special stunt at the convention, the matter being left in the hands of Dr. Honey.

T.B.A.A. APPLICATION FORMS COMING BACK WITH A RUSH

The application forms sent out by the secretary of the Timmins Boys' Athletic Association are coming back with a rush, all filled in, and showing that the big majority of the boys of the town between the ages of 10 and 20 are anxious to sign up with the new association. About 80 per cent. of the forms given have been returned from two of the separate schools. Other forms are being returned in numbers that indicate the T.B.A.A. is to be a success so far as the boys are concerned at the start.

MAY BUILD MUNICIPAL RINK AT NORTH BAY TO SEAT 3000

First reading was given at North Bay on Monday night to a by-law sponsored by Aldermen Croghan and McKenzie calling for the erection of a municipally owned and operated hockey and skating rink at Wallace Park. The estimated cost including the removal of the present grand stand and market buildings to another part of the grounds is \$50,000. The sponsors would place the by-law before the people simultaneously with the proposition previously submitted by a syndicate who will erect a rink provided that an exemption of taxes be granted for a period of 15 years. The rink as proposed by Alderman Croghan would be available for use by the Agricultural Society and for general purposes of the community. The plans call for a building of brick and steel, with an ice surface of 185 feet by 80 feet, and a seating capacity of 3,000. If the by-law meets the approval of the people debentures will be issued to construct the rink.

To-morrow (Friday) evening the annual ball of the Timmins Fire Brigade will be held in the Masonic hall, with Tommy Stephens and his classy orchestra providing the music and the refreshments and everything else being up to the usual high standards set by the firemen. This is the fourteenth annual ball put on by the Timmins fire-fighters and all who attend will consider themselves lucky for past successes assure them of a good time.

STILL URGING INCREASE IN THE BOUNTY ON WOLVES

In an editorial note in its issue last week The Pembroke Standard-Observers says:—"In the district near the Soo the farmers are disposing of their sheep because so many of them are being killed by wolves. While the Provincial Government delays the matter of increasing the bounty the wolves keep on multiplying and the keeping of sheep in many districts is impossible. No matter what Minnesota or Quebec may do the time has come for Ontario to increase this bounty to \$40, and even then the wolves will not all be killed in a day."

Orillia now has a lady for the post of clerk and treasurer of the municipality, Miss Carrie M. Johnston being recently appointed to the position. Miss Johnston is a young woman in her thirties and has been popular and successful in business life in Orillia. Only a few municipal clerkships in the Dominion are filled by ladies.

REHEARSALS UNDER WAY FOR MUSICAL COMEDY HERE

Rehearsals are proceeding in very pleasing way for the screamingly funny 2-act musical comedy by the Legion Concert Party. The event will be produced sometime in June in the Goldfields theatre. It will prove one of the big hits of the season, and of any season, as the concert party of the Legion are all reported as simply wonderful in their parts, while the feature itself is one of the funniest productions ever staged.

Mr. E. F. Stephenson, of The New Liskeard Speaker, is visiting in Schenectady and other New York centres and as a result The Speaker is having some very interesting and readable articles on various centres and activities of N.Y. State. Last week The Speaker published a very informative article on "America's Largest Electrical Workshop,"—the C.G.E.
